Award-winning author Jillian Hunter pens another deliciously sexy tale of passionate romance and beguiling trickery.

At a glamorous soiree in the romantic English countryside, Lord Devon Boscastle, one of the most elusive bachelors in London, is on the prowl for a willing and wicked lady to share a night of all-consuming sin. So he's delighted to accept a mysterious invitation for a midnight rendezvous.

Miss Jocelyn Lydbury, a demure young debutante, has her heart set on a marriage proposal from a certain respectable gentleman. Invited to a secret tryst at the stroke of twelve, she hopes to finally meet her longtime admirer. To her dismay, it is the heartbreaking Devon who lies in wait for his midnight lady. Before the pair can unmask their deceiver, they are caught in a passionate, if unplanned, embrace and forced into marriage. Although Devon claims he won't change his roguish ways for anyone, upon returning to London he is surprised to find that his once-timid bride has become an alluring temptress. But little does he know that Jocelyn has vowed to tame her handsome rake—in the ballroom and in the bedchamber.

After ditching meeting Jocelyn Lydbury at a dinner given by her father several years earlier, Lord Devon Boscastle, London's most famous rake, was still surprised to see her at the infamous Lord Alton Fershaw's annual house party in the English countryside. Unfortunately, each of them responded to a mysterious invitation to a secret rendezvous at midnight thinking it was for another and got caught before they could unmask who sent them their invitations; they were forced into marriage when they couldn't stand each other. Now, Devon had decided that marriage wouldn't change a thing but Jocelyn had different ideas. As their dance of marriage moves forward along with their desire to unmask who set them up, Devon discovers that he definitely made a mistake by passing up that dinner invitation years before. Will love triumph?

I really enjoyed this book. It's been awhile since I read a book by Jillian Hunter and I always liked her books.

I absolutely loved this one too of Devon's story. I loved how simple this was. I was reading from start to finish with rarely putting it down. I have many favorites because the stories are theirs alone, and this is true of this one too! Next up will be Emma's story in THE DEVILISH PLEASURES OF A DUKE.

Another great book in the series. I like the leading couple.
The story did feel a little rushed at times. And the font was HUGE.

Some great one liners and a some cheeky sexy humor, but for the most part very average. I've wanted to try this author for a few years and glad I gave her a try. I did end up skimming the last 1/3rd of the book as the story was predictable, but it held my interest enough to finish. Not sure if I'll read more by this author, but wont rule it out.

Se lee, pero en comparación a las historias divertidas y *smexy* que fueron el libro de Grayson o Heath esto no le llega ni por un pelo pero está al nivel de las historias de Chloe o Drake.

Devon junto con Drake era de los Boscastle más mujeriegos y juerguistas, así que imaginen su sorpresa cuando se encuentra comprometido con una mujer que ni "conoce". A simple vista parece la oportunidad perfecta para desarrollar una comedia o un romance lleno de enredos donde los protas comiencen una camaradería que nace de la complicidad de estar de acuerdo en que no están de acuerdo pero no se da. Y no es que Devon o Jocelyn no tengan potencial es solo que están ahí y no hacen nada. Ella muy tranquila con el arreglo y Devon desconcertado pero tirando. Es una historia *bien* para pasar el rato, pero no es memorable en ningún sentido.

Por ahora, esperando con "ansias" el libro del último de los mayores Boscastle: Emma.

Hunter weaves a masterful tale of seduction and passion in “The Sinful Nights of a Nobleman.” Devon Boscastle is a rakehell who has no desire to settle down and find a wife – until he’s forced into a marriage of convenience with a young debutante, Jocelyn Lydbury. For Devon, there’s nothing as passionate or as sexy than falling in love with his own wife!

The novel opens with Devon attending a social party in Essex. Several games and events are planned, and the party is scheduled to last a week. At the party he encounters a young debutante, Jocelyn Lydbury. Four

years ago her father invited Devon to dinner to meet her and Devon stood her up. After all, he has no desire to get married.

