A Forever Love

Maggie Marr

A Forever Love Maggie Marr

Love is a lie.

The woman I foolishly cared for stole the only thing my fortune can't buy.

She took my son—my heir. And I want him back.

I'll do whatever it takes to get to my child, even leave the comforts of Manhattan and travel to Hicksville, USA, to confront the woman who betrayed me.

There is no forever love. Only blood ties last, and I'm taking back what's rightfully mine.

A Forever Love by USA Today bestselling author Maggie Marr is book 1 in The Travati Family series, which is part of the Eligible Billionaires series.

The Eligible Billionaires Series includes:

Yvonne Cruz says

I wasn't sure what to expect when I started reading this book and I must say I am glad I read it. It's a wonderful story about Ashley, single Mom living in Kansas with her son, Max. She owns a farm that is self sustained and has a Michelin restaurant run by her sister Nina.

Ashley left NYC when she discovered she was pregnant with her boss's (Justin) child and never turned back. Now Max is 14 yrs old, determined to find out who his father is (clueless he is a very wealthy man) and wants to meet him.

Needless to say there is lots of angst, betrayal, forgiveness, unexpected turns and lots of adjustments. But in the end, love and determination conquers all.

This book is part of the billionaire's series, but if like me you have not read the others, you will not have a problem. It is definitely a stand alone. Now I am anxious to know if Anthony, one of Justin's brothers finds love in the next book.

This book was gifted by the author for an honest review.

Rosemary says

It is probably pretty obvious by now I'm a big Maggie Marr fan. I've been lucky enough to read her books almost from the start of her career. I always get excited when she has a new book out (and I'm always grateful she is kind enough to send me a copy to read and review).

I was a bit cautious when I jumped into this newest addition to her Eligible Billionaires series, because hidden baby is not a favorite storyline of mine. I shouldn't have worried because Maggie had me interested from page one and I fell in love with both Aubrey and Justin. At first I wasn't completely in love with Justin, but by the end he was awesome and I'm pretty sure he's my new favorite male character in the series. I love how Maggie made him such a strong Alpha male yet also made him so lovable as the book progressed. I know I have said this previously, but I think Maggie's writing just keeps getting better each book she writes.

Mary Wells says

This is the sixth book in a Billionaire series, but even if you start with this one you will enjoy it and not feel lost. They don't all have continuing characters. I've missed a few along the way and reading this one just reminded me how much I like Maggie Marr's writing and that I need to go back and read a few more. Justin & Aubrey are strong characters who reunite after a one-night stand 15 years ago produced a son. She ran home to Kansas and never told Justin she was pregnant. He only finds out he has a son when 14 year old Max sends him an email after his grandpa tells him who is father is. Of course everything works out in the end...but the story getting to their happily ever after is delightful! Thank you Maggie for another good read!

Amber says

3.5 STARS! What a great easy read that left me wanting more of the Travati brothers. This is Justin and

Aubrey's story and I found it refreshing that even though Justin Travati was known for being a playboy, had a take no crap from anyone attitude and was also one of the richest men in the world, that when he received the "news" he didn't turn total d**k but was actually excited and embraced the situation. This story was well written and the characters were great. Looking forward to the next Travati brothers story.

Suzie says

wow this was not a fit for me - I couldn't connect with a single character - they all sucked
H = narcissistic arse
h = selfish childish brat

Laura says

Great Book!

This is a great book; this is the sixth book in the Eligible Billionaires series by Maggie Marr. Aubrey Hayes grew up in a small town, she moved to the big city for a career in finance. She ends up pregnant by a one night stand with her billionaire boss Justin Travati, so she runs back home without telling him her secret. Her now eight year old son is sick and she needs to contact Justin and confess her secret and to beg for his help to save their son. If you are looking for a great romance then you need to read this book, I am looking forward to the next book in this series.

A Review copy was provided to me in exchange for a fair and honest review. The free book held no determination on my personal review.

