Quicksilver Claudy Conn

Ravena MacAllister doesn't want to admit what she is. She wants to continue pretending she's just human ... only human, like her mother, like her friends.

But she isn't human.

Heartbreak and betrayal send her off rushing to Scotland, to a familiar haven where she has spent so many summers with her father, but she soon discovers that everything has changed.

From the moment she meets Quinn MacValdane, shock waves travel through him to her and back again, wrapping them in a tide of passion she had never dreamt possible. But if they are to have a future together, she must confront who and what she is, for she will need to call on the powers within her as she becomes embroiled in an adventure that will alter her life forever.

The time for pretending is over.

REVIEW:

There is a prophecy to be fulfilled and it will take Ravena Macallister to break it. Ravena has been living her entire life so far as a human. Although she is anything but. After a huge heartbreak by her boyfriend and best friend Ravena decides to go to Scotland to stay with her father as she has always loved Scotland. Ravena has been asked by their long time friend and neighbor Arthur MacValdane to assist him in breaking the prophecy. In order to this Ravena must go through a Enchanted Mirror aka QuickSilver to another dimension . In this dimension we have Quinn MacValdane beloved nephew and heir to Arthur. He is a werewolf who has been spelled into this dimension by his evil cousin Andrew MacPoole. Arthur and Quinn are wizards and of White Light Magic where evil Andrew is of Black Magic. There is a ton of page turning passion and yes some hot steamy scenes as well . We also have action between those in the other dimension . Can Ravena let go of her past of heartbreak and mistrust long enough to realize she has found her true love and mate in Quinn MacValdane? Can they save Arthur from the dark magic of Andrew? Ravena knows she will fight to the death for those she loves . Claudy Conn has done it again . The story pulls you in and doesn't let go. We have Fae, Shifters, Wizards, Druids, Demons and more !!!

Roxy the Fury says

Update: I finished it. My OCD brain would not let me DNF the dang book. I stand by my review. The book was bad. The only good thing? It ended at 80%.

Do not waste your time

DNF'ed at 67%

I. Hated. This. Book. I couldn't do it. I tried I really did. I left it on my currently reading shelf for two months. I came back to it thinking I could do it. Turns out I could not. It's gotten it's fair share of good reviews but for me it was tediously boring. Rave goes on about not trusting men because of her bad experience and then real quick after meeting Quinn decides "meh, what's the worse that could happen?". Arthur is a meddling tiresome old man. I couldn't stand him and Quinn! Ugh! What a hardheaded imbecile! I

have no idea what the authors fascination with A names is but Arthur, Andrew, Arlie wtf?! Millions of names out there and she picked ones that all have to sound the same?! And the accent! Oh no the accent! I'm usually all into Highlander books but this on again off again accent drove me to the edge. Okay rant over. Will not recommend, will definitely NOT CONTINUE THIS SERIES.

Ravena MacAllister doesn't want to admit what she is. She wants to continue pretending she's just human ... only human, like her mother, like her friends.

But she isn't human.

Heartbreak and betrayal send her off rushing to Scotland, to a familiar haven where she has spent so many summers with her father, but she soon discovers that everything has changed.

From the moment she meets Quinn MacValdane, shock waves travel through him to her and back again, wrapping them in a tide of passion she had never dreamed possible. But if they are to have a future together, she must confront who and what she is, for she will need to call on the powers within her as she becomes embroiled in an adventure that will alter her life forever.

The time for pretending is over.

My Thoughts

Lets start off by saying this is one awesome author. Since the first time I picked up one of her novels I was hooked. Claudy's novels are so engaging and filled with tons of romance and adventure. Love her books and they only kept getting better and better.

Wow ! What a way to start off this new series with a serious bang. This novel was a page turner from the being to end ! What a great plot to keep you engaged right from page one.

