Anything He Wants 4: The Rescue Sara Fawkes

She never expected her new life would be so deadly...

When Lucy Delacourt signed a contract with Jeremiah Hamilton, she had no idea she'd be caught up in an assassination plot against the billionaire. Barely surviving poisoned champagne, she is whisked away to a beachfront estate in the Hamptons that is fortified like Fort Knox. Safety comes at a price however - even as she learns more about her enigmatic boss, the billionaire's refusal to let her in on the investigation confuses the still-recovering Lucy. To compound matters, family members seek to drive them apart, straining their tenuous relationship to the breaking point. All the while, a deadly threat lurks in the background...waiting...

Iza says

Well, well, well...

I could see it coming : cliffhanger after cliffhanger, we're led to buy one small part of a book after another, and when it ends, how much will that have cost ? This must seem like a too down-to-earth observation, but hell, what started out as a free read is getting expensive !

This is not a bad story, but it could be better, I'd like to know where it leads but I think I'll wait for a more substantial book with a definite price.

Plus I'm not into flogging, though I get that in a book called "dominated by", it's likely to happen. Plus I don't really like Jeremiah, he's acting too cold.

Well, I'll wait and see.

Melanie♥ says

Twenty minutes of enjoyable reading? Well, this serialized story is getting to be more frustrating than enjoyable.

and

yet another cliffhanger ending.....

Chrissy says

So in book 4, we pick up where things finally started getting interesting in book 3 --- Temp got poisoned.

It really wasn't a surprise -- I mean, it was bound to happen, right? WHY would you drink something brought to you by a complete and utter stranger who isn't a waiter or a bar tender?

But, I guess if you let strangers sexually ravish you in public, you probably let them poison you too, right?

Anyways, Temp has been in a coma for like three or four days and we learn that she almost died. When she wakes up, she asks for CEO to ravish her again but he declines, stating that she needs to gain her strength first.

I'm thinking this is where we are supposed to start seeing CEO as noble partner rather than a predator?

We learn, only after Temp has been poisoned, that CEO has many enemies who want to kill him. I really can't imagine why -- besides the fact that, oh yeah, he manhandles strange women in elevators, limos, and generally anywhere else he can find them...

In a strange turn of events that really didn't fit into the rest of groaning and moaning, CEO whisks Temp away to "Utah Beach" which is "only one of the numerous coastlines used for the World War II Normandy invasion." Apparently Temp is a closet WW2 buff with a soft spot for history.. and wars...

Temp meet's CEO's mom, who is tired of CEO bringing his assistants/prostitutes back home, and Temp decides to finally grow a backbone and throw out a few snarky insults to Mom. Except, she doesn't even say them in English, so nobody knows what she's saying. FAIL.

CEO hides Temp away in the Hamptons while he goes out to find the attempted murderer. Here, we learn that CEO used to be a sniper and his brother is an arms dealer. Temp is horrified to learn that she talked and danced at the gala with an arms dealer -- because usually she doesn't associate with men who have no morals --- oh wait....

At the end, Temp gets snatched up by someone with "strong arms" and she struggles with him and tries to escape. If only she'd done this at the BEGINNING of the book, right?

So the arm's dealer is holding Temp captive. Cliff-hanger ending. The end.

I gave this one two stars because CEO and Temp DID finally do something besides groan and wag.

Stacy says

Just too darn short ,,, glad I was able to get it for \$.99.... well now we wait for the next 15 minutes of the book to come out... :)

Does anyone know when part 5 will be released?

Ivy says

ACTUAL THINGS HAPPENS. THERE'S TENSION.

And what the eff, somehow the EVIL OLDER BROTHER WHO WAS SUPPOSED TO INHERIT EVERYTHING'S NICKNAME IS... ..

Loki.

Seriously. Seriously. That's the best you can come up with? Jeremiah's nickname is REMI. LIKE FROM X-MEN? I forgot what his brother's actual name, oh wait there it is, Lucas.

Seriously... Loki. All I picture is Thor and Loki now. Thanks.

MORE PEOPLE SHOW UP. THEIR MOTHER! RAWR. Stuff happens. DANGER.

And no he'll not let you out of the house. Not even if you sleep with him. Several times.

Surprisingly the chapters got better as the plot actually moved and less focus on the sex.

Jen says

Well that was predictable, but exciting still :)

In this book, Lucy wakes up in the hospital. She is still a little out of it, but anxious to get back to normal.

After a few days of getting back on her feet, she is ushered off to Jeremiah's home.

