Loved it.

This series is one of my all time favorites. The characters are so complex and the story lines gripping. Every book gets better than the one before it.

I really enjoy this entire series. There are over 30 books. A couple of the books are not as good as the other but overall..love em. I have read all at least twice & often listen to CDs in car. Eve, the main character, is my kind of girl.

Eve enters the world of super e-geekdom with this murder

"That was another thing about partners, she (Eve) decided. They knew what would make you laugh, often before you did."

Indulgence in Death

Review 3 stars

In the beginning, Eve must overcome her fear of the Irish countryside -- and sheep -- cows!

"Didn't people consider what could happen if armies of farm animals united in revolt?"

? J.D. Robb, Indulgence in Death

She and Roarke are actually taking an extended vacation starting with a couple of days visiting his family ... then, of course, reality sets in.

Another set of murders, but these one feature hunters and stolen identities.

Eve and Peabody:

"You know what happens to people who longingly imagine having things they can't afford?"

"Happy dreams?"

"A life of crime."

? J.D. Robb, Indulgence in Death

Fantasy in Death: Love how Eve figures out how Bart was killed and has to convince all the e-geeks how it went down. My favorite moment was when Eve and Roarke are fighting the game and He takes the knife for Eve --White knight saves the day.

Indulgence in Death: Eve and Roarke going without sleep trying catch the rich murderers. The BBQ at E and R home. Pizza date.

Treachery in Death; This has got to be my favorite book in the series, for the pace and the action and the fights between E and R and the of course for the make up sessions. Peabody is so fun and full of life at the beginning then she is so brave when she confronts her fears. The fight scene at the end of the book between Eve and Renae is just so perfect--Great reads.

Cheryl says

I love all the books in the Death series. I have read every one. I eagerly look forward to the next one. As soon as the book is out, I order it. I love all the characters. Once I start these, don't bother me. I can't put them down. Probably my favorite author.

Cammy Walters says

I loved all of J.d Robb in death books. I think she does a great job in developing the characters from the first book until now. I feel like they are real people with real emotions. I love Eve, Rourke, Peabody and the rest of the cast.

I love love love this series. Some of the filler books I found a little wanting but overall great series. Eve and Roarke are definitely my kind of people. My husband, mother, sister, sister-in-law and I have all read the complete series some multiple times. One day my son Rourke will probably end up reading this series as well.