The story is about Ravena MacAllister who is always been different from others but, never really wanted to

admit she was different with very special abilities. She wanted to be human so never really explored her special talents. A broken heart takes her off to Scotland to spend the summer with her father but, once there never realizing that she will be asked to participate in an adventure where she will have no choice but to acknowledge her powers and put her powers to the test.

Then we have the sexy shape-shifter who was cursed and sent back in time Quinn MacValdane and no other can bring him forth but, Ravena MacAlister. Evil forces are at work and time is an issue making it a life and death situation.

I have to say that the characters in this story were all great loved them all even the bad ones ! (LOL)

There was really a tie for the most likable character but I loved Ravena and Quinn both equally. Just love reading time travel novels a lot so I was so glad to get to read about Ravena and Quinn's adventure. Quinn's grand-father confides in Ravena that he needs her help to release Quinn from the curse that has plagued him and his family.

Quinn MacValdane had left his guard down seventy-five years ago and the evil Andrew MacPoole managed to send him through the Quicksilver portal where he couldn't get back to his castle due to a curse. The prophesy says there is one person who would be able to release Quinn from this curse and Ravena seems to be his chosen mate and the one who would be able to end his entrapment and return him to the future.

Love this adventure. There was so much intrigue going on in the now and its past. The story kept you so engrossed never knowing what would happen next. There is danger lurking and every turn. It seems that the one who put the curse on Quinn may be dabbling in black magic as well and is a Royal Fae to boot. Andrew MacPoole has a story of his own making him and even more intriguing and more dangerous than any of the others. A dangerous Fae with many faces...

Loved the descriptions of the beautiful lands of where Quinn was living. Secrets are unfolded and rhymes and poems are deciphered in order to help Ravena with her quest. The first moment she sees Quinn through the Quicksilver glass she is drawn to Quinn and is having an overwhelming attraction to him like no other. Quinn feels the same for Ravena but, one thing he knows about Ravena from the beginning is she is his life-mate and the only thing he will need to do is convince her of it and in the same breath find a way to be able to carve out a future and hope to break the curse while doing it.

The romance between Ravena and Quinn was a sweet one. Ravena coming from a recent breakup is not wanting a romantic involvement. But, Ravena's hormones are dancing to a different tune! Quinn was a clever handsome fellow and just a down to earth sweet guy who had a sense of humor and new to tread carefully with Ravena giving him the patience of a saint. AhhhNot So easy for a Highlander and a shape-shifter wolf to do as they are bossy and protective all of the time even more so when their instinct takes over knowing that you will die to protect your mate and loved ones.

There were quite a few surprises I did not see coming but, did have one pleasant surprise and that was that Prince Breslyn found his way into the story as he is definitely a favorite character of mine from Claudy's other novels giving me a huge smile !.

This novel goes into the keeper pile for me as well as Claudy's other books. You know you have written a great book when you have the reader looking forward to reading the story all over again. This novel had all the things that make a great book good plot, lots of surprises that keep you on your toes, secrets coming to light and a great romance that forms between two great characters ! This novel will make you laugh and cry and say OMG what next ?

Claudy Conn has done a fantastic job in introducing us to her new characters and up and coming series !

A recommended read to all !

Tina says

Omg what can I say I can't get enough of Claudy work her righting is fresh and always a joy I love the characters in this and can't wait for more.

Sana says

Mini RTC

Michelle says

This is one of those books I went into thinking I knew what to expect and all my expectations where blown out of the water. There is a slight crossover with the Legend series, not enough that I suggest reading those first but once you meet Prince Breslyn I think you'll want to read them next!

It always surprises me how much Claudy can fit into a book, this one is 270 pages of werewolves, druids, fae, dark magic, prophecies, intrigue, action and romance. I can't wait to see how the next installment builds on this, Claudy's imagination knows no bounds and I love the journey's she takes me on.

I always feel a kinship for her heroines, they are always fiesty and willing to fight for what they believe in and her Hero's are always rather yummy! A winning combination for me.

