It is a very responsible thing to translate the Holy Scriptures from their original languages of Hebrew, Aramaic and Greek into modern speech. Translating the Holy Scriptures means rendering into another language the thoughts and sayings of Jehovah God, the heavenly Author of this sacred library of sixty-six books that holy men of long ago were inspired to write down for our benefit today.

That is a very sobering thought. The translators of this work, who fear and love the Divine Author of the Holy Scriptures, feel toward Him a special responsibility to transmit his thoughts and declarations as accurately as possible. They also feel a responsibility toward the searching readers who depend upon a translation of the inspired Word of the Most High God for their everlasting salvation.

It was with such a sense of solemn responsibility that over the course of many years this committee of dedicated men have produced the New World Translation of the Holy Scriptures. The entire work was originally released in six volumes, from 1950 to 1960. From the start it was the desire of the translators to have all these volumes brought together into one book, inasmuch as the Holy Scriptures are in actuality one book by the One Author. While the original volumes contained marginal references and footnotes, the revised one-volume edition, released in 1961, contained neither footnotes nor marginal references. A second revision was released in 1970 and a third revision with footnotes followed in 1971. In 1969 the committee released The Kingdom Interlinear Translation of the Greek Scriptures, which presented under the Greek text revised by Westcott and Hort (1948 Reprint) a literal word-for-word translation into English. During the past 34 years the New World Translation has been translated in part or in its entirety into ten other languages, with a total printing and distribution surpassing 39 million.

This new edition is not just a refinement of the translated text beyond its already previous revisions, but it has been expanded to include a complete updating and revision of the marginal (cross) references that were initially presented in English, from 1950 to 1960.

This 1984 revision has been released by us to the Watch Tower Bible and Tract Society of Pennsylvania for printing, translation into other leading languages and distribution. We thus make it available with a deep sense of gratitude to the Divine Author of the Holy Scriptures, who has so privileged us and in whose spirit we have trusted in producing this revision. We pray for his blessing upon those who use this translation for spiritual advancement.

the best book EVER written. This is the most accurate translation of the original manuscripts you will ever find, and it is truly a life saver. Seriously~ if you read this book and follow what is outlined in it, then you can have everlasting life! No joke! You will live forever! So~ go read it! And don't worry about how long it takes you to read it. Some people can do it in a few months, other people take 2 years! But you definitely need to read and meditate on what it says!

My first Biblical reading was from this. I began to notice some differences between this and my family's King Jimmy on the book shelf.

Vigilante says

"All scripture is inspired of God and beneficial for teaching, for reproving, for setting things straight, for disciplining in righteousness, that the man of God may be fully competent, completely equipped for every good work." - 2 Timothy 3:16,17.

Now, this is the book that help you to save your life. The bible is the most profound book that I have ever read. I am still reading and learning from it. I study from it daily. I never tire of it and can actually picture in my mind the people who are depicted in it. I meditate on the scriptures and learn daily with this book.

I highly recommend it to everyone who truly wants to live forever and to be able to see your your loved ones again, here on the earth in real life.

You will have the possiblity to be able to live forever here on the earth, as Jehovah's Kingdom will rule once again here on the earth and he promises no sickness, no death and he will have a princely rule by Jesus Christ. No more sickness, no more death, no more aging, a worldwide healing by Jesus. Who wouldn't want that?

THIS IS NO Faiytale. This is a prophecy that will come true. Revelations 21:3,4.

I am an 11 year old girl. I read the bible and meditate on it each day. I am a Jehovah's Witness. My mom is a full time pioneer and my goal is to follow her footsteps. This book gives me inspiration and hope for the future. I love it and continue to read it. I find it hard to put it down. Jehovah's Witnesses try to encourage bible reading throughout the world. The bible is God's word. "That people may know that you whose name is Jehovah, you alone are the most high over all the earth." Psalms 83:18. So I leave you with this, whatever the case may be, you can always pray to Jehovah for guidance, making sure that you end your prayer in his son Jesus Christ's name. After all, he did give his life for us so that we could have everlasting life here on earth." "For God loved the world so much that he gave his only begotten son in order that everyone exercising faith in him might not be destroyed, but have everlasting life." John 3:16 Another comforting thought is found at Revelation 21:4 "And he will wipe out every tear from their eyes, and death will be no more, neither will morning nor outcry nor pain be any more. The former things have passed away." It is truly inspiring.

This is of couse the best book ever written, and the best translation available. I recommend it for everyone!

Phillip says

Best English translation of the Bible. The committee's goal was to translate phrases to not only faithfully represent the meaning, but to also use vernacular of modern English. The result is a Bible that anyone can read and easily understand. And since the Bible is the most important and influential book of all time, this is the way to go!

Brandon says

no other book like this. Amazing read. Saved my life.

Ashley Cooper says

The one, the only, the best book EVER!

Cliff says

Best Bible translation period. Literal throughout, but discerning enough to know when a word for word translation would throw the English reader off. Not pressured by clumsy wording to support false doctrines. Uses the divine name throughout. Modern English. Most accurate Bible I have ever read.

Michelle says

This is my lifeline. Without it I would have no hope.

Robert says

My beloved assures me that this version of the Christian Bible is the best for accuracy and readability, and in some ways, I am agreed. Being one of those individuals with a lot of free time on their hands, I have read several versions of the Jewish Tanakh and the Christian New Testament, and find this one to be one of the clearest. Of course, having been raised Catholic, I will always be partial to their versions of the Good Book.

Pseudo Surrealist says

Clearest translation ever!

Hannah says

It is an awesome book!

Lg says

I just couldn't put it down!

Russ Painter says

This is actually a collection of books put together by the Catholic church about 300 years after the last characters in the stories had died. It's in 2 major parts.

Part 1: The Old Testament

This consists of myths mostly copied from the myths of other primitive cultures. The original versions of these stories had many gods, but these had been edited out for the most part in an effort to rewrite history by people who were embarrassed by their polytheistic past. I think this is a shame since the polytheistic stories are more entertaining. The main god who made the cut was "Jehovah" or "Yahweh" who in the original versions was the character of the God of War. This character like similar god characters is jealous and cruel. He delights in death and has no problem with genocide. One part that makes these stories hard to read is that women basically had about as much rights as animals, and the characters were not at all bothered by the death of women.

Part 2: The New Testament

This section is mostly about one main character - a half-human demigod who claims to be the son of the god of war from part 1. These stories were written by a few different authors agree very little on the actual details of the story. This demigod character shares some of his father's traits, but is much milder tempered. I think the worst attribute he shares with his father is his racism. He would only share his message of salvation with people of his own nation (Jews). He felt that people from other nations were beneath him. But after he died, a man who had not previously met him came along and decided to make a franchise out of this demigod story, and he spread it to non-Jews (claiming that the ghost of the demigod told him this was OK). Part 2 is not nearly as gruesome as part one, but the stories aren't very entertaining either. Mostly squabbles between the demigod's followers. The only highlight is the trial and execution of the main character and subsequent zombie invasion of the city (this part is sadly glossed over for the most part). And there's some apparently drug induced hallucinations at the end which have disturbing imagery, but no substance.

I find it funny that most people who love this book, and there are many, have never actually read it. Having an old fart tell you what a book is about does not count as reading it.
