Act of Brotherhood

Mandy M. Roth

Act of Brotherhood Mandy M. Roth
Paranormal Shifter Military Special Ops Romance.

Captain Garth Ingersson is in charge of Paranormal Security and Intelligence Agency Special Ops Team Eight. Its a position he didn't originally want, but one he has grown to accept. The men who look to him to lead are like brothers to him. Especially since he and his twin brother had a falling out years ago. Much has changed for this ancient Viking over the centuries, but one thing remains the same--never thinking he has a true mate. This six-and-half-foot-tall Scandinavian is about to have his world turned upside down.

3 ???

Garth and Nicollette

Wow another long read from the Immortal Ops Universe... ?

It may be not as intense as the previous books but still a good read ??

Garth has a twin that is evil to the core, Grid who was targeting his mate Nicollette

I love that Garth is a Viking and that his team is a mix of German, Russian and Scottish heheh ?

The twist here is funny and was totally unexpected??

I really love that the banter between the shifters and the fang gang are still there and it never gets old ?..

Can't wait for Gram's, Cody's and Landros' and Auberi's story ?

.....

? Definitely loved this book always worth the wait for the next one to be released. Everything you can think of is in it Adventure, Survival, Fear, Jealousy, Betrayal, Suspense, Mystery, Action Packed, Loyalty, Hate, Lust, Love, Yep it's a Must Read!

??Garth and Grid Ingersson are twins who were born Viking Wolf Shifter. But one is evil, can his brother save the females and destroy his brother.

??Nicolette Henebury is human school teacher who is also a health nut. Getting her special order for preschoolers from the Bakery Nicolette, literally ran in to someone bet as soon as she looked up into his eyes it was kismet.

Miamigirl007 says

Died and gone to Valhalla!

Who doesn't love a hot Viking, some steamy Shifters, and sexy Vampires! When the PSI fellows get together you know there'll never be a dull moment. Haven't read the PSI-Ops books yet? Your missing out! If you love sexy alpha-shifters, spirited heroines, steamy action, and snarky humor this is the series for you.

We get to see some of our favorite PSI operatives in action. Can't wait to see what's still to come for our favorite Alphas!

Garth Ingersson, Viking alpha wolf shifter has been around a long time. This Viking has been around for over 1200 years to be precise and still making women swoon with his rocking Norse bod. In need of a distraction, Garth finds himself sent to Savannah on a "fluff" assignment. While on assignment he runs into a spirited beauty with an unusual palate. Nicolette is everything he has ever wanted, he can't seem to get his fill of her. Garth ultimately claims her as his mate and quickly loses control of his animal side. Believing Nicolette is human fearing for her safety, he quickly puts distance between them, ultimately leaving Nicolette vulnerable to the ultimate evil, his brother.

Nicolette Henebury, is totally unaware that the things that go bump in the night are real. She gets more than she bargained for when the Viking like hottie barrels straight into her. Nicolette instantly falls for Garth, after a panty scorching kiss she wants more. After a few unforgettable nights with Garth, she cannot figure out why she is drawn to the steamy Norseman, she only knows that she doesn't want their time to end. When Garth disappears without a trace into the night, she has no clue what to do. With Garth gone, Nicolette is left with little defense against the powerful danger that is lurking nearby.

When Garth finally gets his animal side under control will he make it to Nicolette's side before the ultimate evil can harm her? After her eyes have been opened can Nicolette accept everything she has just stumbled upon?

I received this as an ARC in exchange for an honest review and I couldn't put it down!

Dawn Dohey says

The books in this series keep getting better and better. Oh my what is a girl to do when she runs into the man of her dreams. Nicolette was the type of person who always wanted to include everyone and made sure no one was left out.

Garth was a 1200 year old wolf shifter who was on leave from the PSI and in town for businesses. Garth had no intentions of ever settling down his love of weapons and collecting them was far greater than his want of women at the moment. That however changes when he plows in to Nicolette on the street and boy did it ever change his mind. He falls head over heels with her and she him, but their union is going to cause a lot of trouble, confusion and many heads will be rolling.

