From some of your favorite bestselling and critically acclaimed authors—including Sandhya Menon, Anna-Marie McLemore, and Rin Chupeco—comes a collection of interconnected short stories that explore the intersection of family, culture, and food in the lives of thirteen teens.

A shy teenager attempts to express how she really feels through the confections she makes at her family's pasteleria. A tourist from Montenegro desperately seeks a magic soup dumpling that could cure his fear of death. An aspiring chef realizes that butter and soul are the key ingredients to win a cooking competition that could win him the money to save his mother's life.

Welcome to Hungry Hearts Row, where the answers to most of life's hard questions are kneaded, rolled, baked. Where a typical greeting is, "Have you had anything to eat?" Where magic and food and love are sometimes one and the same.

Told in interconnected short stories, Hungry Hearts explores the many meanings food can take on beyond mere nourishment. It can symbolize love and despair, family and culture, belonging and home.

From Reader Review Hungry Hearts: 13 Tales of Food & Love for online ebook

Beth says

Food. Culture. Family.

These are all kneaded together to create one tasty short story collection.

A for diverse authors and character representation.

Some stories leaped right off the page and others just kind of simmer on the back burner. It is an incredibly difficult thing to be able to fully develop a character in 30 pages or less.

I was expecting a little more meet cute type romance based on the title and the cover, but wasn't disappointed.

The best part are the little tendrils that carry over from story to story to create a wonderfully woven cohesive story.

However it may be a little tricky to get this in the hand of teen readers. It will require some hand selling, but well worth it.

Thanks to Edelweiss and the publisher for the ARC.

HOW IS THIS COVER SO AMAZING?!

Elise (TheBookishActress) says

releases: 18 June 2019

this is an anthology about food and culture and it sounds really cool.

Olivia (The Candid Cover) says

Anthologies are always hit or miss for me. However, I have high hopes for this book, as it features Sandhya Menon and Adi Alsaid. I have a feeling that there will be lots of different cultures represented in this one. I am just so thrilled to have a new YA food novel to add to my collection!

Divine says

SO EXCITED FOR THIS. I fckin love book twitter, sometimes I get all the good recs there.

Acqua says

I love this cover, I love food, I need this anthology

CynnTimerose says

I have never read a story collection that seamlessly flowed from one to the next. The generosity of the authors required is inspiring. In addition to my miniseries I want a character crossover to each story wiki and a map and a Pinterest inspiration board. I can see all of the people in each story and was thrilled with who got the last story.

Melanie says

This is all I want in 2019.

I need this one asap!

Mikaela says

I don't need to hear anything more than interconnected short stories and I am sold

Ivy says

I like food. I like anthologies.
