Red Dirt Heart 4 N.R. Walker

Moving from a Texas ranch to an Australian Outback station was a life changing decision for Travis Craig. Though it wasn't really a decision at all. Something in his bones told him to go, though he had no clue as to why.

Until he met Sutton Station's owner, Charlie.

Loving Charlie shouldn't have been easy. The man was stubborn, and riddled with crippling self-doubt. No, it shouldn't have been easy at all. Yet somehow, falling in love with Charlie was the easiest thing in the world.

Loving him was easy. Living with him, teaching him how to love in return and, more importantly, how to love himself, was not.

But Travis knew all along it'd be worth it. He knew the man with the red dirt heart was destined to be his. Just like he knew the red dirt that surrounded him was where he was supposed to be.

In the final installment of the Red Dirt Series, we see Charlie through Travis' eyes. We see how much he's grown and how much he loves. We go back to Texas with them, and we see Charlie get everything he truly thought he never deserved.

Red Dirt Heart 4 is Travis' story.

And this is the story of not just one red dirt heart, but two.

This series has been a beautiful and romantic ride. Loved it!!

Jeanne says

4.5 stars for the series!

Red Dirt Heart 4 is the final book in the series, which takes place one year after book 3, and switches to Travis's POV. I thought it was a very sweet way to wrap up Charlie and Travis's story. The writing was amazing, and all in all I thought it was a great series. The characters, the setting, the scenery, everything was perfect.

This final book had some very sweet moments, I think I had a cheesy grin on my face for half of the book. I love those books that make you *feel* the emotional connection between the characters, and I think that's what made this series so special. I loved the way Travis was so patient and accepted and understood Charlie. They were just so ridiculously adorable together. My favorite part of this book was Travis's birthday and the trip to Texas. *happy sigh* :))

I have to admit that I don't think it was necessary for this series to be four books. As much as I loved it, some parts seemed slow by the time I was reading books 3 and 4. I think I know more about mustering and Charlie's beef association meetings than I ever needed to. Lol. Having said that, I still give the author a big round of applause for pulling it off, and writing this beautiful series with characters I won't forget.

I will also say that I didn't read the whole epilogue. I know it's weird of me, but I don't like epilogues

anyway, and this one was serious epilogue overkill. It's just a personal preference, I know most people will love it. (view spoiler)

I can't wait to check out more books by N.R. Walker:)

Red Dirt Heart 2 was my favorite:)

Have you ever had that book where your cheeks start to hurt and you wonder why only to realize it's because you've been smiling the whole time? For me, this was that book.

Let me start by saying that I've loved this series from book 1. Travis and Charlie are one of my all-time favorite couples and it deeply saddens me that I won't get to enjoy another book about their life together. I've loved every page within these books and the last one did not disappoint.

Please be warned, there will more than likely be SPOILERS ahead, so read with caution if you haven't read this book or any of the previous three.

It was such a joy to get into Travis's head. He is such a genuinely nice and caring person that you can't help but love him. He is willing to laugh at himself and he is so great at assessing situations and saying just the perfect thing if he sees someone needs help. He is what Charlie needed, and in time, Travis knows that Charlie is what he needed as well. It's easy to tell they truly care about each other and they are deeply in love.

Here are some of my favorite things:

- *Charlie getting nervous and rambling on and on.
- *Charlie being hungover on a plane.
- *Travis and his awful sexual puns (his Centaur reference....or blowing out the candle lol)
- *Travis knowing exactly where Charlie was going to take him on his birthday.
- *Travis being so patient with Charlie's feelings regarding Shelby and getting a new horse.
- *Travis with Amos. He has such a way with making people feel comfortable around him.
- *Charlie with Amos. Charlie's heart is huge and what he did for Amos no doubt changed his life.
- *Charlie and the way he makes fun of Travis's accent.
- *Charlie and how endearingly nervous he was to make a good impression on Travis's family.
- *Travis and how he fiercely defended Charlie to his family and his father.
- *Nugget and his ability to constantly get belly rubs.
- *When Charlie calls Trav 'his Travis'...well, Charlie would say 'my Travis'...you know what I mean.

Seriously, I could go on and on. Read this series my friends. You won't be disappointed. If you are, I'm going to have Nugget eat your shoes.

I'm going to miss you Charlie and Trav, you are definitely going to always be at the top of my favorite couple list.

There are only a few N.R. Walker books that I haven't read and I will be getting to them soon. Definitely an author that everyone should check out. I've really enjoyed every single book I've read and I can't wait to read

The book started off where the last book ended, except this time it was all told from Travis' P.O.V. It was pretty adorable seeing how Travis thought and felt for Charlie. I know how much Charlie loves Travis, so it was great being able to see that. Not to mention it made me mother-effing melt completely.

anywhere, but thankfully that all changed, especially near the end. This is the reason why I could not give this book a 5 star rating. Another being that there was not a single steamy scene between them, it always faded to black. I was like "what the heck?", I wanted at least one before it all ended. But, that's okay, because the last half of the book was filled of romantic sappiness that made me really happy.