However there is always a snag in the road and the past comes rolling in as an evil force in guise Garth's twin Grid they may look alike but they are not anything like each other. Grid was evil and loved to torture and kill those weaker than himself especially women. He sets his sights on Nicolette. His quest is to spread harm and make those who try to stop him suffer and the only one that can stop him this time is Garth. Will Grid win or will Garth and his friends finally put a stop to Grid's evil ways and save Nicolette and her friend.....you know the good guys always win. I just love the way the story plays out you just have to read to find out, oh and be on the look out for some of our past favorites.

It's the Vikings time!!!!!!

I absolutely loved this book!!!!

I love this series!!!!

So emotional, fast paced and full of action this book is a great addition to the series.

Mandy M. Roth never disappoints!!!!

I loved the rivalry between Garth and Grid and was heartbroken.

There are some amazing twists and turns in the plot that only verifies the ability of the writer to keep us to our toes and have us glued to her stories

Robin says

Mandy Roth - Act of Brotherhood: Paranormal Security and Intelligence an Immortal Ops Book 6

Finally Garth's Turn

Garth, a Viking Wolf Shifter, an intense alpha PSI ops has often been featured in previous PSI Ops books. An enjoyable character, he brings an element of humor and tough dedicated team member to the storylines. He is also a sexy Wolf Shifter male not looking to settle down with a mate as many of his teammates have, besides he believes he's not destined to find a mate.

The book starts with a look back into a PsiOps rescue which will break readers hearts, but also has great significance for Garth in the future.

This is a good sized book that lets readers really get lost in this detailed paranormal/urban fantasy world Mandy Roth has created and continues to expand upon (thank goodness for the descriptions of all the characters in the Immortal Ops Helper in the beginning of the book).

Many well liked characters from the series and spinoff storylines make have significant roles in this book as well as bringing lots of fun banter and humor.

The heroine , Nicolette, is introduced during the flashbacks and is reintroduced years later as a dynamic beautiful woman who has no idea of her early years or what she and her friends actually are. In fact she has no idea shifters, Vampires, Fey, etc actually exist.

Years later Garth and Nicolette bump into each other (literally) on the street and they end up spending two glorious days together before things get crazy, evil twin brothers appear and the rollercoaster action begins. Throw in romance , sexy seductive scenes, awesome secondary storylines and characters and you have another awesome book in the series.

Nikki Brooks says

Vikings ahoy! What do you get when you take one drop dead sexy, Alpha male Viking shifter and add in an eclectic mix of shifters, vampires and Fae? A fantabulous read!

Garth has been through the wringer recently, finding out your brother is Evil Incarnate can do that to a chap! But when he is sent off to a babysitting job, he bumps into the lovely Nicolette. She is everything he shouldn't want; human, deals with children and has an unhealthy taste for grey goop!

The story starts with Garth and his team finding a group of children from the Asia Project and the weird reaction Garth and Auberi have to one particular little girl. Fast forward 2 decades and the that little girl is about to do what no one else could - make Auberi and Garth cooperate!

Grid is lurking and some of the scenes with him are quite chilling. Similarly the scenes with the children made me tear up. I loved the interaction between all the Ops guys and Auberi and Garth are totally oil and water. My loyalties are divided between Gram and Striker as to who is my favourite Scot. Got to be patriotic and make them my funniest Ops guys!

Mary Heron says

Garth falls hard and fast.

Garth Ingersson team leader of group 8, a team of immortal shifters whose purpose is to fight and destroy an agency known as the Corporation, who kidnap and experiment in all types of supernaturals including artificially insemination to try and come up with a type of super soldier. Twenty years earlier he and others in the paranormal agency he works for, had raided a building and found a baby farm, with the babies and small children kept drugged and caged to control them. Garth found he had an extreme reaction to one of the children, a reaction he could not explain, and has never forgotten not stopped looking for her. Sent out of town on a mission he runs into a young woman Nicolette who immediately entrances him and he finds himself helpless to resist her, even though she's human. Unfortunately Garth's evil twin Grim who works for the Corporation is also watching her, Garth thinks she's just a bit ditzy when she keeps talking about him changing clothes and braiding his hair not realising that Grim is playing some murderous game which he plans to finish by killing Nicolette in front of him. Can Garth realise what is happening in time to save Nicolette that's the question. I really enjoy this series I especially love the camaraderie between all the characters.

