pamela harrington says

Great e-book

Very good book on tongues it's funny how you a person can't control their tongue. You would think of such a little part of your body you could. But it's so true the things that came out of my mouth before I was saved oh my! Today I like the way I am I enjoy myself and people like to talk to me. I need to always watch myself I sometimes get negative thinking or even talking. I got to catch myself I'm better everyday I read the Word I tend to think more positive things. I'm wanting to receive the baptism of the Holy Spirit but haven't spoke in other tongues I know I will receive it because the Word tells me but nothing. This is an excellent e-book you will learn a lot about your tongue.
