****MATURE AUDIENCES--Rough sex. Dirty talk. Criminal activity. Cursing. Fisticuffs. Closed course. Professional driver. Do not try this at home.****

Theresa Drazen wants to know one thing.

Is there something wrong with her?

Because from what she can see, she has money, brains, a body that does the job. Yet, she keeps getting shelved. Most recently, by her fiancé who happens to be the DA.

And she'll get over it, really. No problem. She'll just have a nice, short encounter with a mysterious Italian named Antonio who may or may not be involved with some kind of alleged criminal activity...blah blah...

Let's call a spade a spade.

He's a mobster.

Let's face a few more facts.

He's hot. He's smart. And if anyone breathes on her the wrong way, he's got no problem beating their head against a Porsche until they're willing to lick up their own vomit to make it stop.

Just about everything about that turns her on.

Yeah. There's something wrong with her.

Spin (Songs of Corruption #1) by C.D. Reiss
5 stars

I absolutely fell in love with Antonio Spinelli and Theresa Drazen, what a smoking hot, intense couple. Take two intelligent, passionate, driven individuals that each have a past, baggage, and what you get is some seriously intense scenes.

He is such an intense man with complexities revealed bit by bit. She has is more complex that you expect. I loved this book!

Ruin (Songs of Corruption #2) by C.D. Reiss
5 stars

I didn't think that things could get even more intense, or more raw with Antonio and Theresa, I was wrong. This book picked up where Spin left of and blew their story and blew that apart. I was sad, speechless, cried, happy.

There just can't be the Capo without his Contessa. Their connection is beautiful and intensely hot! I am absolutely in love with their continuing story!

SueBee★bring me an alpha!★ says

★★★★★! Spin - Ruin (book 1-2). Alleged mobster Antonio Spinelli & Theresa Drazen act on their attraction amidst the chaotic worlds of money, politics, movies, mafia & corruption!

"How straight you are for the world, and how you bend and cry for me. I want to go so deep in you we have the same thoughts."

Songs of Corruption is the whirlwind saga of alleged mobster **Antonio Spinelli and Theresa Drazen**. It's a **sequel series** to Songs of Submission and Songs of Perdition and thus most enjoyed if read after and in order:

My reviews:

Book 1: Spin

Book 2: Ruin

Book 3: Rule

Terrible reading

This book didn't make sense at all. I can't believe I purchased this book. This book receive good review I don't see how I had to skip to different chapters of the book to understand it. Don't waste your money on this author. I can't believe she wrote a sequel.

Erin says

3.5 stars

Overall, a good start to a series that has me intrigued to find out how Theresa and Antonio's journey will end.

Heather andrews says

SPIN:

Spin is just a whole bunch of sexiness, "you don't look upset," he said. "You're flushed. Your heart is racing. I can see it." He stepped forward. "Your breath, you're trying to control it. But it's not working. If I saw you

like this in a different time or place, I'd think you were ready to eff." He's so damn blunt and honest, "since the minute I saw you," he said into my neck, "I've wanted to open your legs and take you." Theresa the girl is just as honest as he is, "his pants were open, and hi di** lay against my engorged clit. I reached down. He'd gotten it out and wrapped while he was eating me. You're very skilled," I said. "And you're huge." I mean the man always has sex on the brain when it comes to Theresa, "saw that," he said, cutting a strip of lemon peel. "You looked sexy as hell. I wanted to eff you over again." He's also possessive and protective of what's his, "listen to me," he growled putting his hands on the chair arms. "I will kill any basta** who touched you. So you walk into a room like that again without me, you'd better want the man dead." I'm hoping there's a part two because I loved these two characters so much.

RUIN:

Antonio is a real passionate man, "my job is to eff you until the neighbors think I'm murdering you." I kissed his cheek, his chin, his lips. He was erect in less than a minute." I felt bad for Antonio and Theresa there were times I just wanted them to have normal in their lives, "but next time we go to a wedding, the worst that will happen is you get too drunk to dance." I mean if their story was normal it would be a boring read and these two are far from boring. I also wished Antonio would have given Theresa more credit she's a lot stronger than what he gave her. I enjoyed this book and am ready for a part 3.

AJ Swen says

3.5-4 stars!

I've already read the first in the series, but this was a steal of a deal getting the two books!

