Mayhem: Episode Nine Nicholas Bella

"I don't think I've ever been so terrified of my future as I am right now."

With less than seventy-two hours on the clock and Xora still evading King Adriel's forces, time is running out for everyone. I don't want to think about a world overrun by demons who could care less about saving humanity. I'm doing everything in my power to track this evil thing down, but I'm not having much luck. I only hope others are having better luck than I am. On top of all that, my two mates are still adjusting to the fact that they have to share me. It's like watching two rams... well... ram the hell out of each other during mating season. That ugly. With the fate of the world literally hanging in the balance, I hope I can solve at least one of my problems where my mates are concerned. The only glimmer of hope we have is that we finally caught that Natini demon who was giving Xora inspiration to be creative with her kills. So, let's see where this can lead us.

Warning: This serial contains strong adult content not meant for sensitive eyes. The novelettes in this serial will be filled with dark, twisted, raunchy and steamy scenes between powerful, sexy men that will either offend you or get ya revved up. This series will not be pulling any punches, and it won't apologize for hurting your feelings, either. You'll find no fluff and ruffles here. These demons play hard and they fight dirty.

Another great read

I came across this series via YouTube reading the first two books in audio form and instantly fell in love with Bella's style of writing and the storyline I couldn't put it down the characters the plot that flowed easily from one book to the next made this a series a must read and reread for me .

Wow!!!!

Nicholas Bella out did himself on this one. This is one amazing book. You have everything from torture to death to out of this world sex to lessons learned and demons working together. Follow Raphael, Brian and Andre as they learn to strengthen their relationship and become a true three some. Andre got to learn some lessons the hard way.

What about Xora? Did they get her in time? You must read the book to learn the twist of events.
Mayhem is season ones finale. This is a must read.
Caution: don't read this book while eating. That's all I'll say.
Congratulations Nicholas Bella for another truly amazing book.

Well O.M.G. Nicholas Bella I didn't think I'd ever love a series as much as any of the New Haven books. Whew, the Demon Gate rocks and holds its own as dark, sexy, brutal and a must read. Amazing talent that just gets better with each book.

A pretty bad demon is on the lose and has been causing horrific mayhem through the last couple of books in this series. She continues her sacrifices in the attempt to raise a demon badder than her. Brian the others has the task of catching her before she pops the seal open.

Andre the newest of the tri-family isn't at all happy and shows it by acting like a cross between a donkey and spoiled two year old. There are things he needs to learn and adjust to and no one has a lot of time to be hand holding.

Brian is still coming in his own, but making great strides in being one of the baddest demons in Adriel's army. Gotta love Brian and how he's grown. Still I've got much love for Rafael this book just cements it more.

This book isn't a stand alone and comes with a warning label. The sex is hot and dirty, the horror is gruesome, and the language is bad. In general dark, edgy and no butterflies and rainbows. I loved it in its intensity, its dark, sexy and hot. Enjoy!

This season's final is just EPIC.

We find Brian, trying to make sure his 2 lovers can get along together, of course , between Raphael and Andre nothing is simple at first.

When their King Adriel decide to put order in this triumvirate, they have no choice but obey. Beside , they also still need to find Xora, and it's important that the 3 agotos get along together.

It was, hot, steamy, sexy and just WAOW.

I don't want to spoil the end, but i loved it, and i looking forward for season 2.

Nicholas Bella is a master , the one and only author who can write like this in his catégorie, Well, I think he's the only author in his categorie.

He hooked me, kept me up all night, and i alreday plan to read it at least twice more.

What a wonderful ending to Season 1. Adriel and his army will have their work cut out for them. Can't wait for season 2.

Andre is finally figuring out his place in this trio and I can't wait to see his dungeon. But this came to him with Raphael putting him in his place. Brian just watched and realized his power in this trifecta. These 3 are hot and steamy and very powerful together.

I can't wait to see how these three help conquer these new demons and how they will fall in love as a trifecta.

Jacq says

Enjoyable! Just plain fun!

Once again good chemistry with the MC's.

LOVE-IT!

Niumi says

"Please, can we have some more?" Omg this series was the best! I'm so hoping there's a season 2 and that it's just as good as this one. The characters are strong, likable and each one is distinct and well built. They play off each other seamlessly. The world building is amazingly deep and very intricate. The mysteries are cool without being boring or stopping to infodump unnecessary technical details. If you like a really good supernatural story with hot smex and amazing characters, I recommend you give this a spin.

Sexy ménage

4.5 orgasmic stars

Demons, blood, gore and an amazing threesome.

Raphael, Bryan and Andre are hot as hell. This finale did not disappoint. Bella delivered yet again and I can not wait for the next season of The Demon Gate.

Stacey says

Great ending to the first episode.

This series was great. Short, but packed full of dark, adventurous, sexy stuff. I will eagerly anticipate episode two. I was very happy with the addition of Andre, although he is kind of a jerk.

AGandyGirl says

What a finale to this first season and I am anxiously awaiting more in this sexy demonic world!

Now, the story continues to develop and while there were a few WTF does this mean moments, the remainder of this installment had me curling my toes with excitement. Bloody hell.

Now I have to say when Andre entered the picture I was quite intrigued but worried about how the dynamic of my dear Brian and Raphael would work now, given their new mate. And let me say...this worked UNBELIEVABLY well. These three are absolutely perfect together. The sexual relationship and dominating/submissive aspect of each one of them to the other is so amazingly developed and just flat out works. These three are explosive together and Raphael gets better and better. Phew!

Add to that, the interactions with Adriel this go around and I have to say, for a character I have despised previously...he came around some for me here. The bastard.

Now, this one could quite possibly be the most graphic of the series so far. The descriptions of some of

the crime scenes, physical torture and character attributes was eye-opening and to say that for a Bella book after nearly 30 books makes me once again bow down to the Master...because we are so not worthy. Bravo.

Fantastic BR with my fellow Bellaholic, Elsbeth.
