Ok, it's growing on me. Interesting how Picard is rounding up the rest of the familial crew members.

Broken mirror #2

This story gets better and better. Love the way these drawn the story is great. And I don't know how it's going to end. Well on to number 3..

This is by far the best comic series I've read in the Trek universe.

Terrance Lively says

Nice to see a little action in the series but I still want more. Some character introductions seem haphazard but this is probably due to length rather than anything.

R.b. says

Great Mirror Universe story!

The Riker and Picard battle is worth the price of admission! Don't miss this one, a vast improvement over last issue. The plot thickens.....

Jesse Deleon says

As great as I expected!

This 2nd part is as great as I expected. Everything was as good as the first issue. Thanks Scott Tipton.
