Fiona Vs. Football Player

Mona Cox , Alexis Angel

Fiona Vs. Football Player Mona Cox , Alexis Angel

This quarterback? Total opposite of deflated "footballs"...

??I don't even like football!

But I like Danny Manning....

He's hot. With an insane body. Just looking at it makes me melt.
When he talks to me, it makes my head spin in excitement.
And when he touches me, it makes me sigh in pleasure.

I can't get enough of the guy! And he knows that!

Sure, he's so famous that it's a bit hard to adjust.
I may or may not have let it all go to my head.
Now I'm playing with fire by becoming the media darling.
But it's a double-edged sword. I could end up going from America's Sweetheart to Public Enemy if I'm not careful.

But being careful is something I'm not good at.
Not when I'm around him.

We'll just have to see how much trouble this tight end and quarterback combination gets up to, won't we?

*?*** It's the cute single girl versus the Big Bad Football Player in this installment from Mona Cox.
Guaranteed to be sweet, sassy, and fun. No cheating or cliffhangers. Happy Ending? Always, babe ****

From Reader Review Fiona Vs. Football Player for online ebook

Chu-Salyer Sharon says

Fiona and her friend goes to see a professional football game in New York. And there she meets a football player. Things start to heat up between the both of them. My favorite part in the book is the scene that takes place in the men's locker room. Now that was a hot panty melting scene. I did not like the way the media dragged Fiona's name through the mud. Very happy ending. If you read the book, you would want a marriage proposal like that as well.

Alan says

A whirlwind of hard and fast action off the field as well as on the field

A NFL pro football player has the opportunity to take a near accident on field side lines to ask a female fan out after nearly hitting her from a wayward pass . 18+

Tricia Adams says

Slow start until the middle

Slow start but once the story got rolling along it got better. At first I thought Fiona was just crazy but getting past her obsession with the media, it turned out to be a good HEA!

Schellie says

Score

Danny Manning is a star quarterback for the NY Nailers, ladies man and player, until he literally runs into Fiona Barnett. Fiona is an intern at a law firm working on her degree. Danny asks her out & she immediately became a media darling, but the media can be very fickle. When Danny has one rough game, it is for sure Fiona's fault. Can their romance weather the media storm, when she can't ignore the hurtful things that they say? Danny is willing to try, is Fiona? This was a sexy, fun, quick read, check it out!!

Shawna says

This is my first time reviewing this author and I really enjoyed this book! The story was well developed, the characters hit all the emotional buttons and there are hot steamy scenes! Everything I look for in a book :) I hate to give spoilers but I will tell you this there are parts where I wanted to throw my kindle so bad.....(but I didn't). This book is well worth the read and I look forward to many more good reads by this author in the future!

I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review

Vicky says

OMG! A STEAMING HOT read! An over the top fun sexy romp! If your looking for fun steamy reads Mona Cox books are the best.

Deborah Clark says

This was a great quick read. It has everything you need in a story with a HEA. Good story.

Lisa says

Danny meets Fiona at one of his games, he plays for the NY Nailers (love all the team names!). They go out like the next night and totally hit it off. Fiona gets kind of caught up in the media frenzy, not knowing how fickle they can be. This love story is sweet and a little dirty. Love how his baseball bat is described, thick like a can of coke. Maybe not practical for real life, but awesome in books. And aww, I totes love a HEA, it was a good one. Mona books are short and sweet with heat. Read in like an hour, maybe a little more. I received an arc, btw.

Kristen Lewendon says

I'm used to the books in this series being hot enough to short circuit my reader, but this one was surprisingly sweet too. I love how Danny knew immediately that Fiona wasn't going to be just another one of his football groupies. And right from the beginning he treated her like something special. Fiona didn't have a clue what she was in for when she agreed to that very first date with Danny. And she definitely wasn't expecting the media coverage that resulted. I think these two are just adorable together.

I received a complimentary copy of this book.

Candy says

Fiona is not your typical football fan but when the hunk quarterback of the NY Nailers falls into her seat she is more than interested in the player, Danny. When the game ends, on live tv Danny asks Fiona for her number & a date. The sassy blonde & the playboy quarter back hit it off immediately & it doesn't take long for the two of them to be hot & heavy between the sheets. The media praises Fiona for Danny's winning performance on the field & she soaks it up. But when Danny looses a game near the end of the season, the media turns on Fiona & she is devastated. Danny tells Fiona to not take is so seriously but she is hurt & lashes out & storms out of his place. Will Danny be able to get Fiona back? Will Fiona be able to get over her hurt? Do Danny & Fiona stand a chance to be together when they are always being watched?

Mona Cox delivers another fun exploit in her vs. series. It doesn't take long for Fiona & Danny to be going at each other hot & heavy. But with all the media attention surrounding them it is difficult to have a peaceful existence in public. When the media turns on Fiona, it is Danny that makes sure that everyone knows she is off limits & how he truly feels about her. This book is meant for mature readers.

I voluntarily reviewed an Advanced Reader's Copy of this book.

Jo-Ann Forrest says

I voluntarily reviewed a copy of this book. Fiona hates football and when she goes to the game with her friend, she sees Danny Maning and it's instant attraction and chemistry. He asks her out in front of the paparazzi and when she shows up for the date, she is a goner. The storyline is great and you can't go wrong with a Mona Cox story.

Paula Phillips says

I have to admit when I went into this book, I wasn't expecting much and had assumed it was going to be similar to Sylvia Fox or Flora Ferrari's Older Man/Younger Woman reads. However it did surprise me, Fiona Vs. Football Player as the characters turn out to be about the same age. The book starts off with Fiona attending a Nailers game with her best friend Christine from the Book Christine Vs. College Professor. Fiona is captivated not by the game of Football but by Nailers player Danny Manning. One thing leads to another and Fiona finds herself swept off her feet by Danny. She is not the type he normally goes for and looks like Danny might have found his "One." The book does have the smutty sex scenes for several pages, so do expect explicit descriptive scenes. All seems to be going great for the pair and Fiona seems to be coping with the press and attention well, that is until Danny loses a game and the whole world turns to blame Fiona calling her names like a gold digger, and her reputation begins to tarnish in the papers. Can Fiona handle the negative press as well as she does the positive? Or will this be the end of Fiona and Danny's HEA? Can Danny prove to Fiona that he loves her more than he does getting MVP? Find out in this erotica HEA by Mona Cox aka Alexis Angel - Fiona Vs. Football Player.

Gsb24 says

This was a nice happy ever after story with a nice girl and a hot football player. Kept me entertained without too much drama.

April Symes says

Danny meets Fiona at one of his games. He is the handsome and hunky quarterback football player that just plays the field until he sees the sassy and beautiful Fiona at one of his games on the 50 yard line. He ends up "running" into her and getting her phone number. They go out the next evening and their chemistry is off the wall crazy good. They hit it off like mad. Only thing is Fiona loves the spotlight while Danny doesn't. Danny has totally fallen for Fiona as she has fallen for him and their chemistry is out of this world sizzling hot. This is their relationship, their love story and trying to survive everything that is thrown at them by the

media...can their relationship survive or will their relationship be a casualty by the media?

This is one hot and sexy read that had a lot of humor, passion and great banter. I cannot wait for the next Mona Cox book.

My rating: 4.6 stars *****

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***"

Cassie says

What a lovely quick read story hat has everything you need in it. I love that they are not long and have the HEA ending, with an epilogue. New author to follow.
