Liz Carr says

The Thea Sisters are off to Peru to discover secret Mayan treasures. But, in this archeological adventure, a terrifying condor is blocking their path. Once again, the Thea Sisters investigate and use their problem solving skills to discover the location of their missing friend and the secret city.

Vivid illustrations, text box asides, and tons of informative text make these books both appealing and interesting. My daughter and I always feel we learn something from these clever books.

Two and a half It was so predictable!!

Je ziet toch wel een verschil met de eerdere boeken en de latere boeken. De layout is nog niet helemaal goed, de non-fiction stukjes zijn soms maar gewoon stukjes hier en daar, het mysterie is erg makkelijk en een vleugje te overdreven (ja, nog meer dan in de nieuwere boeken). De karakters missen ook iets wat ze wel in de latere boeken hebben.

Dan nog moet ik zeggen dat ik het verhaal leuk vond, en het was ook lekker spannend, vooral dat latere stuk dat ze de verborgen stad vinden (geen spoiler, kijk maar eens op de cover).
