Ava Violet

She's With Me (She's With Me #1) Ava Violet

When Amelia Collins moves to a new town to escape her dark past, she just wants to keep her head down and finish her senior year.

Her plans change drastically when she runs- literally- into the school's hottest badass and number one person on the 'don't mess with' list, Aiden Parker.

Amelia needs to find a way to survive senior year while she tries not to fall for the annoyingly handsome Aiden, or his mischievous, cocky player of a best friend, Mason.

With new friends, fun pranks, bitchy queen bees, old rivalries, and a haunting past, Amelia's senior year is destined to be filled with some drama.

Reread this, I'm still shaking ?

Mahalakshmi says

Having read close to 30 books in Wattpad in the same genre (YA; high school; a bit of good girl likes bad boy vibe; second lead syndrome), I can strongly say this was one of the best there is in this category. The impeccable quality of writing (I like it when the authors know their grammar) and the fiercely admirable female protagonist (who wouldn't want to be the sassy, sarcastic, snarky, savage, smartass heroine) had me turning pages (on my mobile, obviously) at a very fast pace. The book is ripe with witty comebacks that I was screenshotting like there was no tomorrow. I hope I am able to use those golden verses in my real life someday.

This is probably the first time I am adding a Wattpad book to my Goodreads shelf but it definitely does deserve that place. Honestly, using the same scale to judge this as I have for the other novels in my shelf would mean I should rate this 2 stars. But, on Wattpad scale (no offense) I will give it 4 stars. Which brings us to 3 stars on average.

I am afraid to start the sequel because I do not want it to change the way I feel about his book. The ending was abrupt and cliff-hanging after such a long read. But it was bittersweet and I want to hold on to that sense of ignorance and curiosity before I find out what happens next. Or I am not ready to read a book in progress (it's mostly the latter, duh).

TL;DR - Looking for a book on Wattpad? I recommend this. Looking for a book? Then, I don't.

Khadidja says

I really didn't expect to love this as much as i did because am not really into wattpad stories BUT HELL IF I DIDN'T LOVE AMÉLIA'S PERSONA and the friendship and the humor and hfhgtfddggf I LOVE IT!!

Alia Ros says

I CANNOT BELIEVE THIS WHAAAAATTTT??!?! Why did it end like that??? Ughuguhhughu whyyyy

OMG But overall loved the story! Got me hooked! ♥?♥?♥?

Hamisoitil says

She's with me est une histoire très touchante sur la relation garçons/filles, mais aussi sur l'amitié, la solidarité et tous les problèmes que les jeunes peuvent rencontrer que ce soient au lycée ou dans leurs familles.

C'est également une histoire qui parle de vengeance, de jalousie, voire de haine. Et dans tout ça, l'auteure fait ressortir certains messages, certaines vérités et surtout l'amour qui arrive pour le coup, très tardivement.

She's with me raconte l'arrivée d'Amelia qui débarque dans une nouvelle ville, dans un nouveau lycée, après avoir changé d'identité, une fois de plus, avec toujours les mêmes bagages : les mensonges qui l'accompagnent depuis ce fameux jour. Et, comme toujours, Amelia doit être restée vigilante, être sur ses gardes pour ne pas en faire trop ou se faire remarquer... Hélas, dès le premier jour, elle enchaîne les catastrophes en se frottant à une bande de jeunes dont le leader du groupe, l'énigmatique Aiden, et devient presque la risée voire celle qui a osé le faire. Mais son caractère s'est forgé au fil des années et ne s'en sort pas trop mal face à eux. Ce groupe qui va devenir ses meilleurs amis par la suite.

Des amis qui vont devenir comme une deuxième famille pour elle. Inséparables, attentionnés, protecteurs, bienveillants, amusants, bagarreurs, et j'en passe. Pour Amelia, c'est une nouvelle vie qui va prendre beaucoup de proportions dans la sienne, qui va la faire mûrir, et voir la vie autrement surtout avec Aiden dans les parages. Et donc plus on avance dans le roman, plus on s'attache aux personnages (la bande de potes et Amelia.) On découvre au fil des pages que Aiden a aussi un sacré bagage à gérer, une vie pas très facile à mener, et un caractère difficile à décrypter, en tout cas pour Amelia. Du coup, tous les deux sont assez complémentaires pour avancer dans l'histoire.

C'est un young adult, mais l'auteure a réussi avec brio à me faire tourner les pages jusqu'à la dernière

J'ai aimé la plume, très simple, sans débordement. On sent quand même que nous avons affaire à un premier roman. J'ai aimé les différentes intrigues, le suspense, les rivalités entre lycéens. J'ai adoré Aiden, son tempérament, prêt à se sacrifier pour les autres, droit dans ses baskets et l'intrigue qu'il y a autour de lui tient vraiment la route, mais pas assez à mon goût. Quant au reste de la bande, chaque individu a son petit quelque chose qui donne la force à l'histoire, au groupe. Pis Amelia, son passé, son histoire, sa fuite avec sa mère, repartir, ne pas s'attacher, recommencer... prend vraiment aux tripes, même s'il n'y a rien d'original, après lecture, puisque c'est du vu et du revu. Nous sommes tout simplement embarqués et ça se lit tout seul.

Pour ma part, j'attends la suite avec impatience en espérant qu'elle soit à la hauteur de celle-ci, voire en mieux, car la fin promet du lourd.

Madalyn Beck says

I was not expecting to like this book as much as I did. I joined Wattpad a while ago, and this was one of the top stories in teen romance. After reading the summary, it seemed like something I could maybe get into.

