Infinite Desire Danielle Jamie

Over the last several months, Savannah's life has been a never-ending roller coaster ride. Each time Savannah sees the light at the end of the tunnel, her world stops spinning and another obstacle is thrown in her path. Kayden has always been her rock, her constant during the most difficult months of her life. But a leaked story causes Savannah to doubt everything, including Kayden's love for her. Leaving their fate hanging in the balance, she runs back to Los Angeles hoping to heal her broken heart.

After learning the truth, Savannah sets out to correct her wrongs and win Kayden back. Will Kayden put the past behind them, and focus on the future they could have together? Or will Savannah be heartbroken and all alone again? Savannah thought their love was indestructible, but after everything they've been through, can it now be an infinite love?

Will Savannah and Kayden get their happily ever after, or will the past jeopardize their future?

Only a special kind of love can survive the trials and tribulations life tosses in your way. Is Kayden and Savannah's love strong enough to make it through the strongest of storms? Only time will tell.

What an amazing ending to this series! Seeing the ending of Kayden and Savannah's story is bitter sweet, but it was definitely the best book in the series.

After the last book I was hoping that Infinite Desire would be drama free and we would see the HEA that Savannah and Kayden deserve, but in true Savannah Series style, this book is filled with drama, and I enjoyed every single second of it!

The craziness that happened in Vegas between Savannah and Kayden really had me scared, and I wasn't sure how they were going to pull through, both of these characters are stubborn, but their love for one another is too strong to let anything get between them.

Watching Savannah and Kayden move past everything that has happened over the past few months was awesome, and I loved how strong their love for one another got throughout this book. Watching them plan for their wedding, and dealing with the aftermath of everything with Zak and the kidnapping showed how much both of these characters have grown throughout this series.

I loved watching the feisty Savannah come back and her not taking crap from anyone. I enjoyed getting some sneak peaks into what was going on in Kayden's head as well, and you can really tell how much he loves and adores Savannah.

Even on their way to their HEA there are still some things they need to over come. What happened at their engagement party had me furious along with them, but I think Kayden and Savannah both handled it better than most would have.

As much as I loved Savannah and Kayden's story, I'm sad to say goodbye to these characters. I have fallen in love with their story and these books, and am excited to see that Brooklyn has a book out now as well. I can't wait to dive into that one especially after seeing how everything played out for her and her love life.

The epilogue of this book left me with such a great feeling for all of these characters and how their lives ended up, and I can definitely say I am a huge fan of Danielle Jamie's now and can't wait to read more books from her. The Savannah Series is a MUST read and I can't recommend this whirlwind romance enough! Definitely pick this series up today, you will not regret it!

I was lucky enough to beta read this book and let me tell you it is AMAZING! It continues with the amazing story of Kayden and Savannah right where book 3 left off! This book is by far the best in the series, you will laugh, cry, feel angry and just fall even more in love with all the characters of this amazing series!

Danielle Jamie is a phenomenal writer!! Reading this book made me feel like I was right there. I laughed I

cried I was scared and happy throughout this whole book. I recommend all four of these books to anyone that wants a good read. I'm looking forward to Brooklynn's story to come out. Thank you for making me want to find my Kayden Knox!!! :) I'm so happy savannah and kayden found their happily ever after!! <3

Out of all the books that Danielle Jamie has written I have to say that this one takes the cake. This is a true love story how two people can overcome and hardships that comes their way. Things are going good with Kayden and Savannah but being in the spotlight of the tabloids put a strain on their relationship. But with love as strong as they have I think that love can conquer all. You all remember her douche of an "X" Logan and Kayden's "X" they decide to try and split up the happy couple. But they didn't understand the depth of the love that is there. When Savannah decides to show up in Las Vegas unexpected to surprise Kayden she is the one that gets surprise. You want to know what that surprise is. Then get the book and read it. You really think that I am going to spoil the book in any kind of way. Then you have lost your mind. Let's just say things get tense, and I mean really tense. But I will say that Brooklyn surprises the hell out of Savannah while they are there.

Savannah has already been proposed to by Kayden in the last book but this one you find out about all of that. Is it the dream wedding that she has always wanted? Where do they go on their honeymoon? All of these things are in the book. But I will say that this story is fantastic. Savannah does end up pregnant.

Oh crap I almost forgot. Guess who shows back up. You will never believe this, Zak. I was like WTF. That dude has some serious issues.

This book is funny at times. Danielle Jamie has some funny sayings in this book that will make you literary LOL. One of my favorites is "Whiskey makes Kayden frisky." That had me laughing for a few minutes. I give this book a 5 star review. Thank you Danielle for writing another wonderful book.

5+++++++ STARS FOR ME I was lucky enough to beta read this book and let me tell you it is
☆AMAZING☆

I have loved this series! From the start I Am a little sad it is finally over withThe first 3 books are so incredible that they made fall in love with this series but this one totally beats the first 3 books for me and it took a lot to beat as I loved the first 3

This one picks up right where book 3 ended I won't say much about this as I really don't want to spoil it for anyone but its

Will Kayden put the past behind them, and focus on the future they could have together? Or will Savannah be heartbroken and all alone again? Savannah thought their love was infinite and indestructible. After everything they've been through, how can they wade through the past and believe in their love? Will Savannah and Kayden get their happily ever after, or will the past jeopardize their future?

