***Prequel: Escort***

***Book 1: A Sinful Vow***

***Book 2: A Wicked Vow***

***Book 3: A Dirty Vow***

***Book 4: A Secret Vow***

***Book 5: A Dark Vow***

***Book 6: A Forbidden Vow***

***Book 7: A Broken Vow***

***Book 8: A Troubled Vow***

***Book 9: A Perfect Vow***

***Book 10: Cross Your Heart***

**She's a fragile little thing. I just might break her.**

I thought I'd seen the last of her.

Rose had run from danger, right into my bed.

It didn't take long before she was **moaning my name**.

But you can't outrun your shadow.

When the devils of my past catch up, they **take her away from me**.

I'd hunt them down, but there's a war going on, and my club needs me home.

Back in Texas, I follow the thread of betrayal that threatens to shatter my world.

I should've known it would lead me back to her.

This time, though, she's on an **auction block**.

I may be the one doing the bidding, but the bastards who stole her will pay the ultimate price.

There's no other girl I'd fight through hell for.

This one's different —

She's **carrying my baby**.

## From Reader Review A Broken Vow for online ebook

### K says

Well, there was nothing wrong with the book, but it certainly did not rock my world. Vince swept in and saved Rose when she did something stupid, then came in and saved her again, then they slept together and then Vince did some more saving. All that action, but it was so meh. There wasn't much character development and really the situations they kept getting themselves into kind of annoyed me. In the end, I read the whole book but really rushed it because it was just not that interesting.

---

### Andrea Gillan says

Another great book in the series. These books are full of darkness and twists and turns that just have you on the edge of your seat. Brilliant

---

### Amy says

As I mentioned in a review of the first book in this series, I really liked it. I honestly don't know if this is book 2 or 3, but I did like it better than book 1. There was violence, but it was a little. Ore subdued. The plot was a little stronger with intrigue and suspense. I liked Rose. She was a great character.

Overall, though, there was still a ton of violence and the stories aren't so much MC life as violence and mayhem.

One thing I don't get is how Steezy shows up in Galveston when he was in Houston in book one. We know what happens with the Austin charter at the end of book one, but I just can't figure out Steezy ended up in in Galveston along with Mortar, who was also supposedly a Houston boy... That part was a little confusing...

### Tina says

**I have read all three Inked Angels books.I can not believe your letting the series end like this . There has got to be more . This was just too good to stop at three book . It has all the action and all the hotness you'll ever want to reads**

This is a must read series. You have got to give Steezy his story. Please give me more. I'll be waiting.

---

### Kim Richards says

#### Enjoyed the story

I'm not sure if I read these out of order.  
I did enjoy it though so hopefully it won't matter.

---

I did get a bit confused that's why I think I read them out off order

---

### **Brenda Hairston says**

#### **Powerful, panty off, page turning**

Where do these men live? I want one. Didn't want to put this read down . Ladies not even in my imagination could something be this good.

---

### **Erika says**

[Mortar is tired and needs a change of scenery, so he goes to find some clues about a supposed attack that's coming their way. There he meets a girl he has been dreaming about. Rose is working in a strip club, in a dangerous city. She walks into her friend b

### **Erika PBookHavenBookBlog says**

Easily my favorite of the series, suspenseful and intense! A Highly hot and engaging read!! I thank the Author for providing a copy to review!!

---

### **Jennifer Nigh says**

#### **Two for one special**

This book actually contains two stories. My favorite is the second story. Blaze and Olivias story starts off with them being neighbors and liking each from afar. Then after five years they meet again at their arranged marriage. There is minimal grammar and spelling mistakes. I recommend this book to people who like read MC romance.
