Positive Attitude Scott Adams

"Today I had a choice of doing something important that no one would ever realize . . . or doing something that would look like an accomplishment. So I attended meetings until I could no longer appreciate the difference." --Dilbert

Proving that corporate CEOs are indeed clueless, that PowerPoint presentations are at best perfunctory, and that the Office Nemesis is an omnipresent force to be reckoned with, Dilbert creator Scott Adams offers his 29th comic compilation all in four-color.

Dilbert continues to be the voice for the embattled cubicle-dwelling Everyman. With best-friend Dogbert, and a veritable who's who in accompanying office characters ranging from the Boss and Wally to Alice and Catbert, Dilbert offers a reflective critique of corporate.

Timothy Boyd says

We all might have started out like Calvin with a great view of life. But after hitting the workforce we all somewhat become Dilbert. Everyone knows someone like one of the characters in the strips. Highly recommended

Duane says

You just cannot go wrong when it comes to work humor and Dilbert. A great book to make you laugh out loud at all the insane things that goes on everyday in every workplace.

Sarah says

Pretty much what I was expecting but only a few really resonated with me. There was less office culture humor and more that just seemed bullying or mean-spirited. Mostly, I'd give the book 2 stars but the few standouts raised it up to 3 for me.

Nathan says

So sad how much of this book relates to my job.

Dominick says

Something slight and easy to read in increments of a few minutes at a time, and very serviceable in that context. Consistently amusing, rarely surprising or laugh out loud funny. But Adams's wonky wit and propensity for vivid metaphor and simile amuse me.

Tori says

Dilbert is always delightful. I liked the telekinesis, Alice's temper, and the spooning.

Cale says

Pretty standard Dilbert collection. There are a couple of standouts - the dead horse one in particular really got me, but no stronger overlying or underlying themes. Just more Dilbert, which is good enough.

Jason says

8/19/07

Jimyanni says

This is at least the 29th Dilbert book, and they are almost all hilarious. This may be the best of the lot so far.