The second book picks up with Theresa and Spin moving forward in their relationship. Antonio "Spin" being in the mafia, and Theresa coming from a pretty notorious Irish Catholic family herself. Both families hate the thought of them being together. Theresa is willing to walk away from her life all together, to move forward with Antonio. Spin is battling with his position within the 'family', and how he can somehow keep Theresa in his life. People from both sides of their families do what it takes to tear them apart.

Theresa also finds herself falling into 'the life' of the mafia, as long as it leads to a life with Antonio. Their relationship is harsh, in our face, and doesn't hold back. Those same reasons are why it was hard for me to fall in love with the couple. It's was a good read, I liked where things went, but I found it difficult to really fall hard for the couple. The story leaves off with a bit of a cliffhanger.

Malene says

What a ride. I'm a C.D. Reiss fan and know I will not be disappointed when I pick up a book of hers.

Spin/Ruin didn't disappoint. It's about Theresa Drazen, sister to Jonathan from The Submission Series, and mobster boss Antonio "Spin" Spinelli. They are from two different worlds yet their attraction towards each other is too big a pull and they start a relationship. At first it's only casual sex because of Spin's criminal background and the way he conducts his business. It then leads to a more serious and intense relationship.

I really liked the dark and gritty element of the book. The environment felt real. Theresa and Spin's chemistry was off the charts. Smoking hot and erotic. I loved the way she challenged him and pushed his buttons. Also the way she gradually started to find herself and her inner savage. Although Spin had done some terrible things, he was still a good guy. I liked his protectiveness and how far he would go for his woman.

There's a third and final book Rule out August 25th and I can't wait to see if Theresa and Spin get their HEA!

♥ Jx PinkLady Reviews ♥ says

SPIN & RUIN are now available to purchase in a special two book bundle and for a limited time its a reduced price Amazon US

Antonio Spinelli, Esq is **“....the picture of masculine grace.”** He’s a man who keeps his council. Do NOT question him and the underworld in which he lives. There are no measures he will NOT take to PROTECT. *I love protector stories and Antonio Spinelli is a protector in the extreme.* We witness a ruthless, vengeful, charismatic, powerful and sexy man...

Theresa Drazen runs an accountancy department for the biggest agency in Hollywood. She's clever, wealthy, feisty and independent, and a lady with an intriguing past.

Antonio Spinelli and Theresa Drazen are two incredibly layered leading characters and together they're dynamite.... Antonio and Theresa's deep love and incredible breathtaking attraction is captivating, it pulled on my heart, made me feel and want for them. Everything about him turns her on.... She finds his life on the edge sexy, empowering..... The sex is raw... intense... crude... “He fucked me so hard every thought went out

of my head.” and so very, VERY HOT! Then we're shown the softer side of Antonio, the gentleman, his beautiful soul... I love the rough contrasting with his tender inner thoughts.

Trust is an issue for both of them, for different reasons. The question is..*Can they trust each other?* They live in different worlds, they're opposites but in some ways *they match*. Antonio releases something in Theresa and it's truly wonderful and sexy to witness. **He empowers her mind and her body.** *They expose vulnerabilities in each other.*

What are Antonio and Theresa prepared to do in the name of love? What are they willing to give up? To lose? To protect? Will fate take its own course of action?

The wonderfully paced action gripped my attention throughout. There were times I was on the edge of my seat, my heart racing... Not knowing where the story would take my emotions?

CD Reiss creates the most wonderful, intensely beautiful relationships that simply light up the page with their presence. She drip feeds us her beautiful, flawless writing. The text is richly powerful. No word is wasted, no description redundant. Every sentence moves the story forward in terms of plot, feeling or character. Spin shows me pictures I cannot give justice to in a simple explanation and Ruin develops the story deeper.

If you're yet to experience the Mafia World of CD Reiss and love a story with erotic romance, depth ridden characters and delicious sexy writing wrapped up in suspenseful intrigue and an underground world, then I highly recommend you jump on board with this series and grab this two book bundle! The third in the series will release very soon!

Michelle(Chelle) aka Nightshade - Cake Whisperer says

I have to admit I really enjoyed both books even though this was definitely not a typical HEA type series. I still need to read the last book Rule in order to decide for sure how I feel about this series.

Theresa and Antonio are sizzling hot together and while I would avoid anyone in the mob in real life....I admit I can see why Theresa can't keep away.

Looking forward to the last book.

ClosetReader says

FINALLY! Two great stories in one amazeballs bundle!!

