## **Last Call Europe: Siberian Husky** Belinda McBride

When Plain Jane Genie wanders into the Last Call and casually orders a drink, she doesn't know it's a paranormal bar. She doesn't even have a clue her cocktail has a secret code that she's delivering to all interested parties. She just wants to spend her last night in London around music and people instead of staring at the walls in her hotel. As she sips her cocktail, she is stunned to hear a sexy voice whisper, "Let's play..."

Luka and Quentin are shape-shifters, and when Genie crosses their radar, they don't care about her dull clothing or the fact that she seems to be a mundane human. Their Siberian Husky senses tell them that she is much more, and she is exactly what they want. The chase is on, but who catches who?

Siberian Husky: Catch me if you can!

## From Reader Review Last Call Europe: Siberian Husky for online ebook

### **Mona Livsey says**

Last Call Europe: Siberian Husky by Belinda McBride

An erotically scintillating, adventurously quirky, and incredibly fun! Author Belinda McBride brings to life the Fantasy's and desire many want, but never find.

For Genie, her drab nonexistent life is finally set free to be who she was truly meant to be. As Genie spends her last night in London, her life shifts to a more colorful and exciting turn of events.

Between fun loving romping and laughter, sensuality and erotica, three lives become one. But will they stay as one or continue on as their lives began, separately.

Grab this amazing Novel and journey along with these amazing characters. I recommend this to Paranormal Romance and HEA Stories.

Well done!! ??

### **Aymee says**

An engaging and entertaining story that won't let you go until you've finished every last word. True to the author's style, there is a lot of fun, a lot of emotion, and a whole lotta steam. Full of magic and personal revelation, this is one great read.

### **Sharon says**

boring. there was no story

---

### **Heather says**

PORN!

---

### **Janette Lopez says**

She had done it AGAIN!!! Fabulous story great characters and STEAMY scenes!!

---

### **Carolyn F. says**

A little silly, in a good way, threesome where two men admit they love each other as more than friends. Sweet story. 3-1/2 stars

---

## Erin Kyle says

This is sweet and fun and hawt and magical and SHORT!! I was not anticipating how short this story is. And that is one of my complaints. I wish it were longer!! I would've liked to see more of these characters because I kiiind of love them -- especially Luka and Quentin.

The story twist didn't come until the very end, and it was such a large and fundamental surprise that the story *\*needed\** to be longer in order to do it justice. Alas. So as it stands, the surprise twist is weak; it comes out of nowhere and surprises you and then the book's over, pretty much.

But the steam is very (ahem) steamy, the characters are great, and the writing flows well IMO. There are M/M/F and M/M scenarios, so if either bothers you, perhaps you should pick a different book.

But if you like shifters, hawt menage lovin', romance, and magic, this story is definitely for you -- despite how short it is.
