It's a Miracle! H. Claire Taylor

It would take a miracle for Jessica to live a normal life.

Miracles happen when you least expect them. And if you're Jessica McCloud, God's only begotten daughter, they happen when you least want them. Is an uneventful senior year of high school too much for Jessica to hope for?

Yes. Yes it is.

Instead of focusing on college applications, Jessica must juggle Jimmy's newest scheme, Eugene's latest slander, and a gruesome (unpaid) internship at Midland Memorial Hospital. And just when she's starting to get the hang of it, a serious PR blunder ignites a firestorm of brand new accusations.

It would take nothing short of a miracle for Jessica to come out on top this round, and she isn't holding her breath...

Richard Andryszewski says

Great concept well executed!

Marian says

Avoiding the smite, mostly.

There were so many places in this book that made me grin and think, "I see what you did there." Jessica's conversations with God are very funny, and Jessica's exasperation comes through nicely. Looking forward to the next book.

Laura Martone says

After reading the first two installments of the hilarious *Jessica Christ* series, I eagerly devoured the third, which offers the same teen angst, young love, irreverent humor, parental craziness, media-related insanity, and miraculous events that I've come to appreciate from H. Claire Taylor's JC books, albeit with a darker edge. Now, normally, I find myself inadvertently revealing major plot points when reviewing this particular series - probably because I love it so damn much and, like an eager puppy, can't shut up about it - but this time, I'll just say that I thoroughly enjoyed this novel (which I happily received as an advance review copy in exchange for an honest review) - and I highly recommend it (and the rest of the series) to anyone who appreciates smart, likable heroines, clever humor, and a healthy dose of religious satire. Having daydreams about Jessica's sexy, loyal, thoughtful quarterback boyfriend is just a delightful bonus!

Dave says

A great story and a good number of dog-startling laugh out louds. And Jimmy is back!

This is perhaps my favorite of the three (So far).

Susan Bazzett-Griffith says

Fantastic continuation of the Jessica Christ series, IT'S A MIRACLE follows Taylor's quirky cast of characters through God's daughter's senior year of high school during which Jess figures out which miracle abilities she inherited from Dad. Loved this one because there's less football, more integrated minor characters, and more Jimmy Dean's trough church. Loved it. Love these books.

Lisa Norvell says

Indeed

Jessica has found her miracles. Book three takes God's Daughter through her Senior year. How she manages not to smite is a real miracle.

Tina says

Jessica McCloud is back, working her way through high school and growing reluctantly into her role as God's daughter and discovering her miracles. Her mom and Coach Roy are still "helping." She has a good thing going with boyfriend Chris, and best friend Miranda is hanging in. On the other side, the Wurst clan is still causing trouble, and Jimmy is back in a big way.

This entry in the Jessica Christ series is as fun and funny as ever. Jess continues to struggle with both her humanity and her divinity, but in the best way. This was my favorite book of the series so far. Can't wait to see what happens next.

Abi says

Fabulous

Hilarious as usual. Onto book 4! I just read the first 3 books in this series in 2 days - they're that good!