JKAF says

Wow! I love love this series!!

Act of Brotherhood is the story of Garth the wolf-shifter and how he meets his match!

SPOILERS are included and I'm sorry but this book was so thrilling it's hard to know what to write and not. Trust me this book is truly awesome!

SPOILERS.....last warning!

A day that will stick in Garth's head forever happened 20 years ago during the capture of a scumbag. While searching the house, the PSI's locate a hidden level held unspeakable horrors...a lab, a breeding section and finally a nursery with children some as young as 6 months. The kids were all malnourished and most were drugged but luckily they were able to be helped.

Searc from the Fang Gang finds a little girl locked in a closet and she was in dire straits. Garth can't understand why is having such a need to protect her.

Nicolette's bestfriend Clara told her she was boring..she didn't eat junk food, she didn't drink (much), she certainly didn't bring strange men home she didn't know and she's a preschool teacher. Nicolette bumps into a very hot guy one night and decides to have a one night stand but then she realises that she really wants MORE!!

Garth knows there is something special about Nicolette but doesn't realise how special until it might be too late.

Tiana says

I received an ARC in exchange for an honest review.

Act of Brotherhood is the 6th book in Mandy Roth's PSI-Ops series. Garth Ingersson is an ancient Viking who leads a team of his supernatural brothers in arms, protecting humans and supernaturals alike, from those hell bent on world domination. Though his life was not always easy and he toed the line at times, he's managed to stay on the side of good. The same can't be said for his twin brother. Now his job is to find his twin and end his reign of terror. His life is turned upside down when he runs into a woman on the street.

Nicolette Henebury is happy in her life. She loves her job as a preschool teacher. She loves her best friend and roommate Clara. She lives in a lovely house in a wonderful area of Savannah. And though she lost her parents before she can remember, she was raised by her loving uncle who took great care of her. Though she's not as adventurous as her best friend, she has a pretty good life. That life takes a wild turn after running into a clumsy giant of a man on the street.

I liked this book. Garth is funny, kind and of course hot as heck. Though he was a little irritating because he kept denying what was so painfully obvious. Nicolette is quirky, but a real sweetheart. She had no self preservation but she wasn't a pushover either and when she learned about things that go bump in the night she didn't totally lose her s#!t which made me respect her even more. The two together were scorching yet with that added sweetness. The book was a little long, and I especially struggled through the prologue. It just felt like there was too much information being presented, almost too many details, I was ready for the story itself to start. But once the story started it kept my attention. It had a lot of action, the love scenes were panty melting and of course all of our favorite characters were back with their antics, Striker, Edee and Duke to name a few. We also meet Clara, Nicolette's best friend, who is not only hilarious but tells it like it is, I so love her honesty. In the end this was another good story added to the series. I very much look forward to seeing whose book is next. And I absolutely can't wait for Striker's book.

Pam Louis says

This story starts 20 years ago when garth an immoral wolf shifter is working for the paranormal security and intelligence (PSI) on a mission and finds a secret lab full of kid but on little girl semi to have caught his and his wolfs attention then she got sick and a vampire gave her his blood, all hell broke loose and he never saw

the little girl again.

Present day.

Nicolette is a school and lives with her best friend Clara. While on the outside their lives may look normal they are far from it.

One day Nicolette runs into Garth and her whole world is turned upside down.

OMG OMG THIS IS AWESOME. Funniest story ever so full of action, drama, betrayal, mystery, intrigue, craziness and so much more. I love the interaction of the characters their hysterical. I couldn't put it down and didn't want it to end! It's awesome!

Voluntarily reviewed a copy and I honestly loved it.

April Symes says

Another great book in the P-Ops series. Be prepared to laugh and cry, sometimes at same time. This story has lots of heat, instant connections, action, adventure, intrigue, passion and love. I enjoyed watching Garth find his mate all while he has serious issues with Auberi. I don't want to give any spoilers away so what I will say is the romance between Garth and Nicolette is sizzling. I loved the plot, the characters and the way that this story flowed so smoothly. There is a big twist in this story which could impact his new romance but when it comes to these P-Ops men, they are all about their mates. Get ready for tons of laughs, passion and action.

