First Chance

A.L. Wood

First Chance A.L. Wood

A college student Natalie Wright. She hasn't had it easy for years , emotionally. Her one safe haven is music. Soul breaking , body quaking, lyrics sung in such a voice the emotions are conveyed onto you. Enter Ryan "Steele" Hurst , a chart topping lead singer in the rock band "Steele's Army". The bands songs are about cheapening the meaning of love and sex. They project the bad boy sex symbol image. Can these two polar opposites coincide with each other on a summer tour making it out unscathed ?

Lisa says

OMFG....WOW

I so cannot wait to read the next book. I told my hubby that I was gonna read only one more chapter and that was chapter 13 and then I was coming to bed. The next thing I know I am at the end of the book and say RTF just happened. I just could not put it down at all. I so fell in love with Ryan, Natalie and Liam. If you are looking for a great read then this is the book you want....but beware there is a cliffhanger so make sure you have the second book on hand to read right away.

Melonie Merritt says

I had heard amazing things about A.I. Woods as an author way before I read this book, but after reading this I can understand why. The way she writes the interaction between her characters absolutely amazes me, and I could not put the book down. I read it all in just a few hours. You have Ryan this big hot shot control freak womanizing rockstar, and Natalie a girl with so closed off from everybody its sad. Both have been through their fair share of tragedy and heartache. When they meet in the book you can feel the electricity coming through the pages. They way that interact left me wanting to reach through my kindle and smack both characters. There were parts where I was just as mad as the characters seemed to be and parts where I just laughed. By the end of the book I was holding back tears and thinking why and no all at the same time. This is a must read and I can't wait to read more. There is nothing better then reading a book written by an author that can really make you feel the emotions! I can't wait to share this book with my friends.

Doris says

Easy read, but has a cliff hanger so make sure you have the next one ready to go..

Ginny says

I really tried liking this book. But the characters were really hard to like. I liked the supporting characters a lot more than the main characters. I have the same complaint as some of the readers- Proof reading should not be an overlooked step in writing a book. The ending was terrible. It wasn't believable

Sandra Love says

So this is the authors debut book. Wow is all i have to say. I read this book in one day. On page one I was hooked, why did it have to end... AND the ending Omg the ending had me in tears. Natalie and Ryan has alot of demons to face and the author made that well known. I really can't wait for book 2. Hands down one of my favorite authors. Great job girl now bring on the next one.

Stacey says

Meh. I am usually a sucker for rock star romance and this book was a free download so I said why not. 1. It was incredibly disjointed. There was no fluidity. 2. Is it too much to proofread these days?? I usually try to make an effort to overlook typos to focus on the plot but it was just that bad and I couldn't. 3. The ending made me want to bash my head in. Really? All of that tough act to be that weak over a dude? Being bummed is one thing but that? Ugh. 4. Too many details missing and not interesting enough to read further in the series. In summary, not my cup of tea.

Ada P. Leong says

Very nice!!!

Yes! The reviews are true! This book is a good one. It's actually 3am now. I wasn't able to stop. I just had to finish reading the story and when I reached the end, I just had to laugh. Yup it really is a cliffhanger. A very nice one. Good one A.L. Wood. :)

Jessika Harper says

I was fortunate enough to win an ARC of this book!! :)

I enjoyed this book. Nat and Steele have this mysterious chemistry going on! You never know what's gonna happen next!! I loved the other members of the band! Especially Liam! Such a sweetheart! You knew how you get to the end and you're like "did that just happen" or "I CANNOT believe it ended like that".. Well those were my exact thoughts!! I am SUPER excited to get my hands on book 2! A.L., I think you did a great job!! :)

Karen says

CLIFFHANGER

Childhood friends suffer a tragedy move to Boston for one to attend music college.

Party girl Layla, treats her guilt & pain with one night stands & enabling. The other Natalie, loses herself in emotional books, movies & Deep & Meaningful music.

