I have absolutely loved this series so far. I've managed to read 1.5 books a week, and was feeling quite disillusioned after reading a few bad books in a row.

Karin Slaughter has found a new convert here, a mad Jack Reacher & Mitch Rapp fan, Will Trent it is... He's completely different from the other guys, but she writes so well that you're completely drawn in...

Karen Slaughter Rules!

I stay up too late reading every story she has to tell. Steven King wrote in one of his novels: it's not the teller it's the tale. I think that is her gift to all. Tales that are so close to our personal lives, so much to remember and learn. The highest praise I know how to offer. Worthy tale, ma'am, Worthy tale.

Carolyn Jenke says

Siobhan says

The Will Trent books are easily some of my favourite crime reads. Slaughter creates a gripping story every time, with the books getting stronger as you move through the series (I admit, in the first book I wasn't overly bothered by Will Trent but he grew on me and in no time at all he had earned a spot as one of my favourite fictional police officers).

Each story is wonderful, and I believe every crime fan should pick up the Will Trent books.
