Bloodshed of the Mountain Man William W. Johnstone

Where There's Fire, There's Smoke

Smoke Jensen has journeyed up to the Colorado Rockies to sell a prized bull to a local rancher. Instead, the rancher and his wife have been mercilessly slaughtered by outlaws only moments before Smoke's arrival. In a hail of bullets, Smoke pulverizes two of the murderers and drags two others to the town of Brown Spur for justice. Come hanging day, the two killers are on the way to the gallows when a thundering gang of raiders crashes into town and rescues them from the jaws of death. When the bloody onslaught is over, dead bodies litter the streets, and Smoke Jensen is a man on a mission.

Calling themselves the Ghost Riders, a savage gang of outlaws has stealthily moved in from Wyoming Territory. Smoke now has a personal motive for going up against the Ghost Riders. No matter how many they are, no matter how many guns they have, he'll hunt them down—one killer at a time...

Shane says

I liked it. I don't put Johnstone on the same level as Louis L'Amour, but if you like westerns, you're likely going to enjoy reading books by William Johnstone.

Chase Stockstill says

Would make an alright action-western film I suppose, but as a book it never quite grabbed me. Not very surprising considering this is number 43 in the series.

George T. Nation says

Enthralling!

As usual, the Last Mountain Man trilogy delivers a great read with plenty of action. The legend of Smoke Jensen continues and carries Pearlie and Cal with it.

Barbara Lee Wood says

DESTRUCTION AND HEARTBREAK

Life can throw you a boomerang and doesn't necessarily have to come back the way it was thrown. Hannibal aka Enid Prescott, a dishonorable discharged officer from the U.S. Army, who stole Army's guns that eventually fell into the hands of warring Indians. He was narcissistic woman beater and thought because he was a West Point Graduate, he should be promoted to Major as was the graduates of his class. This man engaged in robberies, murdered everyone no exceptions. Smoke Jensen presented his prize bull for sale and it was bought by a rancher. Smoke was delivering the bull to the rancher when they heard a scream and gun fire. The rancher and his wife were murdered by the GHOST RIDERS led by HANNIBAL...Smoke goes to the governor of Colorado to ask him to appoint him as a Colorado Ranger to hunt down the murderous GHOST RIDERS he was granted this title until he hunted down and killed this gang of outlaws. Smoke completed what he said he would do. You must read this adventure of SMOKE you'll laugh at some conversations and become teary with others....

larry brashear says

Great!

Another fine western tale by my favorite author. I do not understand your 20 word requirement. It is a good

book.

Mark Luongo says

Other than the rather abrupt ending that left me disappointed, it is another one of Johnstone's page turners featuring Smoke Jensen. This time Smoke is facing down a band of brutal outlaws that don't care who their victims are, especially if they are in the way of their plans. The usual gunfights, romance (saloon girls abound) and plot twists that characterize these novels are all there. This is #43 in the series. I guess I have a lot of catching up to do.

eric j fredrickson says

Just another good book. Easy to read hard to put down. Smoke Jensen stories never get old. Just wish there were more