Shannon says

This is my first read by Claudy Conn, and now I can see why she has so many fans. Quicksilver is a sweet enchanted romance that started out interesting and ended interesting , well not really ended fore I believe we will be graced with more Wolves ,Fae ,Druids ,Demons and Lykens. I loved the main characters but Quinn in my imagination is besides pure sex is pure adorable too. Quinn's accent just adds to the attraction. Don't miss this book it will bring a sweet smile to your face. Thanks Claudy will be seeing your name on my kindle again very soon.

Dawn Sullivan says

Claudy never stops amazing me with her writing... I am being honest when I say this, every time I read one of her books I tell myself that it is my favorite but then I read another of her books and I say that one is my favorite.. For me her books keep getting better and better..

Whether its historical or paranormal Claudy always makes it magical and enchanting.. She always manages to make her books special.. Each memorable in its own way..

This book was really just beyond amazing! So very magical.. The passion was sizzling.. I was fanning myself and sighing soo much.. Her details are always so vivid, transforming my mind.. I literally felt like I stepped through a portal while reading this book. I was taken into the story so very deeply.. The pace flowed so perfectly..

From page one to the very last page you will be in awe.. Each and every page has a twist or surprise that makes you happy... There are a lot of moments when you will say "Wow that is so cool"

Quinn, a handsome hulking scot.. enough said? no, his accent is soo yummy.. He is a sorcerer and was cursed.. He doesn't realize it but his whole world changes with one look at Rave.

Ravena, is a bad ass female shifter with other secrets trying to get out.. She takes a trip to visit her dad and her whole world changes..

These 2 take you on a wild ride that will include lots of action, passion and sizzling sex scenes.. The sexual chemistry is off the charts.. You can feel the emotion..

Claudy writes extraordinary characters.. so very lovable.. The secondary characters really stood out in this tale and I can't wait to read the 2nd book in the series.. This book was very well written.

Rating: 5 Smoking Stars

Cover: Sexy.. Fits the story perfectly

Characters: Unforgettable and so very lovable

Story line: Addicting with a flowing pace

Will I continue reading books by this author: Oh Yes!! No doubt about it

Judy says

Hungry Moon: Quicksilver by Claudy Conn

Hungry Moon Series Book 1

Ravena MacAllister almost messed up her life by just settling for some guy, thanks to her friend Meg that didn't happen. She is content going to the Highlands of Scotland to be with her dad for the summer. A place where she has more freedom to be who she really is, although Rave tried to hide the secrets within, even from herself. Wanting to just live her life as a normal human, something she was not and never would be. Life in the Highlands was not quite what she expected this year though and it was time to unite with herself....or die.

Quinn MacValdane had left his guard down seventy-five years ago and the evil Andrew MacPoole managed to send him through the Quicksilver portal where he couldn't get back to his castle due to a curse. There was a prophesy about The One, someone who would break the curse. Seems that The One was a beautiful wee lass. Quinn found he immediately wanted to protect her, but how could he, when he was stuck behind the mirror while she could travel to and fro?

Once again Claudy takes her readers to the beautiful Highlands. A place of both beauty and danger. A place full of adventure, excitement, twists, turns and of course....romance. Travel along as Rave struggles to accept who she truly is before she is able to fight both the known and unknown villains, or should I say seen

and unseen. She also had to figure out how to get Quinn back into this world. And never forget that not everybody is who they seem to be. The beginning of another great series.

****Sexual situations and language**

Laurie Garrison says

Hungry Moon-Quicksilver is a priceless gem among the paranormal romance genre. I simply loved every minute of reading this book. Claudy Conn did an outstanding job creating the world and characters. I loved how everything was explained in detail and I felt like I was right there in the middle of everything.

You find everything from, wizards, druids, demons, shape-shifters and so much more in the story. This story has action, mystery, magic and a passionate romance.