Devon trades barbs with Jocelyn and finds her to be enchanting. Later that night, Devon and Jocelyn each receive letters to meet in the castle's tower – masked. While masked, they share an intimate embrace. It's then they realize who each other, are and that they didn't write the letters that lured them to the tower. Too late – Jocelyn's father, a tyrant of a man, finds the couple in a compromising position and insists they marry.

Devon does the right thing and agrees. Despite himself, Jocelyn has made a dent in his carefully constructed armor. She's sweet and demur. His heart goes out to her when he discovers how her father has mistreated her. He also finds her inexperience appealing. Throughout the novel, Both Devon and Jocelyn are harassed by minor incidents which are meant to make them look bad, but both rise above the incidents. Devon tries to identify the culprit, but to no avail.

Devon takes his new bride to his house. Their lovemaking is passionate and intense. Devon vows not to take a lover, but it's hard for him to give up his night owl ways. He spends long hours out of the house, consorting with friends, not really getting to know his wife. Jocelyn is hurt.

Chloe, Devon's sister, takes Jocelyn out to the park where several young men flirt with her. Devon watches the scene unfold, jealously flaming his disposition. When he discovers his cousin, Gabriel Boscastle, talking to Jocelyn late at night, it's the last straw for his jealousy. He takes his wife to bed and thoroughly makes love to her. He stops going out with his friends, spending more time with Jocelyn. Still, he's reluctant to admit to himself that he's falling in love with her.

Devon's brother, Grayson, arranges a party for him and Jocelyn. While at the party, Jane, Grayson's wife, deduces Jocelyn is pregnant. While Jocelyn is in the nursery, she's kidnapped by a man who hates Devon, Matthew Thurlew. Devon leaves the party to find out who has been harassing him. He discovers it was Thurlew who wrote the letters to him and Jocelyn luring them to the tower. Thurlew hoped the incident would disgrace Devon. When Devon realizes Thurlew is at the party he races back to save Jocelyn. Devon shoots Thurlew. Then he takes Jocelyn home where he admits he loves her.

This is the fifth in the Boscastle romance series, and I've enjoyed all the novels so far. I didn't think I would like this one as much as the previous ones because Devon seems so self-absorbed in the others, but this one really highlighted the complexities of his character. Devon was very likable and romantic. The novel is fast paced and moves quickly. The plot is credible, but there were a couple of holes. Devon and Jocelyn are interesting, but I would have liked to have seen more "bonding" scenes between the couple, especially regarding how Jocelyn's family treats her. I was also surprised to see that Jocelyn's father, who insisted on the wedding, wasn't there. The last "hole" in the plot, is making Thurlew the instigator of the harassing incidents between the couple. It would have made more sense to have Jocelyn's brother write the notes and be the harasser of the incidents. Not only that, it would have been good fuel for more bonding scenes between Jocelyn and Devon.

The supporting cast is engaging and interesting. Hunter's love scenes are passionate, yet tasteful; erotic and sensual. The scene where Devon makes love to Jocelyn after finding her with Gabriel is especially erotic and powerful. It's not just a sex scene, but it's Devon giving into the love he's found with Jocelyn.

"The Sinful Nights of a Nobleman," is a romance that will keep the reader turning the page.

A good change-up in plot for this series - they were starting to get a bit stuck with the hero/heroine relationship.

One plot hole: why is Jocelyn not more upset that her father and brother back out of attending the wedding at the last minute? She also seems a bit "blah" about the fact that her dad hit her on occasion, too. Hmm.

It had a little of Heaths story in it and a tiny bit of Drakes story in it but a WHOLE lot of Devon alone!!! I love him as much as I love Heath!!!

This book was great, I couldn't put it down. It is part of a series and I never knew it, it had a beginning, middle, and end. It told the story of one of the Boscastle men. I can't wait to read about the rest. It reminded me of another favorite Tracy Anne Warren. Jillian writes about London Society as it is in my head. She is highly graphic in the love department and I fell in love with each and every member of the family.

i so wanted to read Devon's perspective ever since i read The Duchess Diaries..
i am a bit disappointed because i expected more of Devon's witty behaviour,,as seen in other books by his interactions..
