All Eyes on Me Linsey Lanier

Nobody deserves to die that way.

In the Las Vegas desert a once famous pop singer lies dead, the only clue to her murder a bizarre disfigurement.

To avoid the hassle of a media frenzy, the local police sergeant decides to call in his old mentor **Wade Parker** to consult on the case.

After nearly dying eight months ago, **Miranda Steele** can't wait to get back to real detective work. If she can't solve this case, not only will she fail her destiny, another psycho killer might get away with murder. But Parker harbors secret reservations about their new venture together.

Especially when he suspects there might be more to this murder than meets the...eye.

All Eyes on Me is the first book in the **Miranda and Parker Mystery** series, and continues the popular **Miranda Steele** stories from bestselling author **Linsey Lanier** (the **Miranda's Rights Mystery** series). If you like an intriguing mystery with strong willed characters, you'll want to come along on **Miranda's** new adventures.

Anne says

This book was very good. I like the characters in the book I kept changing my mind who did it but when I finally found out who did it, it was a total shock. I loved it. And I also loved Parker, Maranda and O'Toole. Can't wait to read another of this authors books.

Rod says

i quite enjoyed this book plan to reed more from the series took a little while to get going

Bonnie Macdonald says

Am I The only one who was a tad confused about this being Book One? I felt as if I picked up a book in the middle of a series due to all of the references to things that happened prior to the beginning of this book.

Annemarie Groves says

Another excellent foray into the Parker/Steele investigatory adventurers. The characterisation standard has been maintained, the additional characters for this tale fitted in nicely bringing their own rough edges and traits to either gel with or clash against those of Parker-Steele. I've read many in this genre and worked out before too long the potential perpetrator and enjoyed waiting to see if I was right (almost). I'll be returning to Linsey's writings again no doubt.

Brenda Treddle says

Continue great series.

Can't get enough of Miranda and Parker.Great team for solving murders,with her almost getting killed .As soon as you think you know who did it .Wrong answer. Keeps you reading without stopping until the end

Uwe says

I don't think the police would give up a homicide investigation to a private investigator company, but it is fiction right? I also disagree with the way they collected evidence, but again, it is not a true real story. So from the beginnning to the middle of the story I found it a bit boring, but to the end it got interesting with the twist and turns

Theresa Goins says

Surprise

Another story that will make you "think" you know the outcome., But in the end .It will surprise you none the less. That is what Miranda and Parker do best.

Anita Hargreaves says

Good read

At quarter of the way through they named the killer but was a red herring so the book got better. The married detectives were a loving couple and felt I was experiencing Las Vegas with them Sadly guessed the killer early on so wasn't unexpected. Good free kindle read.

Adarsh says

Not bad. At first the book was a little boring but at the end it was pretty interesting with all the twists.

Personal Rating: 7.5/10.

Marti says

This was a rather good book, the first in a series with Miranda and Parker, taking place in Las Vegas. A famous singer named Ambrosia Dawn is killed. Who dunnit--her husband, her sister, or someone else?

Robin says

New series for me, new author. Enjoyed the book it's a detective mystry/ who done it. More interesting dur to face Parker and Steele are married. I need to get and read the next book....

Johnnie Macari donnachie says

Back to the grind

It is a goodish read. Character building could have been more detailed so that you invest more in terms main protagonists. Overall it's a bit too fluffy to make it a really good thriller and a little to simplistic for an edge of the seat whodunit

Kathleen Quinn says

Miranda and Parker score again!

These 2 characters are great together and the plots just won't quit! Their witty conversations and the mysteries themselves are excellent! So glad I discovered this author!

Kathy says

Oh what tangled webs are woven

Money. Fame. Jealousy. Family. Murder.

This book has all of them. It sure made my content with my lot in life and even my dysfunctional family.

Katy says

A husband-and-wife detective team travel to Las Vegas to investigate the murder of a popular singer.
