Rating : 4.5 stars

My heart skipped when i thought about Anna. She was easily the most valuable thing in the house that anyone would want to take. She was the only valuable thing in the house we could not replace. My heart pounded, she should be safe there but I pressed my foot down the gas. We needed to get home, now.

POV POV POV, it's POV paradise.
*sighs with happiness

This book was so good! I kinda liked James before, but now I like him even more! I love that we see a little bit of the darkness that lurks inside him.
I love how this didn't repeat anything that we already knew from book 1, it gave us all kinds of new things to speculate about.
