Dim Glows The Horizon: A Supernatural Action Adventure Opera Michael Todd , Michael Anderle , Laurie Starkey

It's all about a good time.

Katie has the ability and desire to see Brock again, and show him and his guys a *good time*.

Will that include any special time for the two of them? (Pandora hopes so).

That stranger left a message about a sword and Armor... But is Pandora willing to help or does she even know what he was talking about?

Someone is stalking Calvin's girlfriend. He has to ask a couple of humans he respects for a little help—even if they won't remember who he is.

Even in the middle of a war, humans will always want some hope for the future.

Scroll back to the top and click “Read for Free” or “Buy Now,” and kick back for a fun supernatural action-packed adventure that will have you yelling for the good guys and laughing at the arguments between Katie and...her.

" ***** A masterly told tale about a group of dedicated contemporary warriors standing between humans and demons. A can't put down read. Characters that grow in interesting ways and well balanced action. Well done and an exciting opening to a new series." - Torn Asunder - Book 01 - Protected by the Damned.

" ***** Be warned... very addictive!" - Torn Asunder - Book 01 - Protected by the Damned.

" ***** A story with kick-ass heroes and characters written where you feel like you are part of their crew stuck in a story that you has you entertained from page 1. Lois Alston says

Loved this story

Katie is getting more and more into her angelic side. Katie in a relationship, maybe. Glad Calvin is back with Katie. Surprise, Mornin and Stephanie return, will they become danger again?

Veronica says

Heating up

Moloch and Baal have teamed up and events are heating up. Katie and her team have to step up to the plate, and they don't disappoint.

Amidst the pain, suffering, and fighting; we see bravery, loyalty, courage, and love. The characters are experiencing personal growth, and it's exciting seeing where Katie is headed.

Trianda Lewis says

Awesome

Awesome, can't wait for the next one, I've been wondering for some time now based off all the bits and pieces mentioned about Hell, especially in this book, if Lucifer really the big bad king or is there something worse.

Wanda binz says

Fan-freaking-tastic

This is a great series and I really can't wait to see what they come up with next and they are always fantastic

The Damned

Love the way the storyline is progressing, not really sure I care as much about the demons side of it. The description of the food and decor are not really as important as what is happening with Katie/Pandora, I want more of their journey. Look forward to how the next steps looks!! The book could be a little longer!

Liupua Andrew Sunia says

Money Mo Money

Badassery meter is broken. New York, France and the Brits, KatieDora has gone international, and she got some tail too.

Mia LeNae says

Homicidal slit of horror?

Pandora scared me to death with that Angel armor and sword move. Don't do that! I was really hoping for a few more fireworks from the Korbin/ Stephanie reunion but no. And where in the heck are all of the merc teams? They just fell off! Are they helping to fight at least in their own communities?

Another episode of Moloch and Baal

Oh, Katie and Pandora helped as well.will we ever know what lies below. These are so much fun. Damned good read.

Bill Jensen says

The war grows

First yes we have DONUTS glad I live in a area that does not have Krispy Cream is 2 hour drive to one. Katie has fun showing a softer side for part of the book then come the big event in merry old England so lock and load Katie is on the way.

Bobby Childers says

The fun continues with Katie/Pandora.....

Katie's angelic side starts to show itself more and more. Calvin is doing right by Sofia and her parents approve. Timothy and Angie both are proving themselves to be excellent team members. Now I just have to wait until book 5 is out....not fun.

Amloid Mesa says

Decent Story.

As always these are decent stories. They fall under the category of "lite reading". It does not imply the books cause no emotion in the reader it's just not heart wrenching or split your side laughing. It's just like a good TV show. You know you are going to laugh, your eyes may water but that action is always their.

Laura Duval says

Still awesome!

4 star rating for this installment to the series.

I still enjoyed KatieDora but wasn't too big on the long dialogues between the Baal and Moloch. I like the bantering and the humor but yeah...some of the dialogue I found to be slow and boring with little to no meaning for the storyline. There's still plenty of action to keep you going. Although I didn't enjoy this one as much as the last, I am still anxious for the next one.

Andy Riedel says

The stakes are rising!

More Donut munching and demon asskicking from Katie and Calvin.

This series continues to please with great byplay between the characters and the Demons.

This series really gets you hooked.