Jeremiah is determined to keep her safe and find out who is responsible for the champagne. And he won't let her outside of the house. But taking off for a day or two at a time in order to follow a few leads.. but still coming back with nothing new.

Lucy is getting antsy and irritated by being cooped up for so long. She missed Jeremiah and doesn't know what to do..

Cute story! I'm anxious to find out more... I THINK there is one more...

Jasey says

Quick and easy and great read again. It turns out that Lucy has been poisoned from the wine and she is hospitalized. The poison had been meant for Jeremiah. When she is better Jeremiah moves her to his family home where he can give her the best protection possible. After there a while Lucy starts to get bored and wants to go out but he says she must stay inside where she will be safe. Meanwhile Lucy meets Jeremiah's mother, who is plastic and quick to harshly judge her. Lucy also learns more about Jeremiah from even, mainly, the fact that he was a sniper in the war. Lucy decides to sneak out of the house for a bit when the opportunity arises and heads for the boathouse to explore. Shortly after she gets out all the alarms go off and she runs to the boathouse to hide. There she is confronted by Jeremiah's brother.

5 stars

Spoiler Whore-Mommoa says

Story picks up where Lucy wakes up in hospital after what happened to her. Her and Jeremiah fly back to the States and he takes her to his Hampton home. He is pulling away from her for her safety but Lucy hates the rejection. She's become a "prisoner" until the threat is taken care of.

Of course Jeremiah can't stay away from her and they get back to the chemistry that burns between them. There's handcuffs, whips, toys and ass play. My kind of night. LOL!

Leaves off where Lucy "escapes" but someone is waiting for her...

On to the next.

Les Chroniques Aléatoires says

Plus on avance dans le récit, plus je me dis qu'on est dans Dallas ou les Feux de l'amour. Il y a une intrigue qui vous maintiens mais en force!!! C'est hallucinant!

Dans les épisodes précédents : Lucy rencontre celui qui pourrait être l'homme de sa vie et décide de travailler pour lui, exauçant ainsi les moindres désirs de son patron : le richissime Jérémiah Hamilton. Lors d'une soirée de gala, cette dernière fait la rencontre d'un membre de la famille qui n'est que Lucas Hamilton, frère aîné de Jérémiah. Il tente de jeter son dévolu sur la belle ce qui provoque la jalousie d'Any (son assistante personnelle) et de Jérémiah. Mais voilà, Lucy est mise en danger par un mystérieux tueur à gage.

Si avec ça, tu n'as pas envie de connaître la suite c'est que vraiment tu n'as pas aimé la série (sauf pour ses parties de jambes de l'air et je comprend :p). Que dire sur cette épisode? Qu'il est bien ! Ouais je sais, dis comme ça on dirais que c'est moyen et je le reconnais. On y rencontre encore de nouveau personnage (la mère des fils Hamilton) en plus de ceux qu'on connaît dans les précédents épisode.

Ce que je pourrait peut être reproché, c'est un peu le manque de ressenti sur la captivité de Lucy. J'ai connu de meilleur captive qui pétait un câble dès la première nuit loool, mais n'oublions pas que nous somme dans un petit livre donc limitons les détails! Sinon à part ça.... c'est le calme plat

On apprend un peu plus sur le passé de Jérémiah ainsi que le lien entre lui et Ethan son garde du corps et allié de toujours.

(Quoi c'est tout! t'as pas oublié quelque chose?!)

Hum.... oh! ils ont augmenté de level au lit!!! Non mais non c'est pas intéressant moi je veux du pur level!!!!

Aly is so frigging bored says

Buddy read with Maru

I am feeling a 2nd miniseries or normal length novel coming up.

Victoria says

Ok, so the series is starting to get better. We are learning a little bit more about Jeremiah, but for the most part he still remains a mystery, at least to me. I find myself getting frustrated with Lucy because she doesn't stick up for herself. She made some smart ass comments about Jeremiah's mom which made you say "Yaye, Lucy!" but then you're disappointed because she said it in french and no one knew what she said except for her.

Lucy is holed up in Jeremiah's house and she can't leave. Of course Jeremiah can't see what keeping her caged is doing to her. At least let the girl go out with a bodyguard into the city or something like he's able to do. But no, he does no such thing so she rebels. Now she's in trouble and we're left with another cliffhanger.

I shouldn't continue to read this short-story, but I find myself wanting to know how it will all end... I feel

invested in this.

Kristin says

Can't wait for the next one! I hate that they are so short, just when it got really good it was over.

Ethelrede says

Encore et encore et pleins de secrets, un frère qui