I am so happy with ending these two got in their final book. Telling you that my heart was bursting with joy is probably an understatement to what I was actually feeling. I smiled so damn big, and cried many happy tears. It was just so beautiful, unlike how I looked while reading it, I'm pretty sure I looked like a complete loon. Charlie and Travis are so perfect for each other, that they have become one of my favourite m/m couples. And that epilogue...Best. Thing. Ever! Yes, it might have been overly sweet, but I was totally okay with it. Overall, it was a wonderful conclusion. I am so sad to see it all come to a close, but I am also so very happy for them. It definitely left me with a warm and bubbly feeling. I will miss them.

Told from Travis's point of view and beginning a year after *RDH3* ends, the fourth and last book in one of the best M/M series of all time follows Charlie and Trav as they cheer and cry, play and work.

I couldn't get enough of him. Not close enough, not deep enough, it was never going to be enough. The more Charlie I had, the more I wanted.

nods I know what you mean, Travis. I know exactly what you mean.

Charlie grows ever closer to his newfound brother Sam and learns to relax and trust in himself.

Be it a confident Charlie standing up to a bully, a gentle Charlie training a horse, or a horny, drunk Charlie grinding against Trav on the dance floor, Charlie is a sight to behold.

Charlie and Trav run the station the same way they breathe air. They are the red dirt. They're there to stay.

"You know the best thing about going away?" he asked, nuzzling into my neck.

"What's that?" I whispered . . .

"Coming home to you."

Includes: a visit to Texas, an ever naughtier wombat, a mean game of cricket, a teenager with hope in his eyes, whispered words of forever at the lagoon, and a VERY big surprise.

There's joy and family, sweetness and romance, but also heartbreak and tears.

Finally, Charlie has someone to lean on; finally, he doesn't push Travis away.

And there's LAUGHTER, so much laughter.

Every few pages I would just giggle, sometimes because the passage was funny but also because I was just so damn happy reading this book.

Charlie and Trav get their HEA one hundred times over.

While I would have liked more steam (it was all fade to black) and could have done without the extended epilogue (don't worry: it's all good, but it moves us in increments 20 years into the future and I prefer to leave something to the imagination), **I can only give this book, and this series, FIVE MY-HEART-IS-SINGING STARS.** I will never forget Charlie and Travis.

There is a reason I voted the first three books of this series as one of my top five picks for 2014. *Red Dirt Heart* is everything a story should be, everything other books want to be but don't know how.

"No regrets?"

"About what?"

"Leaving your folks . . . Going back to Australia. . ."

I gave him a smile and slid my hand over his. "Home, Charlie," I corrected him. "I'm going home."

Operation RDH4 commences now.

Wendy says

Can't believe I forgot to read this one. Ofcourse it was awesome just like the others ;)

Adam says

DNF at 70%.

I feel like I should duck, in case anyone decides to throw eggs or rotten tomatoes at me.

Possible spoilers below.

In my opinion, the Red Dirt Heart series should have ended at Red Dirt Heart 3. But then I'm not a die-hard fan of the series. I like the series a lot, and I gave books 2 and 3 four stars, but I don't live and breathe Travis and Charlie while I'm reading their books.

Which is okay, because after reading through most of the book it's clear that Red Dirt Heart 4 is meant for the die-hard fans, and that's great. This book is for those who absolutely need to know what happens next, no matter what "next" might entail.

For me, next was boring and repetitive. I could only read so many conversations over and over again. Especially when many of these conversations were already put to rest (or so I thought) in previous books. And the repetitive-fade-to-black sex scenes weren't fun either. I don't need a lot of sex in my books, and neither do I need cookie-cutter foreplay or quick run-throughs every few pages. I would have just preferred two or three actual sex scenes, rather than all of those fade-to-black scenes.

Another thing that really bothered me was the POV. The blurb says "Red Dirt Heart 4 is Travis' story." It's really not. It's still Charlie's show, with side commentary by Travis. I was really bummed about that, because after loving Travis through Charlie's eyes, I was looking forward to getting to know Travis. But it seemed like Travis' existence just revolved around keeping Charlie happy, with very little of his own character. Compared to how Charlie's POV was written in previous books, Travis was just two-dimensional.

Red Dirt Heart 4 just didn't work for me. I was bored and had been skimming since 60%, so I decided to call it quits while I could still give it 2 stars. As can be deduced by the GR rating, this book is a favourite for many fans of the series. But for casual readers or not-so-die-hard-fans, I'd say Red Dirt Heart 3 worked great as a final book.

Should I still duck?

Well, fine! =P

We're going short and sweet because if you're looking up reviews for this book- it means you know what it's all about already. :)

My review: this series is beautiful. Best of the best. I recommend this series to all the romance lovers out there. I will never forget it these characters.

