This is a great addition for all fans of the Shadowhunter world. It's a must-have for your collection! The illustrations are absolutely fantastic and are so beautifully done!! Truly though, the drawings are breathtaking!! This is more of a picture book with character bio's and short summaries of character information. I am really happy that I got this :D

5/5 stars

This is one of those must-have collection books for the Shadowhunter Chronicles. It has a beautifully drawn photo of each character in every released series (though *The Last Hours* is included) and a description of the character. It is great to have in your bookshelf for some reference if needed.

Warning!

I would recommend waiting till you finish *all* the Cassandra Clare novels *before* purchasing this. There are spoilers!

These illustrations are honestly something else, they're so stunning and bring all the characters to life so beautifully! Glad I now own this gorgeous book as it was nice to flick through and see familiar faces, as well as new ones too!

I will definitely be constantly referring back to this book as I read/reread the books set in the shadowhunters universe as I feel like it will genuinely add something special to them.

5/5 ~ I am going to London tomorrow and finished my book yesterday so I had a spare night and decided to pick this one. THE ILLUSTRATIONS OMG I'm screaming!!! So beautiful? I wanted more details in the characters' "descriptions" section but it's okay like that too, you meet them while reading the series, so let's

simply have a fantastic characters book with breathtaking drawings!!

Razan says

Will is famous among Shadowhunters for his heroism and his crippling fear of ducks.

XD I love this!!!

HERMOSO.

Cassandras al cuadrado, si siguen sacando cosas así de lindas, me dejarán en la miseria.
Desde que supe iban a sacar un libro de cartas florales, supe que iba a ser mío.

Me gustó mucho porque tiene pequeños facts de cada personaje, cosas divertidas, que no supimos con los libros y mientras leía me reí en varias partes, y a eso hay que sumarle el maravilloso trabajo de Cassandra Jean. Primero las cartas del tarot, ahora las florales. Si sigue así quedaré en la pobreza.

Un libro único, con ilustraciones hermosas y como dije antes, cada personaje (incluso Presidente Miau e Iglesia) tiene facts que lo hace muy interesante porque de otra forma no nos hubiéramos enterado de ellos.

AAAAAAAH.

Estoy **maravillado** con este libro. Me esperaba algo mucho más serio y formal, pero es una guía de personajes a todo color llena de curiosidades y anécdotas. Lo que más me ha sorprendido es que Cassie le dedica incluso líneas a secundarios muy secundarios, así como nos muestra cosas que jamás pensaríamos de personajes como Valentine.

Las ilustraciones de Cassandra Jean son **PRECIOSAS**. De verdad. La elección de colores y cómo se conjugan con el resto de las páginas me parece muy acertado y le da un toque a los personajes únicos. Es como que sientes si son débiles o fuertes, si te miran a los ojos o si rehuyen tu mirada.

Me ha sorprendido mucho ya no solo la edición y el contenido que nos presenta Cassie, sino también que son como 100 personajes con nombre completo, apellidos, fecha de nacimiento y demás detalles concretos. O sea, hija, tienes una base de datos increíble.

En fin, si eres fan de Cazadores de Sombras no te lo pierdas porque hay detalles jugosos y merece mucho la pena

I LOVE THIS!

I low key cried when I got to Wills pages

Howled with laughter that Chairman Meow and Church got there own pages

Happy 100th book of the year!

pats back smugly

This book is BEAUTIFUL AND SO MUCH FUN! They have little character profiles for example:

Stephen William Herondale

Born: 1966

Species: Nephilim

Favorite weapon: Longsword

Family: Herondale, Whitelaw

"When Stephen was a child, he was fond of quilting. He had learned the skill from his grandmother, Arabella Whitelaw. Imogen Herondale did not get along with her mother. Jealous of Arabelle's closeness with her son; Imogen cruelly mocked him for the hobby. After Arabella died, Stephen gave up quilting...where anyone could see. Amatis Herondale, Stephens ex-wife, admitting to seeing him take a few stitches when he needed to unwind after a long day."

William Owen Herondale
Born: 1861
Species: Nephilim
Favorite weapon: dagger
Family: Herondale

"When Will and his Parabatai Jem Carstairs were twelve years old, they made a game of playing on the roof of the institute. They kept this pastime a secret as long as possible, until Charlotte Branwell eventually caught them at it. After that, they had to wait until Henry and Charlotte were out on institute business to continue their game.

Will is famous among Shadowhunters for his heroism and his crippling fear of ducks."

Jace Herondale
Born: 1991
Species: Nephilim
Favorite weapon: blades
Family: Herondale, Montclair, Lightwood

"Taking a page out of Clary Fray's book, Jace Herondale adopted a regular artistic practice. In between training and Institute business, Jace has turned more seriously to music, teaching himself challenging pieces and even composing original works. Despite a shared interest in music, Jace and Simon Lewis collaborated once, on a song titled "Come Back, Meow," dedicated to Magnus Bane's cat."

Can you tell I love Herondale's? ;) I definitely want one and they're too perfect haha also their personalities: Stephen secretly likes quilting, Will gets into mischief, and Jace is musically inclined and really sarcastic but gets away with it haha it's fantastic. I definitely want a Herondale....

So this book covers characters from
the following:

The Infernal Devices
The Last Hours
The Mortal Instruments
Tales from the Shadowhunter Academy
The Dark Artifices* (which I'm surprised with that)

But the drawings are those we see online and most likely Pinterest haha but they are DEFINITELY beautiful and new short background stories (as you read) on these characters and freaking love it! So this book is DEFINITELY worth your money if you love Shadowhunters!

TOTO je bolo super! Tie kresby boli nádherné! Občas som musela rozmýšľať o postavách, lebo niektoré som si ani za boha nepamätala. Ale bolo to super!

I miei complimenti vanno, questa volta, per la prima volta, alla Mondadori che ha fatto un lavoro eccellente. Cover fantastica, bellissima, colori meravigliosi, disegni perfetti.

È un libro di qualità, da collezione e si vede!

Il contenuto è un'altra storia, per me è una storia d'amore!

Le descrizioni sono divertenti e interessanti e, come sempre, Cassandra Clare dice e non dice, da indizi, gioca con il lettore così che io, adesso, IN QUESTO MOMENTO, vorrei avere tra le mani tutta la trilogia di TLH, per non parlare degli ultimi due volumi di TDA!

Ma quello che colpisce al cuore, che lascia senza fiato sono i disegni della Jean.

Belli, pieni di particolari, ho continuato a scrutarli come un falco in cerca di possibili indizi, di qualcosa che mi era sfuggito....

Questo libro è arte e l'arte è sempre meravigliosa in tutte le sue forme!