Spin:

OhEmGee! So you read the blurb about the book and it tells you that Antonio is a mafia capo. You think to yourself "another mob book no biggie". Well guess what, it is a big biggie! I could not consume this book fast enough. Theresa and Antonio were not at all what I thought they would be. Their relationship was hot and exciting. I love me an alpha male and Antonio did not disappoint. I am beyond thrilled to read more about my new favorite couple!

Ruin:

Book Two in the Corruption series is simply amazing. I love this book for several reasons.

- 1) Antonio Spinelli. He is everything I hope for in a leading male. Strong, confident, "skilled" and alpha through and through.
- 2) Theresa Drazen. She is not your typical leading lady. I love her because she is torn between the person everyone wants her to be and the person she wants to be. She knows what is expected of her and doesn't let that stand in her way.

I am impatiently awaiting installment three in the series. I am on the edge of my seat waiting to find out what happens to these two people.

Michelle Rechten says

Not bad

This series isn't bad, it is boring in places. Theresa is a pretty, good girl that is rich and as we learn hides a very bad girl deep inside. Antonio is a beautiful, rich, mobster that loses his good heart to Theresa. How can they be together when his life isn't his own, he may be the mobster but, her had no say, others do. This does get boring in places, it gets old to listen to Antonio want to "protect" Theresa all the time. It also gets old for Theresa to continually be selfish. What she wants, the rest be damned. The sex is HOT no doubt about that. It is n OK series

Cassandra Caress says

MUST! READ!

SPIN

Where the hell start??? Still frustrated, irritated, drawn into...it's really hard to find words for this. It's one of those books you should read for yourself!

Spin and Therese couldn't be more different, live in different worlds. But one encounter turns their lives up side down and ignites some fireworks between them.

Their chemistry is as hot as it is dangerous for the two of them.

I wanted to slap them, yet I did understand their actions and reactions. C.D. Reiss totally got me with these characters. And all those others in the story...you don't know who to trust, who's friend, who's enemy. So need to read Ruin asap!

RUIN

5 million RUINED stars!!! HOLY SMOCKING!!!! The Capo is back and "Antonio Spinelli is RED HOT in Book Two of Songs of Corruption 2"! Hell yeah, he is!

The Capo is back and fights for his Contessa. The Prince has found his worthy Princess. My head is SPINning and my heart is RUINED after finishing the second book in the Songs of Corruption. And what a PHENOMENALLY written second book that is!

CD Reiss' writing captivates you from the first to the last word. The ride in between is more than bumpy and covered with blood, sweat, tears, anxiety and lust. Antonio and Theresa are two very strong characters that are still growing and getting stronger.

As expected in book one, there are close people around they can't trust and play an ugly game. With his love for Theresa Antonio has to fight even harder for his position, his integrity and status amongst his people. He knows this love makes him vulnerable - something he can't afford. And yet, he can't and doesn't want to stay away from the one good thing in his life. He starts question this life he was born to live and more and more finds himself thinking about an out. But we're talking mafia here - there's no living way out.

Theresa doesn't question her love for Capo, but the life she has to live. With some convincing from her part, she starts to get back in touch with family and friends. Her relationship with a badass mafia man hasn't gone unnoticed by them. She finds herself confronted, followed by her own sister that was always more a mother to her than her own, and on the hot seat by her ex striving for the major position. Of course he wants to take the Capo down. When he goes after her best friend, he learns not to mess with Theresa.

As it seems the whole world is against them, they only have each other. They cling to each other in passion and need it to feel alive, a reason that the whole mess is worth it. And damn are they red hot passionate together! PHEW!!!! *there wen't the panties*

Missing people, deaths, shootings, arranged marriages, health issues, mafia wars and the growing idea to get out of all this.

Reading this phenomenal, awesome, stunning book had me on the edge with the last chapters and already anxious of what these two will have to go through in book 3. Crossing my fingers that their love is strong enough to get them out of this all...alive and still together.

Kim says

There were times I loved these books but too many times I hated Theresa, seriously wanted to slap her. However the story was really good and at times I couldn't put it down. The first one annoyed me way more than the second one because the first was all in Theresa's POV, getting Antonio's POV in the second one helped so I could get out of her head. Overall a really good read though and I will go ahead with the last book even though either one of these could actually be read alone because most things were wrapped up well enough, I still want to finish it out.