Daniela says

Hero was kind of an a-hole. But his brother really wa an a-hole to everyone specially the heroes girlfriend/mother of his child. Anthony's book is next not sure if I want to read because he was such an asshole to everyone

Denise Vasak says

Talk about a frustrating read! This book did NOT translate well into an e-book OR the author really needed an editor. There were SO many half sentences and random incorrect words that it constantly took you out of the story.

Let me go back to the beginning - I HATED both main characters. Aubrey needed to be shaken/slapped many times; just to get her out of her own head and her constant moping. Her dad REALLY needed an ass-kicking. They didn't even bother to flush his character out, just made him a gruff, judgmental, meddling old man. Justin (while justifiably angry) was also extra annoying.

ALL of these characters changed points of view/opinions like normal people blink. It was just too much. Plus

- and this is the worst - the author KEPT restating the SAME. DAMN. FACTS over and over just pages apart. Don't make your book longer by rehashing things that don't need to be rehashed. It's tedious and frustrating for the reader.

Of course everything wraps almost immediately for the HEA. Ugh... hard pass on the rest of this series.

Debra says

"He's my son" said Aubrey," he is our son" said Justin! Fourteen years ago Aubrey left Justin and returned home to Kansas to raise their child and now Max wants to know his Dad. But what a Dad: a billionaire, an owner of a sports team and head of the Travati empire. Every boy's dream and a Mother's fear. A Forever Love is a beautifully written love story that has very strong characters that prove love and forgiveness is stronger than anger. Ms. Marr is a fabulous author and I highly recommend all her books!

Sue says

I really enjoyed A Forever Love by Maggie Marr. I liked Aubrey and Justin. They had chemistry together. It's seldom I've read a secret baby book where the baby is already a teenager. But that's Max — Aubrey and Justin's son. I can understand Justin's anger finding out he has a son — his heir to a billion dollar fortune— being raised in the boondocks; so to speak. Justin flies out to confront Aubrey and take Max back to Manhattan to live with his family (three brothers who have no idea of the boys existence). It's a love hate relationship between Justin and Aubrey. They both have strong feelings for each other. This was a well written story and I do intend to read more in this series. Maggie Marr is a new author for me.

Edie says

Too much

There is too much foul language and explicit sex. I would not recommend to any one. Will not read another book by this author.

Teri Caiazzo says

When Aubrey Hayes worked for Travati Financial fifteen years ago, there was a mutual attraction between her and Justin Travati, they both fought hard to give in on their desires. Until one night after a year of being employed there, they gave in to one night of passion, soon after Aubrey, resigned, and returned to Kansas, never giving Justin a reason why she left.

Justin Travati, is all about business, especially after his health scare, after Aubrey left him, and the life or death treatment left him sterile. He felt he would never have any children, there would be no heir from him, to enjoy the billions of dollars he worked so hard for, to leave, and continue the business. Until one day he receives an email from a 14-year-old boy, from Kansas.

This book truly isn't like any billionaire novels you may have read, it's one like I've ever read, it actually made me cry, which isn't easy to do. Ms. Marr has once again written a book that is very different then the

usual love story. This was the first book of this series I read, but I plan on reading them all. Please try this book, you won't be disappointed, and please leave a review. It doesn't have to be a long review, it doesn't even have to be favorable, just a few lines to give your opinion, it helps readers choose books, and authors to sell them. Thank you, and happy reading!!

Blurb:

Don't mess with Justin Travati. He kicked cancer's ass only to discover that, Aubrey Hayes, his former lover, stole the one thing Justin wants--an heir to the Travati fortune. Now Justin is on his way to hicksville, USA to take back what is rightfully his.

Anger, a secret pregnancy, love, passion, Manhattan, bad boy billionaires, and small-town farm life weave together to determine if Aubrey and Justin can find A Forever Love.

Bonnie Jones says

A Forever Love

What an awesome read! I was hooked on the story and characters from the beginning. Such a sweet second chance romance.

Becky Gates says

Sweetly satisfying

A man on top of his game, without the one thing he could not ever have and a woman so afraid of losing her son, she does the very thing that could cost her to lose everything.