NR Walker, thank YOU so much for letting us hear Charlie's voice. I didn't think it was possible to fall more in love with story but I did. ♥

Susan says

You'll please have to excuse me because this review will be cheesy as fuck...

So...THIS BOOK? It felt like a love letter from NR Walker to her fans...well, the fans of this series, at least. It was a treat. It was special. It was this explosion of love all over every page. Splattered in every nook and cranny, embedded in every pore...there is love.

I have been following the series from the start. Red Dirt Heart was one of my favorite books of 2014 and Charlie and Travis took hold of me and would not let go. I've had a bit of a love/hate relationship with the series as a whole. As much as I loved book 1, book 2 was good but not *as* good, and book 3 just did not work for me. But, I never lost faith. Not in NR Walker and not in Charlie and Travis' story.

Red Dirt Heart 4, as fans of the series know (and really, only fans of the series are reading this review by this point, right? :)), is told from Travis' POV...finally. And good lord...this man...he loves himself some Charlie Sutton. If I ever doubted this (I never doubted this), seeing Charlie through Travis' eyes made my heart stretch to the point of actual pain...of the BEST kind! When someone sees a person so clearly, when their love is patient and supportive, when their feelings are completely intertwined with the other, when they are a miracle to the other...yeah...that's one of those "my heart can't take it" kinda loves. And that's what we've got in this book.

If, for any reason, you're thinking you don't want to see this series through to the end, I'd really ask you to reconsider. Book 4 was emotional...SO MUCH FREAKING LOVE...I cried over and over again, the best kind of tears. We get to meet Travis' family along with Charlie. We get an epilogue that is so over the top sappy, but I'm completely ok with it. We get Charlie pretty much saving the world, or close to it...and we love him for it because Travis loves him for it. We get..(view spoiler) And we get more of Nugget the wombat...'nuff said.

Bliss...total bliss.

I'm going to miss the guys so much.

Barbara? says

This is the end of the line....the end of the series. Charlie and Travis are now an established couple. They're still dealing with the station and all it's ups and downs. They're dealing with family and people in general. But they're progressing in their relationship and life has a way of making you see what's important. It's time for the next step.

"Content. That's what I was. Charlie couldn't understand it—I think he thought I was crazy—but I just loved it here. Not just here. Not just Australia, not the Outback, not just riding horses and chasing cattle through the red dirt and burning sun. Hell, even winter was warm. I loved it all. I loved Charlie."~Travis

Told entirely from Travis' POV we get the final book. It really felt like an extended epilogue to me. With only one really sad incident, there's not much angst. But it was them becoming a family and having what they've always wanted.

"The pieces were all starting to fit together. All the pieces that made Charlie Sutton whole were slowly falling into place. The life he never thought he'd have with a family that accepted and loved him was his. Now I only had to get him to see that he could, one day—not now, but one day—have a family of his own."~Travis

This has been the best series. It's the epitome of romance. Two individuals made for each other...soul mates.

"I couldn't get enough of him. Not close enough, not deep enough, it was never going to be enough. The more Charlie I had, the more I wanted."~Travis

"Charlie, I don't need a church or a minister to make my promise to you valid. I don't need a piece of paper, and I don't need witnesses to make this official. I don't need anything but you."...."I promise you this: with all that I am, I'm yours."~Travis

I'm sorry to see it end. I think I could read 100 more books about this couple. This is why I read romance. These are the types of books I will come back to over and over.

"Surrounded by nothing but the desert, fading sunlight and flickering candles, we made love. His promise to me of forever was sworn to me with his body, with his heart. And with the desert as my witness, I swore forever to him as well."~Travis

***J* Too Many Books Too Little Time says**

I'm in the mountains of Colorado with little to no internet access so I can't properly review this book/this series!

I've basically been living with Charlie and Travis these last 3.5 days! Completely binge reading their love story.

I'm completely devastated that it's all over. Devastated. What am I going to do without Charlie and Travis in my life? And Nugget, Ma, George, Bacon, Trudy, Ernie, Billy, Nara, Amos?!?

This love story was EPIC, plain and simple. Charlie and Travis will forever be one of my all time favorite couples!

UPDATED 1-10-15

I can't believe it's over... Although I loved the ending, it's quite bittersweet to know there won't be another book. These books are probably my favorite Cowboy series. I love Travis and Charlie. Speaking of Charlie; My gawd! I totally fell in love with him all over again in this book. I loved that the last book is written in Travis' POV. I liked getting into his head and finally seeing how he see's Charlie. It was the best way to end the book. Although I'm sad there won't be another book, I'm grateful that I had the chance to read about these two men and that I can come back and visit them whenever I want. <3

Reread October 3, 2018. Such an awesome series. I'm sure I'll go back to this one again in the future. I love this quote.

“She said I should do whatever makes me happy. Live how I want, and ‘ride life like I stole it’.”

I have loved the journey of Charlie and Travis. And the ending was absolutely perfect.
