WHEN YOU LOVE TWO MEN, THE STAKES ARE HIGHER.

I love Beast and Muscle. The two brutal Warlords of the Bedlam Butchers have taken me into their arms and their life. Nothing can ruin my happiness...except the rest of the club. They're tough, rowdy, and everything I'm not. It's clear I need to fit in or hit the road, because I can't make my guys choose between me and the Butchers.

To make matters worse, cocky, outrageous Muscle has shut down entirely. Something's bothering him, bringing war flashbacks with it, and it's threatening to destroy our fragile new relationship.

One thing's for sure. I may be down, but I'm definitely not out. And I'll fight to the death for my men if I have to.

The continuation of Shy, Beast and Muscle's story did not disappoint. Actually, I was surprised how much I was engrossed into the story about Shy's struggle with club bitches and old ladies and Muscle's haunted past and I wished to be much, *much* longer.

Whitney says

RD must have realized what a great trio Shy, Muscle, and Beast are because this book is a continuation to their story! I was super excited to see another novella dedicated to them because they totally won me over in Double Trouble.

This short story follows Muscle. Prior to joining the Bedlam Butchers, Muscle had served some time with the military in Afghanistan. He had endured some painful experiences that left him suffering with PTSD. Beast and Shy can see that he is slowly spiraling out of control but are unsure of how to help him. When an enemy of the gang turns out to be an *old friend* of Muscle, he completely shuts down - leaving Beast and Shy to pick up the pieces.

3 STARS!

I just finished Double Down and I just loved it. Im a biker girl through and through and this did not disappoint. This follows the Bedlam Butchers MC club and this continues the story for Shy, Muscle and Beast. Shy is Shy for a reason, had to be with her brother so when she is now protected and owned by them but there are some issues with the other ole ladies and sweetbutts and she will have to learn to defend herself. We also have Muscle having his past come back to haunt him. Will he learn to let things go so they can all be happy? Please read and see what happens. Trust me, it hot and sexy and you will love it!

The story of Shy, Beast, and Muscle continues in Double Down, the latest book in The Bedlam Butchers MC. The Bedlam Butchers are a seriously rough and really raunchy MC who make no apologies for their less than legal activities. Shy needs to come into her inner biker babe and fast if she expects to make it in this club or she's going to be chewed up and spit out. Muscle's having issues of his own having to do with his military days that are causing his flashbacks to come on with a vengeance.

I liked that Shy grew as a character in this book because the doormat thing just doesn't work for me. I still struggle with Muscle and Beast. Love them when they are with Shy, but really don't like them when they are in thug mode.

Omg!!! Hot, hot, HOT!!! The series continues with Muscle, Beast and Shy finding their way with their new relationship. Why struggles with the social aspect of getting along with the women in the club-u have either property (like Shy), old ladies(who r patched in), or fresh meat(who provide to the members whatever they want). Shy finally figures out she has to be fierce and show the women she means to stay and doesn't allow them to threaten her happiness when she takes on "Mouth" - who's fresh meat and doesn't know when to shut up. Shy literally jumps on mouth, pounding her, pulls off her ponytail piece and her guys literally have to pull her off. But shy has earned the clubs respect. Muscle struggles with flashbacks from his time in the service. Very good book, these books just keep getting better and better!!!

I love these short stories by Ruby Dixon and Kati Wilde. They are great short reads with likable characters and a story line that keeps you interested. This book is a continuation of Double Trouble. Shy is in a committed relationship with the club's enforcers, Muscle and Beast. Shy has to face her insecurities in order to gain the respect of the club's members. She's been bullied her whole life and wants to avoid/ignore the mean things the other women say to her. She finally realizes she doesn't want to be that "old unhappy person" and faces her antagonists. In doing so, she helps Muscle realize he must fight the demons of his PTSD in order to leave his "old unhappy person" behind. I love the relationship between these three characters and how they help each other overcome their weaknesses. Of course, there's the usual hot sex scenes between the three. I highly recommend this book if you like to read about committed m/f/m relationships.

AMAZING SERIES, full review to come.

Merged review:

I am a HUGE fan of this series. The Motorcycle Clubs books have become something I look forward to every month. I may or may not stalk the authors in hopes that releases come early.

I don't want to give away anything on the storyline because, well, it would give away details from all the previous Bedlam books and I loathe spoilers. So what I will talk about is how wonderfully Ruby Dixon spins a story. I swear even though these are novellas I never, ever feel like they were lacking in story or depth. Not to mention she writes so freaking AWESOME smut. If you aren't into kinky fuckery you should probably

find a different series to go with because there is some serious m/f/m action going on in the Bedlam Butchers. HOT!!

