The Takedown (The Hookup #2) J.S. Cooper

What happens when you make a plan for your best friend to fall in love with you?

Janie Ryan has been in love with her best friend Nate Lexington since college. Yet, he is totally clueless and unaware. So she decides to try and make him jealous by flirting with his friend Dylan on a group trip to Belize. Only things don't go as planned.

When secrets emerge that show Janie that she might never have really known the real Nate, she is left wondering what to do next. And she's also wondering why her other best friend, Anabel is acting so weird.

The Takedown is the sequel to The Hookup.

Lilian Padilla says

I received a free copy of this book by the author and am voluntarily leaving a review. I love it I am glad Nate realize that he was screwing up and could lose the love and that he finally took a step to fix this. I love that there could be another story building here between Anabel and Dylan I can't wait for their story.

Candice says

Ok so this book is good. But sometimes very confusing. It had stories inside of the story. 3 to exact. They are small and all interesting in there own ways. Nate is such a knob head. I totally get where he is coming from but he has a really bad way for showing it. Janie to me seemed to be a bit of a pushover when it came to Nate. But she loved him.

Cheryl Graham-Petit says

The Takedown (The Hookup Book 2) by J. S. Cooper is a heartfelt and emotional story that kept me on the edge of my seat. The characters and the storyline, and all the drama, jealousy, heartache, and suspense, sucked me in and had me turning the pages to see how the story would unfold.

I volunteered to review an advance reader copy of this book.

Pamela Kras says

the book is about Janie and Nate s long time friendship turning into lovers. Its a cute book not my favorite of Js cooper but it was good

Amanda says

This is the sequel to The Hookup and the conclusion to Janie and Nate's story.

Janie has been in love with Nate since college, but he only wants to be friends. He also wants to be her hookup person. Janie decides to flirt with other guys to make Nate decide that he loves her and wants a real relationship. If he doesn't step up, then she needs to move on and cut him from her life.

The story was good, but Janie could be very annoying with her ramblings about Nate and what she should or shouldn't do. Nate was a complete douchebag most of the time. As we got to see the parts of Nate that he kept hidden, he started being more likeable. Janie realizes she didn't know Nate as well as she thought. When Janie just leaves without a word, Nate finally realizes how much she really means to him. Now, he just has to

win her back

Anabel and Dylan were good supporting characters and I'd love to get their story sometime.

Samantha says

I'll be honest I skipped most of this book just to get to the end. It was a fucking train wreck.

Veronica Mostel says

Wow

Loved it. They were friends to lovers. She loved him from the start. He was afraid. He almost lost her. Great book

Jamie Leigh says

Sorry. Spoilers.

First....I am a huge fan of Ms. Cooper's. But this book did not do it for me. The heroine was indecisive and the hero. I wish I could have slapped him. & the short stories...I skipped them. Could not get into them. At. All. Sorry.

Melissa Best says

I loved the first book, The Hookup and I was so eager for this book. It was awful..no other word can describe it. There are errors when referencing characters, calling Nate..Dylan and vice versa. The writing is very juvenile sounding and the character are absolutely awful. While I appreciated their faults in book 1, this book makes them even worse. I'm at 80% and I'm not even sure I can finish.

Alicia says

Great short story. This is the second book to The Hookup.

Bich Nguyen says

I love JS Coopers books. But I felt the story lines didn't match up and the second book was very jumbled with too many short stories that took away from the book instead of helping. Too many ideas for one book.

Teri says

Little Disappointing

I am used to J.S. Coppers' books being great. Loved the Hookup but was disappointed when it stopped when and how it did. This book that I also paid for lacked big time proofreading. Nice ending but writing seemed to be all over the place. Sorry will think twice before purchasing another.

Lizzi says

A crazy journey for Nate & Janie. Deciding to go on holidays together, Janie is using Dylan to make Nate jealous so he can finally realise what he feels for her. But Anabel and Dylan have other ideas!! On OK ending for these two!!

Billy says

Quick read, but an interesting change up at thd end

Seemed a pretty straight forward book about hook ups vs relationships and the angst ridden teenage love story, but the end seemed to be a flimsy Alzheimer's reference that explained it all

Sandra says

I received this book as an ARC for an honest review.

Synopsis: Janie Ryan has been in love with her best friend Nate Lexington since college. Yet, he is totally clueless and unaware. So she decides to try and make him jealous by flirting with his friend Dylan on a group trip to Belize. Only things don't go as planned. When secrets emerge that show Janie that she might never have really known the real Nate, she is left wondering what to do next. And she's also wondering why her other best friend, Anabel is acting so weird.

The Takedown is the sequel to The Hookup.

Janie, Nate, Dylan and Anabel take a trip to Belize where Janie comes up with a plan to make Nate jealous and realize that they're meant to be together.... Well let's just say sometimes just saying things straight up is alot better then playing games....

Nate doesn't want to loss Janie again but he feels that if anything more happens he'll lose her. He doesn't get why he gets jealous, overbearing and caveman about other guys hitting on her.... he does feel something

Then there's the issue with Dylan and Anabel they're acting strange....

One night Janie has had enough confesses something and Nate says nothing.... what happens after that night read to find out

Storyline is great

Characters are developed as best as they should be for the story

Emotional roller coaster with highs, lows, love, anger, sexy moments

Book was well written
