Justice Returns

Rayven T. Hill

Justice Returns Rayven T. Hill

In this much-requested sequel to Blood and Justice, the first book in the series, private investigators, Jake and Annie Lincoln, are drawn into double jeopardy when a serial killer escapes from prison and hires them to find out who killed his parents, and why.

The detectives' own lives are at stake when they find themselves caught in a dangerous and deadly situation, torn between their moral obligation to investigate the cold case murders of the two innocent victims, and to catch the cold-blooded killer who hired them.

bonnie kirchner says

Justice Returns

This is book six in this series about Jake and Annie Lincoln. This mystery series has been very good . I have read every one so far and I recommend the series highly. I am getting ready to start book seven . I know that one will be as good as the rest.

Rebecca Hollingsworth says

Excellent addition to the Jake and Annie stories!! Thank you for clearing up an unanswered question from before! This story as all in this series will keep you on your toes and keep you guessing!

Anne Hill says

Good read

Better ending in this book. Didn't see it coming although all the clues were there. Not sure any parent would take an eight year old to a murder victim's gravesite but then these characters are not really based in reality. Pure fiction.

Marcia says

Good, quick read

I really enjoy Hills method of writing. He gets to the point without using foul language, keep your interest until the end.I am looking forward to reading the next book in the series.

Frances Torgerson says

Follows previous novels, great.

Jake and Annie have done it again. Hank is helpful supportive self. They take you along for the ride. Great Reading.

Tulay says

Must read series.

This is the sixth book I was waiting so long, start with the first one, and it's free. Annie and Jack lives in beautiful Canada, but I think they should move to US. They can carry guns, Pepper spray or have other protection equipment, even they can strap ruffles on their shoulders in some states. Don't like these laws, but they won't be hurt. Also Jeremy's father won't be jailed for life, because he killed the burglar in his home. Sad story, maybe he would have been different if he had his parents by his side. Annie and Jack did their job again.

Ann says

Rayven T Hill delivers another gripping Lincoln Investigations story that is as good as the previous books in this series. Well done!

Gordon Cooper says

Investigators Jake & Annie

Kept you wondering , had many twist and turns well worth reading. I recommend reading it in no more than two sessions. Moe was a complete surprise .

Vickie says

Oh wheat a tangled web we weave

Without a doubt Rayven T. Hill one of my absolute favorite mystery authors. Jake and Annie Lincoln never fail to capture my attention. None stop action that will keep you turning pages. I get so into the story I forget about figuring out the ending and just enjoy the story.

Philip says

Sometime tomorrow - OK??? Well this one was surely different from the previous books in the series - "Yes it surely was"! However it was a very good read with a surprising but logical twist at the quite satisfactory ending that I didn't see coming but which surely wasn't hidden throughout the story! At the very least it answered some of the questions arising in the earlier books. Jake and Annie are getting to be pretty good detectives and there is, as usual, lots of action. Sometimes I find myself feeling very sorry for Lisa Krunk who just never gets her big exclusive story. "Yes I surely do"! Maybe she should take some notes from Lon Cohen and make friends with Jake and Annie! Anyone know the ETA for "Silent Justice? Great series!

Debra Jo McDaniel says

A good sequel

Good story, made an ending to the story of Spencer the killer. The story show a lot about the Lincolns' and how Annie figures thing out. I liked this one.

Susan Moore says

Another good book in this series.

Great resolution to previous book. Even though a man was a killer, I found myself feeling sorry for him and especially his parents. Interesting characters in a well written series. This is a stand alone book.

Billie Trussell says

Great Book

Recommend it to all family and friends. Keeps you in great suspense. You never know what will happen next with the Lincolns.

vivian says

Great read

It is not necessary to use twenty words to described or review this book when two words will do it adequately. A waste of time to say it with a minimum word amount
