House of Aces Pamela Ann , Carter Dean

Warning: Due to heavy adult content, this book is only recommended to MATURE readers. Certain settings contain graphic depictions of violence with trigger-inducing scenes.

This is book one of the House Of Aces Series.

Can you put a price on a human being?

Can you put a price on love?

In the Katana family, a price must always be paid, be it with currency or a life.

Bombarded by a house full of dark secrets, abuse, a never ending sequence of lies, and with no one to trust, how can one survive a harsh world full of deception and trickery?

Crystal Marie says

I found this book being promoted on Facebook so I thought what the heck, I would get it and give it a chance. Oh dear Lord, I am addicted to this series already. The book is short, less than 50 pages but this author can give you a whole story, leave you begging for more and sitting on the edge of your seat in just those few pages.

Ryan was raised by his aunt and uncle, they took him in after his parent's death. He knows their wealth came at a price, but he wasn't clear who was paying that price. The family business was to go to poverty ridden countries, bring two beautiful women who came from poor families and give them a home with them. The promise of schooling and earning money was a lie, he knew that, but he could live with the women becoming prostitutes since they have the option to go home after a year.

Once Ryan had proven himself to his uncle that he was man enough to take part in the business, the truth of these women's lives became clear to him. Along with the truth of the business, he is confronted with the fact that his "assistant" that he was given, wants more from him. She wants Ryan to basically abuse her and have sex with her, but he cares too much for her to do that. He is going to have to find a way to keep her from insisting she become an Ace and be abused by stranger. He has to keep her in the house with him so he can assure her safety. Just as he thought he had all he could handle, the book ends when he comes face to face with the final destination of these used women and the one connection to his assistant. Now he really has to come up with a plan or many women, including his Vera will face their death sooner than planned.

I am dying to get my hands on the next book. It rarely happens, but I have become addicted in less than 50 pages of a book. Make sure you get your copy, this one is well worth the 99 cents.

Ebony says

This book is not what I expected!!! This is the first book by Pamela Ann and Dean Carter that I have read and I am completely hooked....cliffhanger and all ;)

This book is filled with mystery, sex, danger and so much more. I enjoyed this book very much and am hoping that I don't have to wait too long for the next installment.

I will definitely be reading more from these authors and following them a little bit more closely :)

Kristin Campbell says

I have always favored human trafficking stories because it's such a controversial subject and a real horror in this day.

This book is told in the eyes of a man(boy) whose family are the traffickers. It's really interesting to see from

this perspective and not the eyes of a victim.

This novella is more like a prelude to a bigger story. It sets up the events with a major cliffhanger that will have you begging for the next chapter!

Olga therebelreader says

This book just didn't do it for me. I'm so disappointed. I was expecting something else. As the story progressed the pace slowed that I felt bored and I kept wondering when something was going to happen.

Krysti Beyeler says

If you have ever have read any of Pamela Ann's books you'll love this one. It is a little darker then her others but she always leaves you wanting more. Just like any book I've read of hers I couldn't put it down and finished it within hours of starting it. Can't wait to find out what happens in the next book!

Juli Pichardo says

Not the same

I love all of Pamela Ann books but something was off with this book. I don't know what it is exactly but it wasn't like her others book. the main characters are too gullible and I can pretty much predict the whole story line of this series.

Janelle Shio says

Rating: 4 Stars!

Dear Readers,

I love Pamela Ann and I read everything she writes. When I finished reading House of Aces my initial reaction was "That's it?! I want more..."

It was a short read but it is very intriguing. I've been an ardent reader and this book is something new to me. The story line is very promising and I can't wait to read the next book in this series.

Kudos to Pamela Ann for another great story...

Note: This book was given by the Author for an honest review.

Jyoti Achameesing says

I love reading Pamela Ann Books. This book is totally unexpected ! The dark side of human traffic, Ryan works for his Uncle business of tracking hot and beautiful women from poor countries. So far he has been doing well and is promoted and is being coached by Tony. Ryan discovers how bad is the dark business. Honestly need to read more to make up this new skill of the author of dark avenues!

Lucinda - I JUST LOVE TO READ says

4 stars

WTF did I just read????

I want the 2nd book NOW!!

Rossy says

3.5

Too short for what I usually read, but kept me wanting more! Where's book 2??

This is book one of the House Of Aces Mini Series.

Can you put a price on a human being?

Can you put a price on love?

In the Katana family, a price must always be paid, be it with currency or a life.

Bombarded by a house full of dark secrets, abuse, a never ending sequence of lies, and with no one to trust, how can one survive a harsh world full of deception and trickery?

Alizon says

An interesting start to what looks like a fantastic new series from Pamela Ann and her coauthor.

Ryan makes an appearance and then flashes back to when he learned what the family business was really about. He's just taking in that information when another bit of a surprise is thrown at him from his cousin.

It's a short novella with a cliffhanger ending, but I can't wait to see what comes next.

Angela says

I love Pamela Ann but I don't understand Novella's. Yes I get it's a short story but it's not suppose to have a part 2/3! When authors write novella after novella I feel like they are taking a short cut to put more books out! I don't want part of a story, I want a book! I wish authors would just write one book rather than 3 to 4 novellas (parts of stories). Very disappointed! Still love Pamela Ann though!

Sherry Galloway studdard says

This book was gifted to me for my honest review. No Spoilers. You need to read the book.

I wanted start by saying. I read Everything Pamela Ann. I completely love her work and think is she pretty amazing.

This story is a little different from her other work. It's Darker and Deeper on a whole other level.

This book is an amazing setup for what is going to be an Emotional, intriguing, Controversial Love Story.

Ryan is young and naive. Vera is a complete mess. Tony is very flawed on so many levels. This book was a little short

for my taste but I am sure every installment will be packed with all the excitement we can handle and the angst

that drives us mad for more. Bring on the next installment. We are waiting with baited breath.

Chantel says

I was gifted a copy of House of Aces for an honest review. Pamela Ann and Carter Dean have chemistry that is apparent in this book. I have mixed feelings about this book due to the dark topics in the storyline, but has an interesting plot. I enjoyed the love story between Vera and Ryan. I did not hate it, but I did not love it like I usually do Pamela Ann's books. I am a huge Pamela Ann fan since the day I bought and read Chasing Paradise. I own and have read all her books. I love them all. She is an amazing and talented author that writes storylines that take hold of her readers and creates the readers to have a love/hate relationship with her characters. She uses this amazing and talented writing in House of Aces, but this is not a typical Pamela Ann book that will have you swooning and squirming after a hot and passionate scene. This book has a storyline that contains dark topics of prostitution, trafficking, and domestic/verbal abuse. If these are topics that make you uncomfortable or you do not like reading about these topics this is not the book for you. So, please remember if you do decide to read House of Aces to remember that this not a typical Pamela Ann book, but a book that contains dark topics that has an interesting plot to it. I will read book 2 because I am interested to see which direction Pamela and Dean will take the relationship between Vera and Ryan and how will Ryan handle all the new and dark information that he is learning about the family business.
