The Snark Handbook: Insult Edition: Comebacks, Taunts, and Effronteries Lawrence Dorfman

Author Lawrence Dorfman claims: “I love it when someone insults me. That means that I don’t have to be nice anymore.” In this latest incarnation of his bestselling series, Dorfman is in delicious form, dishing it out without any real consequences. The sharp-witted buyer (and that’s you, my friend) may be wondering right about now: “Hey, how is this book any different from the first? That was full of insults, too.” Yes, but these insults are different, and the author’s retorts and taunts are so much more vitriolic than in the previous book.

Readers will find more material to actually use in day-to-day life, including streamlined instructions on when and how to mock your peers; how to use retorts with your spouse and children; and how our late, great ancestors used insults throughout history. This is not a mere collection of quotations. Dorfman speaks directly to his audience, serving as teacher, ringleader, and historian. After all, not all insults are snarky, and not all snark is insulting. It takes a certain genius to define and navigate the fine line between idiotic commentary and intelligent snark, a genius that has been isolated and packaged with aplomb in the new *Snark Handbook: Insult Edition*.

Sharakael says

This would had been a book I would thoroughly enjoy, were it not destroyed by poor page organisation and mind bogglingly bad page layout. Please note that I got the Kindle edition, which made me wonder why no quality check was done for this book before it got published.

Other than that, it's an entertaining book with a lot of worthy, quotable materials. Too bad you can't find them easily in the jumbled page arrangement.

Brent Hornilla says

Not much original material, reads mostly as a compilation of snarky quotes. Fittingly opens with the quote "This book is good and original, but what is original is not good, and what is good is not original." Plenty of humorous quotes from other people, and enough context to give them new life, but don't expect anything to walk away from this read with any profound revelations or insights, just a few new comebacks for the insult repertoire.

Shelly says

I've heard most of these before, and most are just mildly amusing.

Zack says

This was a very funny read. It's not like other books. It's chaulk full of great sayings and tidbits. I kept this book next to my laptop for awhile to post random things and see how people would react to them. It was great fun.

Teresa says

A wonderful Christmas in June gift from my auntie, who's verbal sparring style has entertained me for decades! It IS snarky... and LMAO funny. This would make a great gift for someone you know with a good sense of humor, but is otherwise hard to buy for (what? that's NOT what auntie was thinking I swear!), or for a convalescent needing a little something to lift their spirits or, (like me) those you know who often wonder aloud, "Where did THAT word/saying/cliche come from?" ;)

Joanna says

Totally boring. I had heard all the insults before, but I finished it anyway. I admit I bought it because of the cover. Too cute.

Elizabeth Olson says

With a title like "The Snark Handbook: Insult Edition" I knew what I was getting into as far as topic and intent, but the sloppy editing and poor organization was an unwelcome surprise.

TJ says

"Ordinarily he is insane. But he has lucid moments when he is only stupid."

"Maybe humans are just the pet alligators that God flushed down the toilet."

Kristin says

Had a few repeats from the original Snark Handbook, but honestly, they're still funny. If sarcasm is the body's natural defense for stupid, this is like a booster shot.

Dee-Ann says

Has insults for every occasion. Good xmas gift for teenagers, with or who need a bit of attitude.

Jed Lamprey says

Really good collections of snarky insults and comebacks. Really just a long list, but they're so good that you just want more.

Jillian says

I heard most of these before but it was a cute birthday gift.

Patrick Lynch says

funny as hell
if u like comeback this is for u
