Way of the Ninja Tracey West , Greg Farshtey

The son of a blacksmith, Kai's only dream is to master his father's craft. Until the day an army of skeleton warriors raids his villages and kidnaps his sister, Nya. Kai's only hope of rescuing his sister lies with Sensei Wu, a mysterious old man with a mission. Sensei Wu promises to teach Kai Spinjitzu. Will it be enough to save Nya?

Annemarie says

my 7 yr old reads all of these religiously, he also has a 5th grade reading level however these rank top of his favorites.

Matt says

In the early stages of the ninja preparation project, Kai is minding his own business and trying to live life as a blacksmith. When approached by Sensei Wu, Kai rebuffs him and mocks the idea of a Ninjago collective. However, as evil surrounds Ninjago City, Kai learns that he is an important part of the future of the city's safety. Accepting Sensei Wu's guidance, Kai learns how to hone his skill and make the most of what awaits him as one of the central ninja warriors. Neo likes these books and really seems to enjoy all that goes on from story to story. I can only hope this interest will continue for a period of time.

Arielle foster says

I loooooooooooooooooooooooooove the movie.??

Mary says

My son loved it. I though it was decent.

Andre says

IT WAS A GOOD BOOK.

Treyvan says

Good

Darinda says

Kai works in his father's blacksmith shop. One day, the skeleton army kidnaps his sister. Kai goes to train with Sensei Wu to become a ninja, so he can save his sister.

A level 1 reader. Good for young LEGO Ninjago fans.

midnightfaerie says

I was mostly bored, but my 5 yr old loved it. It was a little long for him so he asked me to read it to him, so I did. It was a level 3 and my 5 yr old is reading level 2 books comfortably. He could have read it, it was just more enjoyable for him to have more of an even flow to the reading so he could pay more attention to the story, which he loved. I kept having to stop to hear my son talk about the different characters. So a great book to get kids interested in reading, especially those that like Ninjago, but somewhat on the boring side for me.

Bray says

it is really good because skeletons army attack a black smiths shop and Kai was fighting the skeletons and took the sister name nya on there truck. it has dragons golden weapons and eximent and they have spinjitsu that the four can make a tornado and lord garmondon escapes the under world and save sensei Wu .

Johnny says

this book is about adventure and action kai loses his sister and tries to get her back from the skeletons and lord garmondan I GIVE THIS 4 stars

Melissa Namba says

This book is too long and in depth for the target audience. The pictures are not engaging enough for the 4-5 paragraphs per page. This one is better about using real words, which is useful for emerging readers. It ends in a cliffhanger though, as the bad guys get away with Kai's sister. Which tells you the story was too long for one book. The first place. Should have broken it up even more.

?Brittany? says

E loves the Lego Ninjago books. At every book fair he wants me to buy him more. Seeing how he's an only child & we can afford too, I do! Lucky boy! :)

Needless to say, he said he really likes this book.

Sarah Adamson says

Based on the tv series, this book explores the origins of Kai and the coming together of the 4 ninjas as we

know them. It's a book of the TV series so love that and one will love the book just like my daughter does.

Karyn says

Wow this book was bad. The writing was really choppy. There were ok attempts at humor, but the storyline did not flow well. Yes it is ninjas and Legos so it will appeal to young readers, but I did not enjoy reading it at all.

Scott says

My sons can't get enough of Ninjago. We read the Ninjago books before bed every night I know it is really just a big commercial, and Lego is just trying to get us parents to buy more \$10 a pop mini figures.
