Loud Lula Katy S. Duffield , Mike Boldt (Illustrator)

Lula may be a pint-sized gal, but she's got a BIG ol' voice!

Since her birth, Lula's LOUD voice has wreaked ten kinds of havoc across Pryor County, disrupting humans and animals alike. Lula's parents are worried: What's going to happen when Lula starts school? Will Lula ever learn to use her "inside voice"? But when Lula spots something sinister making its way toward town, it seems that she may have found just the right use for that BIG ol' voice after all. With a text chock-full of Southern charm and silly digital illustrations that bring this tall tale to life, kids will giggle at the antics of the unforgettable LOUD Lula.

From Reader Review Loud Lula for online ebook

Julie Dobson says

I won this book in a first read's giveaway. I have to say it's a cute book. I enjoyed it. It is a good school book for a quick read, but to get the students talking about using inside voices. Or as an example that we are all different and those qualities that are problematic, might be useful once in a while. The illustrations and bright and fun and I enjoyed them, even as an adult.

Madison says

Lula is a young girl who is also extremely loud- everyone everywhere can hear her at all parts of the day. This gets on many people's nerves and others are nervous for when Lula is going to get to school. But when Lula spots something far away that could be harmful to the town- her loud voice just might save the town.

The illustrations in this picturebook are very colorful and loud. There is not a blank space on any of the pages. This makes some of the pages better, but on others it is overwhelming and as the reader I am unsure of where to look.

I think students would be attracted to this book because of how fun and colorful it is. But personally I found it to be too much at times and it overwhelmed me easily.

Marsha Wilde says

Thanks to the author and publisher for the Goodreads giveaway copy, provided in the exchange for an honest review.

Warning: May cause you to crave sweet tea.

This children's book is deep-fried in southern-isms. If you're not from those parts, you might get a little crossed-eyed and a lot giggly. *Tuckered out*, *reckon* and *yonder* are just a few displays of the Southernesque you'll find.

And if you want a cure for the 'outside voice,' then you'll find yourself up a creek without a paddle. *Loud Lula* is not a 'moral of the story' type of book. It's pure fun and snickers.

The gem is in the illustrations. Colorful. Detailed. And *Loud*. From the cover, to the whimsy of the copyright page, to the newspaper headlines at the end, you'll have a boot-scootin' good time.

Adrian Ulsted says

Fun book

Great story with fun Southern slang appropriate for kids. My four year old and I really enjoyed it. Give it a try!

Sheri says

Everyone knows a child who is loud and yells everything with no volume control. This child, Lula goes to school and the dialogue is hilarious. Lula shakes up the teacher and all the students and still she is able to save the day at the end. Read and find out how she does this. Big colorful illustrations.

Amanda Ortega says

Knee slappin fun!

This book was rootin tootin, down right knee slappingly HILARIOUS! My 6yr old daughter LOVES it. My dogs not so much! (I tend to take on character when i read!!) Lol

Traci says

Some kids have them, some don't. In this case Lula does and she uses it to her advantage without even knowing it though everyone around her doe snot always care for it.

What does she have? You have to read to know so get this book. But remember to use your indoor voice at the library.

Written by Katy S. Duffield, illustrated by Mike Boldt and published by Two Lions.

latasha baldwin says

I love it!

This book was amazing! and for my child they love it when the big tornado started. This thing was Amazing!

John (JP) says

This the story of LuLa a good ole southern girl with a loud voice. This well drawn picture book, is funnier than a box full of puppies. It teaches that everyone's flaws has a unique value given the right circumstances.

Bonnie Terry says

There are times when it's okay to use a loud voice!

Lily Dodge says

Loud Lula follows the life of little Lula and her extremely loud voice. Lula was born with a voice that could be heard from miles and miles away. As a young toddler it was sometimes cute, but the closer she got to Kindergarten, the more her parents started to worry. When Lula gets to school she gets into some trouble with her constant outside voice. However, at the end of the book, her loud voice saves the day.

An activity for this book would be to have the kids make lists/posters for when an outside voice is appropriate and when it is not.

Duffield, K., & Boldt, M. (2015) Loud Lula. New York: Two Lions.

Heidi says

A funny book about a girl who only has an "outside voice."

Jennifer says

Spunky & Humorous. Full of voice and great writing.

Pamela Fry says

Loud Lula is a fun book for young children. The pictures are bold and well drawn, and the story weaves in humor and an important lesson as Lula's friends and family try to get her to use her "inside voice." Although her loud voice causes some trouble and startles others, her very loud voice was also helpful, in the right circumstances, as her little town found out!

I received this book through the Goodreads First Reads program.

Rachael Terry says

Awesome artwork.