Natalie has convinced herself she will hate the concert she's dragged to. Ryan Steele, the rock star, sees her contempt, drags her on stage to embarrass her then contrives to get time to change her mind.

The story was not too bad but character development pretty thin. Will read the second to see if more substance.

Becky Kozerá says

Was a great book. Lots of ups and downs. Makes you really sink into the characters. Couldn't put it down. The only thing that sucked was the cliff hanger end with not knowing when the next one is coming.

Kiera says

3 Stars!

Okay. First i would say this book has quite an impressive plot! The author has really captured my attention through out this first book! There were interesting and unique scenarios that occurred during every chapter and the characters were enticing to read! I understood them well. However, my mood soured during the next book. It was too fast paced and completely rushed, i didn't understand what the story was about and where it was heading towards! Too many chapters were cut down and only summarised bits and pieces of information! The character swap was kind of frustrating and i had difficulty staying in touch with each persona. I felt somewhat trapped and confused at the same time, in the end i couldn't sympathise for the girl, i wasn't in tune with her thoughts, feelings and perspective of things. I wasn't there with her through out the whole story and her man wasn't there either, i was kind of confused to who she'll end up with and why she decided to sleep with the singer when he was such a jackass to her!

Overall, i really enjoyed this first book. However the second book escalated why to quickly for me to understand what was happening!xx

??☪?????❄❄?!?? says

The story felt a little flat for me. The characters were hard for me to connect at first. Natalie and Ryan. But as for the other characters Liam and Layla I kind of like them. Omg, Ryan is an asshole. Just cause one girl didn't like his kind of music he became an ass. But I loved how he became all angst and try to appear he wasn't affected by Natalie. Guys and their feelings haha. But I will have to say that Natalie's character is sad. A bit of a heart wrenching moment at the end.

Three Chicks says

3.5 Stars

First chance is a novella from a new author. After this book was over, I immediately wanted to know the rest of the story about Natalie and Ryan.

Natalie Wright is hurt. She hides from everyone else, and her only escape is music. I cant totally relate to how she feels. However, I felt this way in high school, for me the emotions were kind of all over the place. Her only friend is Layla, and they are complete opposites.

I would rather live in a constant of fear and worry than numb. At least I am alive and feeling. -Natalie

Ryan "Steele" Hurst, is the lead singer in the rock band "Steele's Army". He personifies the perfect bad boy musician. Sleeping his way to the top. But, when he spots Layla at a one of their concerts at a local college,

he wants to break her.

A woman is worth one night only to me, after that I am good. Why ruin a sexually adventurous experience?. -Steele

Both of these characters have strong personalities, and are more stubborn than anything. The book ends in a bit of a cliffhanger so I am interested to see how the story actually will end up. The characters are both broken as well. They have demons in their past and present that may make them run from each other, only to fall back into one another's arms. Even when people are hurting and weak, they can battle through the problems and be strong together.

Robin Christofaro says

OMG! What did I just read? Amazing!

I had been told about this book some time ago and wanted to read it. After being gifted a copy to read, the game was on! I picked it up and couldn't put it down. It had me right from the start!

I loved the characters! Like Natalie, I also suffer from panic/anxiety so I could instantly relate to that. I also live and breathe music so all of the song/music references just added to the the story and my love for it. The storyline was not your basic boy meets girl. Natalie and Ryan had a story, a past - and depth. I loved reading how they went back and forth battling their emotions and themselves. When I got to the ending, I freaked out! What? No! Don't leave me hanging like this (yes I said those things, out loud, to no one, with some added expletives)! Not usually a fan of cliffhangers, I'm ok with it. Since I will be getting the next book AS SOON AS IT IS OUT!!

Can't wait to see what comes next...definitely a fan!

Scharme Grider says

This was a great storyline. I am ready for book two. My heart kind of hurts right now at the way it ended. There is definitely a lot of different emotions with this book. You will definitely go on one heck of a ride reading it. I would definitely recommend this book. Great start!! Kudos A.L. Wood!!~~
