Courts: A Text/Reader Cassia C. Spohn

Courts: A Text/Reader provides the best of both worlds-- authored text sections with carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century. The articles, from leading journals in criminology and criminal justice, reflect both classic studies of the criminal court system and state-of-the-art research, and often have a policy perspective that makes them more applied, less theoretical, and more interesting to both undergraduate and graduate students.