Only a special kind of love can survive the trials and tribulations life tosses in your way. Is Kayden and Savannah's love strong enough to make it through the strongest of storms? Only time will tell

Warning....BEFORE you start to read this book, please make sure you have a few hours free time. You will NOT want to be interrupted while you Reading,

this book has it all its a rollercoaster of a ride I laughed cried and even angry at some points I was so happy for both of them near the end (I won't tell you why don't want to spoil) but there's a double surprise that I was so happy for Kayden and Savannah I felt like I was celebrating along with them so happy and then a bit of drama and bits that were shocking to me I thought OMG no way please no your going love it :)

and the epilogue was just a great ending to this series I really can't wait for Brooklyn's book now and hopefully see more of the Knox family

Danielle Jamie is a very talented author and has created characters that are loveable guys your going love this book if you loved the first 3 if you have't read the first 3 what you waiting for

Cause you will fall in love with KAYDEN KNOX

You know the saying, Saved the best for last? Well Danielle Jamie nailed it! The continuation of Kayden & Savannah's story will have you laughing, crying, hot & bothered, & swooning. It's an adventure of love, hot sex, fun, & taking the next step towards the HEA! Their love for each other only continues to grow & throughout all the drama they realize they can get through anything, together. So keep your arms & legs in & enjoy this emotional roller coaster!

Awesome!!! absolutely awesome.
what an ending I loved this I didn't want it to end I can't wait Brooklyn and Dixon's story next year I'm sooo

glad glad Savannah n kayden got their hea and I think savannah really matured in this one and learnt to really trust kayden and the wedding was so beautiful. Danielle Jamie you've done a fantastic job I've loved the Savannah series but can't wait for your future books you're just awesome :)

Amy Zec says

I have to say I am blown away by this book! Danielle did an amazing job on it and exceeded my expectations! This book had me laughing, crying, and of course falling more in love with Kayden! I loved the whole series, but have to say this was my favorite!! I love reading how Savannah and Kayden continue to fall more and more in love! Their love shows that no matter what as long as they have each other nothing will stop them!!! Danielle did an unbelievable job with this Series and made all the waiting for this last book worth it!

Sweets Books says

This was a great end to a series! Although there were a couple of places where I thought Savannah was trying to make drama where there wasn't really any need for it.

Savannah ~ She matured a lot in this book, she went from acting like a young party goer to a mature mid twenty year old! After the whole Vegas bit, I enjoyed the story a lot more. She dealt with everything the way that caused little drama! I thought the whole wedding/honeymoon was just so Savannah and perfect for them in the end!

Kayden ~ I loved his attitude in this book! He didn't come off as the too nice guy he actually had more spine in this one. I did love the scene between him and Shayne, cause let's face it Shayne deserved it. In the end he was just your typical guy who got his HEA, and he deserved one after the whole Victor/Lulu situation!

Dixon/Brooklyn ~ I loved them in this book! Especially the whole elope situation with them! But in the end it needed to happen cause it pushed both of them to grow up and settle down!

Overall its a great book and good series I recommend!

Till next time ~ Sweets Books

Just finished the first three. How long do we have to wait for #4? Hopefully not long.....please

Eye Candy Bookstore says

Loved it! Thought it ended nicely and tied up everything with a great HEA. Kayden has yet to be topped as my #1 BB, and this book kept him in that place longer. Great book, great series. Sad it's over but loved the way it wrapped up. ♥? Kellie

Well I if I seem sad it is because I will miss The Knox family. This was by far the best book in the series. We see all of the characters grow up a lot! Gone are the nasty arguments and the tabloid cheating rumors. In place the author gave us some hot scenes and a wedding. Already invested in Kayden and Savannah being together, we move towards their future. The futures of Mya, Braxton, Dixon and Brooklyn all front and center.

Two things I liked that I am probably alone in commenting on is Envy. I was so happy that Savannah was still working. It shows that there is more to the story than just being rich and then marrying rich. The character development and growth was definitely present here. That was refreshing alone! Also for Brooklyn, she was still doing her soap opera and flying between California and Texas. For me seeing some work ethic in these two characters was important.

Then there is Reagan. He is the best friend and brother figure to Savannah. I don't want to spoil this but I need to give some props to the author. There is a significant scene where he feels like he is left out. I felt so bad for him! He felt alone realizing that Savannah was getting married and sort of wouldn't have time for him. Being still single and carefree was great for him, but he feels like he is losing a few best friends.

Then there is my other love Dixon. I really hope I am not alone saying he deserves his own book. Him and Brooklyn are so important to the story's sub character.

Lastly I loved the suspense. There are a few nail biting chapters. You are all in for a treat. I am so happy to have seen this author grow and show some serious promise. Between book 1 and 4 there was a dramatic difference in the characters and dialogue. I look forward to a lot more from her. Oh and I mentioned before I want more Dixon, his voice needs to be heard.

Must read!!! THANK Danielle Jamie, you have the ability to let your passion for this story shine in the way you write.

I was lucky enjoy or should I say honored to have read Infinite Desire before the release date, that is now 4 days away.

This was a bitter sweet read for me, I fell in love with Kayden and Savannah way back in July 2013 when I first read Irresistible Desire and now it is the end of a love story that has been I graced in my heart for the past 5 months.

The 4th addition to the Savannah series is the ultimate for me. From heartache to happiness , panty dropping passion and well who can ever get enough of Brooklyn cocky, witty month that got her into little bit of a twang.

This book covered all the basis and offered an all round amazing story.

All in all this love story is one a little girl can only dream of to one day find her Prince Charming with cowboy boots and a Stetson hat.

Danielle pls don't make up wait long for another!
