L.A. Miller says

As with the first two in the series Ms Moore delivers. Great book and you will fall in love with both the leading man and heroine in this book. Loved how she intertwined the story lines from both books and included the characters. She left it open for another book which leaves you hoping.

Nancy Luebke says

I really enjoyed this historical romance. It was fast moving with plenty of action. It also had some colorful characters who craftily rounded out the story, background and other details to make this a more enriching read. I'm looking forward to more of her work.

Sir Alexander DeFouchette kidnaps his enemy's bride in order get back at him for stealing his birthright. Unfortunately, he stole the wrong woman and stole the bride's sister! Lady Isabelle is no shrinking violet and doesn't let on who she really is, fights her kidnappers at every turn, and tries to escape several times, including climbing down the castle wall. Alexander reluctantly admired Allis/Isabelle's courage even in the face of the hated Barbancon mercenaries and soon, he was sorry that she was married. When her true identity is revealed and a worse fate is in store for her, will he risk all?

I do love medieval romances! This one has the usual Norman/English interaction plus Viking raiders and Barbancon mercenaries. It takes place during the Crusades as well. The h and H are both well-drawn and interesting as are the secondary characters. A great read.
