Illusion of Trust Stacey Joy Netzel

A woman on the run with a billion-dollar secret that could save her father must trust a stranger who doesn't believe in risking anything for family—especially not your life.

Olivia Brenner's family is being ripped apart. Cancer took her mother a few years ago, and now her father's been arrested for murder. She has evidence to prove his innocence—if she can stay alive long enough to get it into the right hands. When a sexy stranger saves her life, she has no choice but to accept his help. But can she trust a man who doesn't believe family is worth fighting for?

Nate Wade has been betrayed time and again by those who are supposed to care the most. He protects himself by pushing everyone away, until one night with Olivia flips his world upside down. The vulnerable-yet-feisty redhead challenges everything he believes about the dreaded F-word, and he's shocked to discover he cares more than he ever imagined possible.

Now he'll risk everything to keep her safe and prove to the both of them he is worthy of her heart—and the love of his own family.

Linda Zelinsky says

Loved the intrigue in this book. Nate fights hard to protect Olivia and she is fighting against him. She finally comes to terms that Nate is really on her side.

Tanya Brown says

A great read about Nate & Olivia. They first meet with her pointing a gun at him. Olivia is on the run for her life when Nate sees her bleeding in a parking lot. Her life depends on whether Nate can be trusted or not. They both need healing in more ways than one. We get to hear from his brothers and sisters from previous books in this series as they all pitch in to help their little brother. Stacey did an excellent job with this story. This is my honest review for a book given to me by the author.

Jennifer says

Another excellent story by Ms Netzel and in the series. Family relationships can be quite complex and I like the way that Nate is accepted by his half-siblings, but he has to learn to accept their care. He does not understand Olivia's belief in her dad based on his own experience with fathers but in the end he learns that family is worth having

Nate Illusions are over

Illusion of Trust (Colorado Trust Series) by Stacey Joy Netzel starts with a gun pointed at Nate by Olivia (Liv) and the action, suspense and the growing romance between Nate and Liv. Nate has been pushing people and family away because of trust issues he is drawn to Liv and wants to protect her and his trust issues especially with family are changing and with the help of his family and a honest Marshall he is able to help save Liv and her father from a murder charge Nate also finds he has family that he can trust. This story by Stacey is a fast paced page Turner of action, suspense and Romance I couldn't put it down and is definitely a re-read. Stacey has a 5 Star hit and I cannot wait for further stories. I know this is last one of this series but I believe never is word not life here's to down the road and another CTS Book 8.
