Lady Raven RAVE! says

so far have nothing bad to say about the series love each book in the series so far...

Evan says

I love a marriage/(engagement) of convenience – or “of purpose” as the hero of this book, Morgan, calls it. I did *not* love the setup that Morgan had been asking our heroine, Lena, out for a year and kept getting rejected. That’s not charming, it’s annoying and potentially harassment. Just saying, it’s notable that the relationship didn’t move forward until he stopped hitting on Lena and started getting to know her and what was important to her.

Kim Short says

Love and business mixed well

Good read for those who enjoy a nice believable romance. Just enough to keep you turning the pages and not get bored with the story.

Connie says

This book was waaay better than the last one. Lena could have done without the split personality character which was weak and cheesy. Her character had enough issues without adding that tidbit. This Steele (Morgan) had to really work for his bride and that was what was missing from the last book. I'm now reenergized to keep reading the series. :)

Heart felt

This book sent me through a way of emotions. I wanted to beat the check out of the high class society group myself for causing trouble. But in the end, true love prevails.

Shawnette says

WOW...Morgan Steele is a man with the patience and self-control of a saint...to put up with the year long rejection from Lena, yet still go after her with such determination...I MUST admit I enjoy the measures he takes in an effort to woo her...to try to make her see that he is her Mr. Right...and that she is the PERFECT

woman for him...what an AMAZING man...and although Lena is sweet, her attitude is a little annoying at times...but I still want to see her come away with the ULTIMATE prize...a Happily-Ever-After with Morgan...BUT will Lena come around and stop fighting what is meant to be...or will Morgan have to settle for a less than "perfect" woman....Mrs. Jackson creates another HOT & STEAMY sensual tale...I'm looking forward to seeing which Steele will fall next.

It was a good read and I liked how it wrapped up. I must say that with all the talk of Lena's Gemini twin (let's take into affect that she's an only child), it had me thinking she had multiple personalities for a moment (and this is from a Gemini). All and all, it was a good read.

Oh My! Morgan is definitely a Steele man that knows what he wants and when Plan A didn't work, he went to Plan B in order to secure the place for his perfect wife, Lena Spears in his life. His plan hit a few rough spots, however he refused to give up until he eventually won the heart of Lena's forever! This was a wonderful and very passionate love story!

Taz Will says

Morgan was too hot to handle in this. He was not going to let Lena get away without a fight. I loved it! The steamy chat session was great, didn't like how she talked about a twin though. She seemed to old to not talk about what she wanted without the whole twin thing. He was game though and turned it up when she tried to pull away. Can't get enough of these Steels.

Jharayne says

I can't get enough of Brenda Jackson's writing. This book is no acception! She writes passionately and with so much enthusiasm you can just feel everything happening as if you are in the book or sitting watching the conversations. I definitely recommend this book to others. In fact, I recommend the entire series.

Beyond Temptation

I choose 5 stars for this book, because of the real life picture it tells about people who are gain. People who seems to think and believe that love is in how you look, what you wear, and the price of it as well. Here Morgan loved Lena for all the RIGHT reasons, but Lena had to first love herself. Lena and Morgan's love for family, was their common goal that shined above everything else. He loved Lena and her mother unconditionally, and she loved him enough not to stand in the way of his career choice. A beautiful love

story for full figure women that don't believe they can and will find love!

Nate Brustein says

I don't think that I am necessarily the target audience for Brenda Jackson's books.

Nancy says

Definitely a romance with a bit of "steam". This was a quick, escape read. The story is set in a small Texas town with two people who have abandonment and trust issues, all centered on a five month old left on a doorstep with a claim of paternity.

I almost hate to admit I read this but for the sake of full disclosure I confess.

Author Ruby Binns-Cagney says

Brenda Jackson intrigues you with her storytelling. Her influence is deep and wide, encompassing all that family means to you. The challenge with her books is morals versus consensus. Good if you like romance.

Tammy Benton says

This was one of my favorite Brenda Jackson novel. This book was about Morgan Steele how he was obsession with Lena Spears and came up with a plan to win her over. By making a business proposal to buy a house and sell his old house just to get close to her. It start off as friendly get to know her better. He also proposal to her offer have a stable environment for her mother and being his wife and having his baby. Lena was overwhelmed she felt she wasn't good enough to fit in his world. Little did she know Morgan Steele loved for a whole year. He wanted Lena to trust him and show him her twin side who was bold and sassy independent women.
