Eyeshield 21, Vol. 9: Hell is for Devil Bats Riichiro Inagaki , Yusuke Murata (Illustrator)

Fun in the sun! When the Devil Bats and the Seibu Wild Gunmen head to the Texas coast, they merge to form a single team and compete in a beach football tournament! But this game is played without helmets...so will Eyeshield 21's identity be revealed?! And are the Devil Bats dedicated enough to sacrifice their summer vacation for a hellishly intense training camp?

Indah Threez Lestari says

#Program BUBU

Pertama kali dibeli dan dibaca pada tanggal 17 Agustus 2007.

Nicolo Yu says

This was a relatively quiet arc, as the Devil Bats fulfill their part of the bargain made during the Aliens match and go to the U.S.A. for their own version of the training camp from hell. There may have been a leave taking, but there was an unexpected reunion as well.

A quiet arc, it started uninteresting enough but gained more steam the more pages you go into it.

Indra Compas says

I like This Komik.....

Oscar Leal says

3 Estrellas ???

Después de dejar pendiente uno de los mejores tomos, terminó de la mejor manera, de la esperada, pero no por ello menos dramática. Las rivalidades se abren, todos se hacen más fuertes y el torneo de otoño será todo un coliseo romano.

Como es natural, la intensidad tiene un punto de depresión, es normal que disminuya todo ese cúmulo de acciones que te dejan el corazón latiendo a tope. En esta ocasión es un intenso entrenamiento el cual todos aceptan y existe un momento que todos esperábamos. Es entretenido y deja muchas enseñanzas, el humor y dolor de los personajes siempre presentes.

Es un tomo de transición para cosas más grandes. Se podría esperar más, pero no puedo negar que esto es toda una adicción, no puedo dejar de leer. Espero lo mejor.

Ben Truong says

Eyeshield 21: Hell is for Devil Bats continues where the previous tank?bon left off and contains the next nine chapters (71–79) of the on-going manga series.

After the Deimon Devil Bats lost by one point to the NASA Aliens, Yoichi Hiruma shreds the Americans' passports and used their return tickets to fly to America. There, the Devil Bats meet the Seibu Wild Gunmen, and they enter into a beach football contest.

When they win, the coach of the runner-up team is revealed to be Doburoku Sakaki, the man who taught Yoichi Hiruma, Ryokan Kurita and Gen "Musashi" Takekura how to play football. Doburoku takes Deimon Devil Bats and Seibu Wild Gunmen to a ranch where he trains them for the next day.

Before the Devil Bats leave for Japan, they are given a choice to be involved in a Death March, a radical training procedure where in forty days, they travel on foot from Texas to Las Vegas, to which everyone accepts. The linemen are forced to push the pick-up truck there, Sena Kobayakawa is made to kick a stone while running all the way there, and Monta and Manabu Yukimitsu are running there while doing football pass routes and being shot at by Yoichi Hiruma if they lag behind.

Meanwhile in Japan, their first opponent in the Autumn Tournament is decided – the Amino Cyborgs, a school specialized in sports medicine enhancement.

This tank?bon is written by Riichiro Inagaki and illustrated by Yusuke Murata. For the most part, I really liked the story and the progression. Yoichi Hiruma is still a somewhat problematic character for me and I quite rather enjoyed the Deimon Devil Bats time in America and rather interesting to see how Inagaki interrupted life in the United States.

All in all, *Eyeshield 21: Hell is for Devil Bats* is a wonderful continuation to a new series that seems intriguing and I cannot wait to read more.

Swankivy says

Ooh, the end of the Aliens game and the beginning of the training in America. With a beach football game involving the Wild Gunman team (hahah, the Devil Gunmans). Um, running from Houston to Las Vegas in forty days? Sounds like a Death March to me. . . . (And I love everyone's reaction to Sena's secret identity, hee hee HEE!)

James Dunphy says

The team goes to Texas to train (naturally). A bit of a slow volume with a focus on training on the road to Las Vegas. There's a beach football tournament with a very, very overtly stereotypical homosexual bodybuilders. It normally wouldn't be so weird, but coming off the extremely race driven game that made up the last two volumes, it's sort of funny to see the awkward racial and sexual insensitivities of the author. Nothing to hate, just something to notice and note.

Julie Decker says

Now that the Devilbats team has to leave Japan, they end up in Texas, and of course . . . training is on the schedule. But who else is in Texas? The Seibu Wild Gunmen of course. Their quarterback, Kid, has an extremely quick pass, and his wide receiver Tetsuma has a reason for being known as a locomotive--lay

those tracks and he powers through in a single-minded straight line (well, unless the tracks are curved). They team up with the Devilbats to play beach football and find fantastic success. And then they find out some more training is on the agenda under Hiruma's neverending desire for bettering his team, and who knows, it just might kill them. . . .

The stereotypical cowboy team has always been hilarious to me, but they're also great characters, and it's fun when they're able to team up. But my favorite part is at the end when they are to begin the Death Match and Sena reveals his identity to the rest of the team (and maybe around half of them had already figured it out).

Thelma says

Probably my favorite cover of the serie. I also love the story and how this is the one that really cements them as a team with the decision they take at the end