My Rating: 4.6 stars *****

"I received an advanced copy of this book from the author at no cost to me."

Kathy Tozzi says

Act of Brotherhood

PSI-OPS Immortal Ops Book 6

Mandy M. Roth

Another great book in an incredible series!

This is the story of Captain Garth Ingersson (6 ½ Foot Scandinavian Hot Viking/Wolf Shifter) and his mate Nicolette Henebury.

There is a whole new crew to swoon over and to get to know as well as all the loveable characters from previous books.

Garth and his team stumble into a scene that mirrored Nazi Germany during WWII. Children who were being used as lab rats for scientific experiments. A scene that brought back past nightmares for a few of the team. There are 2 little girls in particular that tug at the heart strings of Garth and sends a buzzing sound through him.

Fast forward 20 years.

Garth is on mission in Savannah, Georgia when he feels a tug and a buzzing that reminds him of the children in the past. He literally runs into Nicolette on the streets.

Nicolette and her roomie/ best friend Clara have been inseparable since childhood. Where Clara is bubbly and always out and about, Nicolette prefers to be more practical. Clara loves being outdoors, Nicolette burns in direct sunlight and has a peculiar taste in foods.(Get where I'm going yet)?

Not quite understanding why, Nicolette is drawn to Garth and can't get him out of her mind or heart.

Unknown to her or Garth, there is another who has found her and he looks just like her Viking. Two hot Vikings identical in looks but completely different in every other way. One good, one evil. Only Garth doesn't know his evil brother is in town, YET.

A battle is on the horizon, one that will put brother against brother. Old scars are reopened and choices have to be made. If you have been following this series you won't be disappointed. All the favorite characters join in. Lots of love and huge laughs are in store for sure.

I was provided a copy of this book in exchange for an honest review

Pogo Frankman says

I have always loved this series and this book is a great addition to the series.

Garth is a grumpy Viking Wolf Shifter. Huge and good looking he is successful with the ladies when he finds the time which isn't often. At over 1200 years old, he is pretty certain he will never find his true mate. Nicolette is a pretty preschool teacher who lives with her best friend. She has no idea that wolf shifters exist but has a thing for Vikings. When she literally runs into Garth, she finds that he is the cupcake covered man of her dreams; until he runs off naked in the night. As for Garth, he has claimed Nicolette, but she can't possibly be his mate since she is human, his wolf thinks otherwise. When she and her roommate are targeted by his evil twin(yes an evil twin named Grid, even his name is vile), Garth, his team, and the Fang Gang rush back to Savannah to save them. Turns out that Nicolette is not as human as she thought (her parentage is an amusing surprise) and that she was one of the children Garth and his team rescued from the Corporation twenty years before.

As usual Ms. Roth has combined edge of your seat suspense with romance and almost non stop action. I stayed up way too late reading this one and then I read it again. Viking wolves, vampires, fae, and Shark shifters? I can't wait to read the next one!

This book was given to me in exchange for an honest review.

Cheri says

Garth has been part of the PSI team for years. A mere drop in time of his long life. He's made loyal friends and some working enemies. Nothing better for "the guys" to sit around and watch a fight to the falling-down-exhausted. Nothing will bring these two together--or is there? He's watched many of his brothers fall victim to a woman, mate. Not happening to him?

Nicolette has a lot of secrets in her past. Secrets even to her. Unlike her roommate, she isn't one to sample some of the guys in her sphere. Of course, as a preschool teacher, she is less likely to have many to choose from. Cupcakes. Who'd have thought a box they shared--all over their clothes, would be the beginning. Huge hot Viking guy, gorgeous hottie.

The beginning or is it? An enemy who is his twin. A mission with his work enemy. What do they have in common? Is there anything that could bring them together? For those new to PSI the OPs world, you will love meeting all of the characters, teammates and their camaraderie. The jesting goes almost beyond

tolerable. For those who are already fans, there is a lot of the other guys we love and they are at the top of their game--for picking on each other.

The bad guys are evil, the good guys are hot and funny, the romance steamy as all heck, and the story--one of the author's best. DO NOT MISS THIS!
