Journey to the Highlands Keira Montclair

Captain Robbie Grant has always had a way with the lasses, but his warrior's heart is too married to the battlefield to seek out a wife. Then Robbie saves a mysterious beauty from a Norse attacker. He knows little about Caralyn Crauford beyond that she has a damaged past and two wee daughters, but he volunteers to bring her and the lasses to a priory where they will be safe from the oncoming battle. ***The last thing he expects is for Caralyn to give him a night of unrestrained passion and then disappear. But when she does, he is determined to find her.***

After spending years under the thumb of men who cared only about her comeliness, Caralyn no longer knows who she is or why she matters. The only thing she cares about is the welfare of her daughters. But when Captain Robbie Grant enters her life, she dares to want something more. At first she's just grateful to the handsome Highlander, but his noble nature and kind heart endear her to him. ***The night they spend together only confuses her more, but Caralyn has no time to sort through her feelings because her past rears its ugly head and threatens to ruin her.***

Robbie will stop at nothing to rescue Caralyn and her lasses and bring them to the safety of the Highlands, but will Caralyn be able to heal the wounds of her past enough to let herself be loved?

One problem...

Kindle Unlimited Purchase

I have one problem with this book.... I DID NOT WANT TO PUT IT DOWN! I guess as problems go that is a great one to have with a book... Again you have the damsel in distress being saved by the all mighty Highlander... (Be still my heart) Loki is still special to my heart... What a mighty Highlander warrior he is going to be... The woman that turns his head is going to be one lucky lady...

I'm not going to give anything away about this book but one warning with this book it has a trigger... But Robbie comes to her and stops anything from happening... So a word to the wise about that part. Have to stop here.. can't hold off... I have to start the next book in the series... Think God I don't have to wait for it to come out..... If you need me you know where I'll be... In the highlands spending time with my Highlander.... only in my dreams!!

Kiesha ~ 1Cheekylass says

Characters were very likable but the story just wasn't my favorite. Heroines w/ a history of abuse are never my favorite story lines.....

Tasha says

Journey to the Highland is the first book in Keira Montclair's series Clan Grant. Back when I left a review for the first book in this series, I said to be warned that it was not a book that would appeal to everyone. I say that again here; this is a book that ventures into an area that most romance novels this day tend to stay far FAR away from. Abuse. Physical and emotional alike. If you don't like to read about it at all in your romance novels, you can stop right here and move onto another book. You will not like this book.

Jayne dArcy says

Caralyn is a young mother of two daughters who does whatever is necessary for her daughters. Capt. Robbie Grant rescues her just as she was being kidnapped in the midst of battle. It seems, though, that Caralyn's daughters might be lost even though the Captain has rescued her. Robbie finds the young girls and reunites mother and daughters... and they both lose their hearts to each other.

Ronda Stewart says

Robbie and Caralyn

This is the third novel I have read by this author and I did not think she could improve BUT I was totally wrong. Ms Keira has a God giving talent for story telling which gives this 70 year old woman such joy in here life. Thank you.

Lovetoread says

Journey to the Highland is the first book in Keira Montclair's series Clan Grant. The description, at the Amazon web sight, of the book is what first attracted me to this book. I never read anything by this author so I only purchased the one book.

The premise of the novel is about Madeline MacDonald who after loosing both her parents when she was fifteen has been a victim of her stepbrother's cruelty. Beaten and torched almost daily by him. Then at eighteen forced into a betrothal to a man who was allowed to abuse and rape her, her only way out is to escape to a convent. Laird Alexander Grant is honor bound to rescue Maddie after seeing the bruises on her face. What he doesn't realize is that once he holds the beaten lass in his arms, his heart will never be the same. He vows revenge for the abuse she was forced to endure and yearns to make the sweet woman with an iron will his. He wants to help her fight the demons in her mind left behind by her abusers' horrid treatment.

This was surprisingly good. I would rate the sensual level a 5. Great story strong characters and I will definitely be buying book two. Each of the four books in the series can be read on their own, each with their own happy ending. I recommend this read.

Heather says

A heart warming and ,loving end after a difficult and self sole searching beginning. I enjoyed taking this gurney(though difficult at times) the children are absolutely special also an insight of how difficult times affect children and there resilience . Loved it

Elizabeth Bennet says

I have read every book Keira Montclair has written it seems as soon as I notice she has a new book out I can't wait to get my hands on it. There will be parts I love, parts I roll my eyes but whatever my reaction the book does not get laid down. I did try to savor this book a little longer than I usually do, mainly because it was a hard book for me to read.

If you've never read a KM book before her h are usually written as coming from an abusive past. This one takes things a step further IMO. Caralyn Crauford is fighting to protect her two young daughters from the Norsemen who are attacking her village. Desperation forces her to send her daughters on ahead to hide as she tries to draw them in another direction. Her plan works but creates another problem when she is caught and being drug towards the coastline and finds herself looking at several men whooping in excitement from a ship.

She is saved by Captain Robbie Grant, brother of Laird Alex Grant. He brings her back to the camp and discovers she has two young lassies hiding and awaiting her return. The biggest disturbing thing I felt from

this story was that our h is not bothered by standing in the middle of a large group of soldiers in a transparent shift. She has been so overused that she no longer cares if a man uses her body. She makes several references that she knows what men want. It painted Caralyn in an ugly light for me.