What I liked best was Quinn. Not only is he a wizard he is also a werewolf and not the type we normally read, you know just a regular wolf shifter. Nope not Quinn, he is not the really cute and cuddly dog type we read about all the time. However, with his Scottish accent and really hot looks when the full moon is not out he can really draw a lady LOL. Unfortunately Quinn ends up cursed and waits an eternity before one woman can save him.

I want to address this sex. There is not much sexual action in this story. You get a few good lengthy sex scenes but mostly you get some hot sexual tension. I really thought what was presented fit the story and characters well.

I loved the HEA ending and hope to read the next book soon.

If you're tired of the same old paranormal romance stories please give this one a try as soon as you can because I highly recommend this one.

Lori says

Claudy once again knocks it out of the park with this book. I was addicted from the moment I started reading it and found it impossible to put down.

The story between Ravena and Quinn definitely ranks up there among my favorites. I loved how she was able to tie in characters and story lines from her other books, while also building on an entirely new story.

The way she tells a story pulls you into the world she creates and makes it impossible to leave. I look forward to book 2 in this series, and I can't wait to see what happens next.

Holly says

Claudy Conn hits another one out of the park with this one! With Werewolves, Fae, Wizards, Druids, and Demons there is something for everyone in this story. The characters are easy to like and I am highly anticipating the next book in this series to see what happens next.

W.H. says

WARNING! Not a YA Read.. intended for those 18 and over.

OMGosh! What a storyteller Claudy Conn is.. I absolutely LOVE this book. I would enjoy this if it were made into a movie..

Ravena - or Rave as I will be calling her - has just gone through a painful situation when she decides to embark on a journey to Scotland to stay with her dad... Faced with many twists and turns, Rave has issues with her heritage causing an internal battle, one she must deal with in order to achieve the task at hand, helping Quinn MacValdane. Will she succeed?

I Love the way Claudy wrote this book with the thick Scottish burr.. It brings the characters to life and they become more believable... The world building is consistent and intense with just enough steam and spice to make it come to life as you read it..

There is always an element of magic, sex, and mystical creatures in Claudy's stories. I Love it.. Bring on book 2

5 out of 5 Hearts
Lovetiggi's Book Reviews

A.R. Von says

A very magical, gripping, exciting and romantic read that would not allow its reader to put it down for a moment (I should know). Great lovable characters, a story that is so vividly written it plays like a movie in your head and all in a fantastical world that makes you want to go for a visit. Any paranormal romance reader out there would love Hungry Moon-Quicksilver!

Raven lives a human life as much as she possibly can. Deeply burying her magical side due to the fact her mother is not a magical being and Raven herself does not want to accept it. Things change dramatically for her when she finds her thought to be best friend in a situation with the man she's grown to care for deeply. She takes a trip to visit her father in Scotland and the floodgates open as wide as possible, pouring out more and more changes. Some negative, most positive, but what changes most for her is her heart once she meets Quinn...

Quinn is an incredible, magical hot stud muffin of a male that has been trapped somewhere not of earths plain many years ago and has yet to figure out a way to get back home. Being trapped for 75 years and having someone that has never given up looking for a way out for him, he becomes flawed when the he meets the one possibility to be set free and his body practically goes haywire. Now together they embark on a mission to get him home.

This book has a lot of paranormal to it, a hot wizard, demons, shape shifters and more! A must read hot romance, with a beautiful family feel, a handsome hero and beautiful (and kick butt) heroine and very magical element that sizzles the pages; definitely a great book to escape away with again and again! I look forward to much more of Claudy Conn's works. I LOVE her writing style :)

Roseanna says

This book is amazing.

Rave is hurt by choices that her then boyfriend and supposedly best friend are caught in the act doing. But does that get her down, nope. She goes to her fathers for a break. Oh and what a break it was. Her life gets more interesting upon talking with long time friend and neighbor Arthur.

Want to know why? Get the book! You wont be disappointed.
