So. Many. Typos.

Story was ok. Really needed a decent editor before being published.

Joyce Himmel says

Book Two in the Winds of Betrayal series by Jerri Hines continued on the story of our patriot spy during the Revolutionary War. This book takes her through a tormented portion of her life as love and patriotism clash just as the swords on the battlefield. Filled with romance, action and intrigue Embrace of the Enemy was a quick but enjoyable read.

Connie Huddleston says

The second in a series that I received for free. I still think that the characters need to be fleshed out and a bit more history added to make a really good book.