She has been trapped in this dark world for the past 5 years after the death of her husband. She claims to not know love but yet she had a good relationship with her father. He taught her how to fish and she met her husband fishing. Her mother, on the other hand, taught her that only whores enjoy making love. The villain is a disgusting ingrate that takes note of her desperate situation to feed her daughter Ashlyn and uses it to get what he wants. This is when the book got really dark.

*****SPOILER*****

Malcolm informs her that he can insure her daughter is fed but in return she is to service him and his friends. One of the men are her youngest daughters father, she doesn't know which one. I found it hard to believe that such a cruel, unfeeling man would have allowed her to carry the baby full term. I was angry with Robbie because he is made aware that Malcolm is not a good man and is looking for her but he follows his duties instead. I realize it is in his character to be a warrior first but I didn't like the direction this took the author. Caralyn and her daughters have been left at a priory and she is having a wet dream about Robbie when she is woken up by Malcolm. He has found her and proceeds to reacquaint himself with her. I did not like that and felt it took the book too dark.

He uses her daughters against her to hold her in place. They are kept separate from one another and she has no choice but to service him whenever he desires. It was hard to read this part and I felt myself wanting to put it down for a while. Robbie does come to her rescue but I felt like he got there too late. You feel the feelings between the two but then the author tarnishes it with this man repeatedly using her. Understand that these moments were not written in detail except for the moment at the priory when Malcolm can't keep his hands or mouth to himself. It wasn't sexy to me but gross.

Even after Malcolms defeated the darkness still hovers over them. Caralyn has such a low opinion of herself and will not allow herself to be happy with Robbie. I wish she would have skipped some months and let us see the couple as a happy, loving couple. Instead we are taken on another journey in which Robbie separates her from her girls again forcing her to realize her true potential. More drama is added when Caralyn's youngest, Gracie, becomes catatonic and no one knows why.

The only thing that saved the story for me was the girls. Gracie is 2 and does not talk or like any man in the beginning but after meeting Robbie she feels safe with him and Ashlyn who is 8 is like a little mother. They are given hope thanks to the Grant clan and it made me hopeful but there was too many dark moments in the book to feel like she was truly saved. The side couple in the book is Caralyn's friend Gwyneth was drugged and taken to Norsemen's boat. She is taken to the priory by Tomas, Robbie and a friend Logan. She is very spirited and seeks revenge against the man who drugged her. Logan and her do nothing but argue but when he learns she's left the Grant Castle to seek her vengeance Logan takes off after her. This leads you to believe that they are the next installment in the series.

My patience was challenged in this book and I am hesitant to try the next book. If the direction the author seeks is to write of a woman being forced to comply I do not want to follow. If her h is written as a stronger more confident woman that is trying to put her past behind her and finds love that is a different story.

Kay says

Very much enjoy the characters and how they are developing from previous book into current story. Still bit

of conflict/mystery and romance but not overwhelming. Looking forward to next book in this series.

Judy says

Journey to the Highlands by Keira Montclair

Clan Grant Series Book Four

Captain Robbie Grant is hoping to prove himself now that he's in charge of the Grant warriors. The Norsemen are heading their way—war is imminent. When they head to a small coastal area, he finds a Norseman attacking a woman. Robbie had no idea that one event was about to change his life forever.

Caralyn Crauford would do anything for her daughters. And she had. Under the thumb of a cruel man who used her daughters to control her—she felt hopeless. Until she found out there were good men in the world. Men like the Grants and their warriors.

This author does not write characters who have life easy. She writes as it may have been. A woman on her own trying to care for her daughters without many options. Bad things happen to her characters on the road to happily-ever-after...but they do always end well. Love these stories.

Elaine says

DNF I listened to the audio book through chapter 8. I am not impressed and I do not know why it has such high reviews. Carolyn jumps in bed with Robbie the first or second night after she meets him. She is in love with him. Dumb. I will skip this author in the future.

Lauren says

It's another good story....

but someone needs to tell Caralyn prostitution is not always her only option. (That's a joke people) This is a great love story, steamy sex and a Highlander that is so freaking romantic. On to Book Five.

Nicola Lindley says

Good

I don't like spoilers, so won't let any slip.

I got Robbie & Caralyn's book as a freebie, so wasn't expecting much. I was pleasantly surprised though.

Their story was a fast paced & heartbreaking read.

I'm really looking forward to the other stories in the series and to reading more from this author

Rosemary Hughes says

A woman is rescued from a Norseman, and her rescuer aids in riding her of the man that had been demeaning her, to have her emotionally dependant.

The journey is not only to the Highlands, but also of understanding herself and her place in a community. The audio narrator did a marvelous job, with the Scottish brogues and children's voices. It adds that extra something to an already interesting story.

Jsga914 says

Tender

I love the way Keira develops her characters. Caralyn surely had a rough way. I can speak as a single mom it is hard making sure your child(ren) are well and happy. I can't even imagine what it was in the era. The chat are well developed and the Grants are an amazing family. I enjoy how each are stand alone books but they are intertwined. Loved it!!!
