Witch's Bell 2 Odette C. Bell

Ebony has had just enough time to pat her hair down and wipe the ash and magical residue off her heels, before yet another ridiculously powerful entity starts threatening her lovely little town again. This time she's a little distracted though. Sure, there might be something incredibly sinister going on underneath the streets of Vale. And sure, she keeps finding rather large, worrying gaps in her memory. But the Wizards are in town for their yearly get-together, and one of them just so happens to be the most handsome magic man she's ever seen. And he even wears fancy suits.

But pleasant distractions aside, Vale has no intention of letting her sit this one out. Soon Ebony is chasing after monsters in the sewer, having tea with wanted criminals, and finding out just how to deal with a certain jealous detective.

Diana says

Good read

Good read. It is just as entertaining as book one. I.Loved the interesting characters. The plot pulled me in just like book one.

Sandie Parrish says

Witch's Bell Book Two

This is the second of the series of the adventures of Ebony Bell a young witch. The adventures in this book take place almost entirely in the sewers of the city of Vale. A smelly place for the adventures to take place but the story is fast paced with lots of twists and turns.

Please read and enjoy, I did!

Karen says

The first book in this series did not exactly grab me, but this one made me more of a fan. This time around I was ready and got into the story a lot quicker with a lot more interest in what was going on. The fact that Ebony seemed a bit more subdued and not so manic and annoying helped get me there. The plot here was a lot tighter and well thought out, at least for me, then the first which I completed but was not sure if I even liked the character. The characters felt more real to me here though I am still not fully invested in the world they inhabit.

After almost losing herself and being rewritten months ago Ebony has finally found her purpose and balance in life. She and Harry the bookstore are doing well and she has moved in to be closer. Things are going well with her job. The only thing seems to be that the police are busier than ever as magic seems to be running amok and her job seems to never end.

Something deadly and sinister is happening in Vale and Ebony is about to find herself at the center of trouble once again. And just to keep things interesting she is being courted by a handsome wizard from out of town named Aaron Heart who is in town to talk about security for a wizards convention. Meanwhile, Detective Nate Wall seems decidedly jealous, though he hasn't made a move of his own.

There is only one thing that really bugged me and that was the fact that so many words had been misused throughout the book. The word 'where' was used when they meant 'were' as well as 'allowed' for 'aloud'. It kind of throws off your train of thought while you try to make sense of it.

The books are sweet with a hint of danger and darkness with the potential for romance eventually. Ebony Bell is a likeable character most of the time but sometimes seems a bit naive for someone who grew up a witch. I hope to get better acquainted with the other characters who populate Vale.

Shelby says

I liked it a lot and I can't wait to read the next one

Shirley says

Enjoyed this book

Glomomich says

Looking forward to the 3rd book. Wondering who is going to end up with Bell.....The Knight or Wizard?

Michelle says

Enjoying this series. They are a nice easy holiday read and have a similar style to the Stephanie Plum books.
