EMP No Power review

EMP No Power Book one is a post apocalyptic book with a cliffhanger ending written by author J. S. Donovan.

Sandra Burgess says

great book

Could not wait to read more. Kept me on the edge of my seat wanting to know what was going to happen next. Loved it hope you have some more as I only get free ones as I am on a fixed income.

Linda Collins says

Emp

Great context and characters...Harper who is one of the main characters turned out to be very forceful in getting the job done...She thought they found somewhere safe to stay with the townspeople until a ruthless gang showed up...very well written

Colin says

EMP

Female lead, but NO just NO. Awkwardly plotted, unbelievable characters, weird action sequences, terrorists mentioned in the opening chapter but mostly ignored thereafter.

Achinoh says

No thanks

I absolutely totally hate cliffhangers. I hate them and don't support them. Waiting for 2nd book from one author after four years, 3rd book from another after five years. And there are more in my library. So I try to avoid if I have warning. This one just stops.

As far as the book, tons of violence, but not much about the people.

Dayle says

I would give it 4 but I don't like books with a cliffhanger???

Elizabeth says

Don't understand the rave reviews, but to each his own and this wasn't for me.
