Transformed: The Perils of the Frog Prince Megan Morrison

Syrah Huanui is a frog. He wasn't always one--once he was a Prince of the Olive Isles, a champion launchball player, a beloved favorite of all.

Or so he thought! After accidentally (OK, intentionally) letting a love letter from the cloying Deli Gourd get published for everyone to read, his fed-up family kicks him out. And an unfortunate encounter with a Wishing Well leaves him trapped in the body of a frog, with no hope of transforming back.

A year later, Syrah finds himself in Yellow alongside who else: Deli. A sudden, deadly plague has started to run through the country, right before a crucial election for Governor. Syrah isn't sure he'll ever become himself again, or if anyone will ever realize that it's HIM in there, but he is sure he might be able to help stop whatever evil is going on...

November 17th, 2018:

OH MY GOD

OH MY GOD OH MY GOD OH MY GOD

IT HAS A COVER (WHICH I LOVE??? LOOK AT ALL THOSE BLUE AND GREEN!) AND A SYNOPSIS AND AN ACTUAL, REAL LIVE, RELEASE DATE!!!!!!!

I was beginning to think that we weren't going to get another book. I've been checking this page and the author's website for months, but I hadn't checked in a while. (I knew it was time to check again because I had a dream where I checked and there was a synopsis, only I think Jack was the frog prince haha.) I went to Megan Morrison's website first, which legit made me think that there wasn't going to be a book 3 after all, because there was nothing about it on the home page, there was nothing new about it in the books section, and her most recent blog post, in which it was said that she would post much sooner than last time (the span between that and her previous blog post was a year), was also posted over a year ago!

So, dejected but hoping against all hope, I checked the Goodreads page, and proceeded to literally scream when I saw that there was finally a cover! I am so freaking excited, you guys! I can't wait. I mean, I have been, because it's been over 2 years since book 2 and this isn't coming out until March 2019 ((sobs)). But that's only four months away, and it's still better considering that I literally thought the series had ended. I am so grateful to Megan Morrison. This has literally made my day. Maybe even week.
