Eye of Re Amy Sumida

The Award Winning Godhunter Series Continues!

Vervain Lavine is finally about to become a mother. But she's also preparing for marriage... to four men... all at once... and the baby's father isn't one of them. As if all that isn't complicated enough, the memories she brought back from an altered future have found their way into the dreams of her favorite sun god. All she wants to do is forget the horrible fate that she's escaped but now it looks like she may have to face it all one more time. Will the Godhunter be able to put the future in her past or will she be lost forever... within the Eye of Re?

Mercy says

Wow, I just can't describe... It's so good, so bittersweet.

T. says

I loved and hated this book in the Godhunter series-- the whole kidnap, drug, and attempt to influence Vervain theme is getting old. Eye of Re provided an opportunity for Sumida to go off on a what-if-this-had-happened-instead tangent--an excuse to play around with the changed timeline (see prior book), which I found entertaining, but didn't adding much to the overall plot. Despite the forward progression of the storyline, I was caught up in the backstory of Atlantis and other secondary characters (gods). Good story mixed with eye-roll tangents.

Brandy says

Let me start off by saying I love this series. This particular book, however, I disliked. I don't like the story line of Vervain and Re getting together. I liked Re as a secondary lesser character. Putting those 2 together felt forced, not a natural progression at all. I just can not fathom how she would want to add him as a lover after what he does, and the potential harm that he put her & the baby in. In this book Re comes across as a very selfish person, only caring about himself. He has no regard for her feelings or anyone else's as long as he gets what he wants everything else is inconsequential.

Megan Johns says

I had a bit of a time reading this one, since its a book I could of lived passed half of it. But over all a good addition to the series!!

Lauren Grice says

I love The Godhunter series. Vervain is hilarious and I couldn't wait to read the next one every time. These books were awesome. Arach is my favorite. These were very well written.

Brandi says

Excellent!

Wow what a great story! I love Vervain and her love life. Her men are amazing. I also love her world. The adventures are amazing. I definitely recommend this series.

Talltree says

3.5 stars

Terri West says

Yet another very enjoyable episode in Vervain's life. I was in hysterics over the view she has of her pregnant body and really could empathise with how she felt. Great series.

Bri says

Love

So I'm lazy and decided to only write a review for one of these books. I picked this one because this is the book that kept popping up on my kindle of books I might like. I kept putting off reading these because this is the 17th book, and with most series I get burnt out by like book five. Well I finally caved and decided to start. It has been around a week and a half and I finally got to this book! I am so glad i caved and reads these, I love them. So if you're like me and this is the book that keeps showing up, start at the beginning and just do it, they are all so good. :)

Kira says

Great book, love the series.

Colleene says

Very intriguing

I have always been a fan. Now I have to wait till the next book. How torturous! BWAHAHAHA! Couldn't resist. LOL

Tiblu says

Enough with making Vervain a victim already ! Please!!

Ok,I can't begin to express how difficult this is to write, I adored this series soo very,very much!!! And I feel Ms.Sumida has one of the most amazing imaginations around,I'd just read book 19 before this book (No spoilers) (I had been purposely keeping myself a few books behind not wanting to catch up,wanting a "new"

godhunter read at the ready for when ever I needed it) when I saw "As the Crow Flies" had come out and out curiosity started to read just a few pages ;) (as you do) but of course then COULD NOT PUT IT DOWN!! It was soo damn good!! Soo I then was eager to come and read read, Yeah.... Well ,best laid plans and all that... I knew Re already had been added to her menage/reverse harem before book 19 but sadly I'd hoped the addition had been a break from her past history of Blue, Arach (♡?, love Arach now but the start was f a r pretty) and Anubis and The Native American Twins (sorry only remember one was called Toby) and kinda sorta w/Morpheus ,any way the list is way,way too long of jerks/sometimes monsters and or would be suitors who resorted to kidnapping and or forced persuasion hoping almost for a version of "Stockholm" love to take root to get what they wanted,and sadly too often they did..... Re though was just a spoilt child in all this,seriously! Waaaaaaaaaaaah!!! I THINK I LOVE VERVAIN!!! I SHOULD HAVE HER BECAUSE I WANT HER!!!! WAAAAAAAAAAAAHHH screams the spoilt " sun god" like a two yr. old in the toy dept.... Seriously that's all Re really did (sorry for any and all spoilers) ,Re has been overwhelmed by these "memories" (though they AREN'T memories BECAUSE IT DIDN'T ACTUALLY HAPPEN!) of a future that hasn't happened yet and isn't likely to w/things repaired w/Odin but from the deeply and truly FALSE memories Re decides he "Loves" Vervain (even though True love always wants what's best person they love and puts their needs 1st) Well spoiler alert: THATS NOT RE!! Re makes a pass V tells him,hey,I'm pregnant by one husband and getting ready to marry 4 more I'm happy w/what I have,I don't need more... And you know what ? I believed her,V even at the end when she finally concedes (and I DO MEAN CONCEDES) she doesn't really him,she says she loves him but honestly I can't see why and after kidnapping her (and forcing this false memories on her and nearly getting both her and her child killed) which he NEVER ever apologizes for, it just didn't ring true... At all... Surely if Re had had ANY love in his heart for he he'd a be on his knees begging forgiveness,knowing he's unworthy not demanding entrance into her lil harem,acting like he's supposed "love" gives him rights he NEVER earned.. V bless her tries to say No,out of love and fairness to her other men,but the inner workings of her magic supposedly won't let her say the No! She seemed to truly wanna give... Why,why,WHY?!?!? Was this happening yet again I asked as I almost cried at one my most fave characters being abused yet again,Yes abuse because there was little that wasn't anything but selfishness w/Re and I "think" I have it, but it didn't help... It feels like V's creator wants her to have a reverse harem (which like this (loving and monogamous like it and they try to be, w/all the romantic and sexual interest only on the woman,I'm ALL for it!) but in order for others to keep from slut shaming V , V gets turned into a victim I think,I mean from the very beginning w/Trevor when she was w/Thor still,she's gotten tricked or coerced into most of her men (not Kirill or Az and Odin (is kinda in a league of his own) but surely w/an imagination as incredible as this beloved writers there can be a way to give all the men she needs or desires w/out making her a victim and taking away her free will... Re doesn't deserve a place in her life and V deserves her free in her love life, being made a victim isn't better than being called a slut ;(

Laurie Hopkins says

Wow, wow, wow

Yeah a wedding and baby and I can't believe Re did that. And oooh I can't give anything away but there are some doozy twists in this book.

J says

I hated Re and I still do.

JadeShea says

Vervain is fixing to have a baby and get married, but since her trip to the future she's brought back some memories that she wasn't suppose to have. And Re also sees them and won't let her go. She must figure out a way to fix this before she is lost forever.

This one wasn't as good as some of the previous books. I was a little annoyed with Re at times. I really couldn't stand him a few of the times, especially in Vervain's memories. He did some jerk off things that frustrated me beyond anything. But, I really liked the way it worked out in the end, and I look forward to reading more in the series.