Total Five stars with five drenched panties for smut. A must read!!

Shyla Colt says

An intense tale of love, breaking free from the past, and rediscovery. There are some things that happen in ones lives that leaves scares they continue to affect you long after the event has passed.

Muscle and "Shy" are perfect examples of that. After escaping her abusive brother, Shy is brought into the world of the Butcher's of Bedlam M.C. While she loves her men, Muscle, and Beast, the world they thrive in leaves her edgy, and uncertain. Used to blending in by being silent, and praying she wasn't noticed, she must decide if she'll fight for her place.

Muscle is a vet with memories that pull him from his sleep. Unable to continue hiding his unrest he's slipping on his job as enforcer, and endangering the three-way relationship he has going between him Shy Girl, and his road partner Beast.

Beast is the type of man anyone would want. Alpha, but sensitive toward his woman. He protected Shy when she needed it, and held back when he needed to. I love the way Ruby always shows us the man behind the cut.

Yogi Yogi says

3.5 stars. 2nd installment in Story of "Shy-girl" (Cheyenne) with Beast (Cal) and Muscle (Jason) of Bedlam Butchers MC (Albuquerque, New Mexico). Muscle has to work through some aspects of his PTSD in order to function properly as co-Warlord/Enforcer. Guest appearance of Easy and Michigan (Annie's boyfriends) of Death Lords MC.

"I don't want anyone taking my happiness away from me." (85/102)

"Get the lube, because we're going to celebrate tonight in my pussy." (87/102)

I didn't like how quickly everything was tied up in the end here. A bigger part of this book than I liked was retelling what happened in book one. To the point you don't have to read them. I mean sure, standalones in series are great, I just don't like them with the same couples. But yeah, their job was to get rid of an arms dealer, in the start it's explained lots, when muscle goes to him it's detailed, then when they deal with it, it's all done within 1% or less of the book. Really, it was like, a paragraph, if that.

I DID however love how Shy deals with Mouth. That was badass. It ended up more about Muscles mental stability and him moving on from his past. Lots of PTSD and feelings of worthlessness which was all done well and why I loved it. Just the ending and such made it fall short from being able to 5 star it.

Lauren says

Another good story in the series.

Plot:

I didn't really like what Cheyenne had to go through with the people in the club, but I understood it. Just as I understood why Muscle and Beast couldn't help out. I would have liked Shy's POV when everything went down. I liked that there was some club business, but something that was an issue through the whole story was resolved in about 5 sentences, and that was disappointing.

Characters:

I like that we got all 3 character's POV this time. It was good to know a little bit more about Muscle, but Beast still remains a mystery.

Sex:

Some pretty decent scenes. Seems like some things were left to the imagination, and I'm more of a spell it out kind of person.

Looking forward to the next story, and I'll have to reread this one like I did the last to refresh my memory.

Noura says

More on Shy-Muscle-Beast (hey that's a great band name!) but now the story has multiple POVs. Shy's trying hard to fit into the MC community but finding it hard because she's been scared and timid all her life. Muscle has yet to deal with his PTSD and he shuts off from Shy and Beast. Beast is still a darling big guy.

I like this story as it's a continuation of the trio's effort to balance their relationship and personal demons. Shy finally overcomes her timidity and dealt with the "mean girls" and everyone realizes that she's no longer a shrinking violet. Muscle finds strength in Shy's breakthrough and deals with his own issues. Beast hints on a voyeur-Dom-ish streak. More DP action (yeah...by now you should be able to grasp the mechanics of it) all around.

Will there be more?

Christina says

The second book in the Shy, Muscle and Beast trilogy, this one picks up right after the last one. In this book, Shy is trying to find her place in the club and with the guys.

This book was great, lots of sexy time, i actually like Shy as a character, Beast is great as usual and Muscle has grown on me since the first book where I could have left his ass on the curb.

My only disappointment was the scene in the restaurant. When Beast puts the vibrator in Shy I was like heck yes! This is gonna be good! But then it got ruined by Shy getting bullied by a sweetbutt which confused me bc Shy is an old lady and therefore sweetbutts are inferior in the MC world and not allowed to speak to them with anything other than respect. Then she gets bullied by old ladies who don't think she's worthy or something so she goes and has a cry in the bathroom all the while the guys are pressing the remote. So she's not only being bullied but embarrassed bc she's on the edge of having a big O. She's upset by this but doesn't pull it out? Like mood ruined, nope not happening.

She does however earn her respect in the end and I like how it ended. I really like this threesome better than Gem, Dom and Kitty.

I think Ruby Dixon does awesome work in the smut realm. Will anything top IPB? Probably not but it's a good fix while waiting for the next one.