I was wrong. Little did I know that only after a few short chapters I would become so hooked and enthralled with these characters. Now, there are typos and such, so if you can't deal with that, maybe don't read it. Again, it was on Wattpad, so I expected things to be... Not professional.

Amelia Collins is a girl with a past that she is running from, and it's killer. Literally. A man is after her for a past she had no control over, and she's been on the run for years. With a new name and a new location, she's ready to start a new life. Then she runs into Aiden Parker - again, literally. For a moment, she's shocked by

his attractiveness. That is, until he opens his mouth to talk. He is all sharp edges, and she is done getting cut to pieces in each life. Yet they are drawn to each other. Damaged past to damaged past.

I won't get into all the nitty gritty details, but this book had me in all sorts of feels. This was me most of the time...

This story was amazing. I couldn't put it down! For a time, I had to wait for the author to add more which had me on my anxiously checking my email for any updates. When it finally came, I was unprepared. I dove in easily and effortlessly. And the ending... UGH!!! I can't believe she left us hanging like that... But I'm extremely excited there will be a second book.

Granted, these were some pretty badass high schoolers. These characters had been through a lot, and it showed in the way they reacted to different events. You could feel their pain and see that often time they would struggle to find the best solution for everyone, even if it wasn't necessarily the best for them.

For those of you who don't know, The Addicted Series by Krista & Becca Ritchie is one of my all time series. The character development is spectacular. Far better than most books I've ever read. She's With Me by Ava Violet was pretty close with similar character development. You could feel each character's individuality jump off the page and into your mind.

Even with the typos and such, this story has been fantastic. I highly recommend this book for a fun, free read!

Looking forward to the second book in the series!!

Esmée says

2.5 stars.

Okay so this needs a lot of editing, but it was a fun story. The end felt a bit weird and rushed though, like she just stopped writing in the middle of the book..? You're waiting for something to happen the entire time and then it just... doesn't? Maybe it's because I'd never read a story on Wattpad before, but I really think this could have been so much better if it was edited even a little. Also, I was expecting this to be new adult, but it's not. The characters act like they're way older sometimes, but it's all about this group of teens with really intense lives. Kinda strange, but it was entertaining overall.

Lissie Lamb says

Oh my good lord this was bad. The characters are ones you've seen a thousand times but you think that would mean they are enjoyable, every boy the main character meets is so cute and Evey boy that isn't Noah is a Greek god. Not Noah the annoying comic relief though because he's Asian.

The usual happens, MC moves to new town, MC runs into hunky boys, that are for some reason exclusively 6'2+, MC doesn't get along with the main hunky boy, MC goes to party and gets assaulted by faceless villain(s), MC is rescued by Main Hunk. Main hunk has a fling girl that is a barbie and she hates the MC.

Something that was good about this book, mmm I liked the idea of the MC's back story but it was... Thin I'll say. The main villain, well the one that isn't barbie, the whole conflict with him kinda makes sense but then you go into how that would workout with the police and it's just not logical.

I only read it because it won talk of the town frankly.

Unneeded things happen a lot. Example a chapter that was just the main character whining about Noah eating her neutella sandwich.

I don't like the use of the word Slut. It was thrown around a lot. But it was only okay when the MC was the one using it to insult other girls, double standard please stop.

Finally this isn't even about the story per-say but the author has a FAQ chapter in which she states that since she,her friends and her followers like the story it doesn't matter what anyone else thinks. It's good to be positive but please there is a difference between hate that is just hate and someone showing the flaws in your work so you can in prove. You'll never grow of you're only surrounded by people that think your work is heaven on earth with no faults.

Anyone reading this just please keep that in mind okay

- Millie

Les lectures de Dobby says

Une histoire prenante qui se lit en quelques heures. Une ambiance lycéenne que j'ai appréciée, un bon petit roman qui permet de se détendre sans se prendre la tête.

Je note quand même le côté exagéré et l'écriture trop « gnan-gnan » parfois

Sariah says

j'attendais tout autre chose de cette lecture : des protagonistes plus torturés par leur passé, une intrigue se construisant doucement avec un suspense constant en arrière-plan. De nombreuses scènes me semblaient bâclées, précipitées. Je ne sais pas encore si je me pencherai sur la suite, mais ...

Melissa says

I honestly did not think I would like this as much as I did. It's not just another romance novel we all love but are so easy to predict. The actual plot line of this book was so amazing and it was way more than a relationship between a girl and a boy. The plot was complicated yet easy to follow and all I wanted to do was read this book. I finished it in a day. Love love love this book. You can read it on an app called Wattpad for free! 10/10 would recommend

Maria says

Rating: 4.75

I'm absolutely amazed at the beautifully paced plot with so much action and entertaining drama going on. The characters are fabulous, and so impressively developed. You just can't help loving them. The protagonist's relationship with her friends is beautiful and deep and so well developed. Talking about whom, I'm in love with her! I've never wished more to be someone as much as I want to be Amelia Collins. She has the prettiest, toughest and most interesting personality ever. This book was so intense and completely hooking, I could practically feel the adrenaline rushing through my veins. And the suspense was spot-on. Ava Violet has yet to disappoint. Can't wait for book two.

Read on wattpad.

Yvonne says

I've been spending way too much time on Wattpad! This was a fun one.

Emma says

This. Book. Was. Amazing. It is was of my all time favourites and is so good! I would definitely recommend it to anyone. I loved all the characters and the plot was incredible. The ending though... WHAT?! How dare she end the book like that! Definitely 5 stars!
