I remember after reading Zack and Pike's HEA, I'm worried because Zack is going to complete his training and start his deployment. I mean how does people live with their other halves half way across the world fighting a battle? Is nerve wrecking and I can see it takes a toll on Zack and Pike's relationship. Homecoming show their vulnerability, but also show how strong they can be and to wish for a fifty years together. This is short, sweet and touching.

Una nadería para saber un poco más cómo llevan su relación los protagonistas de Off base. Una pequeña apreciación para que no os pase lo que a mí. Sale un personaje del 2 y ya hablan de esa relación, así que mejor tomarlo como si fuera el 2.5.

I love moments with established couples when the real life starts to get in the way of things and we get to see how they deal. I adore Pike and Zack, I love this whole series, and if you've read at least the first two books of the series, you'll totally love this snippet with the two!

Muy mono, un buen short para los enamorados de la pareja como yo.

Zack and Pike figure out that relationships mean you share the bad stuff too. Both mess up keeping secrets to protect the other, but their love is stronger than one not-so-perfect homecoming.

I can't get enough of this series!

Adam says

A free ficlet from Annabeth Albert featuring Zack and Pike from 'Off Base' after their HEA.

Being away for 3 months for a deployment, Zack finally is able to return home soon. Both of them envisioning in their minds their perfect reunion and finally be together again. Nothing can go wrong right? Well, you have to read it for yourself to find out.

There was nothing that stood out particularly for me in this story, but this is still worth a read for fans of Zack and Pike.

Melissa says

Yay, a short freebie about Pike and Zack. As the brief blurb says, things don't go according to plan when Zack returns home from an extended tour away. Hilarity abounds, injury and an ER trip clearly a must. If you have enjoyed this series, or even if you haven't, you should read this cutie here. I love these short insights and peeks into these characters I love. Highly recommend. :-)

A little sneak peek at Pike and Zach navigating their relationship.

Some miscommunication and omission leads to a much needed revelation, spurring these two to nicely and sexily commit to each other even more!
