Mara: I was daddy's little girl, until he didn't come home one day. Mom moved on, married a rich guy I can't stand, and his son, Sebastian Rossi, wants what he can't have -- me. I didn't realize when I chose to run that I would crash down a mountain, or that the man who pulled me from the wreckage would rescue me in every way that counts. Rocky is the biggest, sexiest badass I've ever seen. And the more time I spend with him, the more I want to feel his lips on mine, his hands holding me, his body claiming me. I want him so bad I can taste it, but the stubborn man says I'm too young. I'll just have to prove him wrong.

Rocky: All I wanted was to brood in peace and quiet on my mountaintop while I tried to outrun my demons. I never expected that past to show up in the form of a sexy as fuck woman -- a woman I shouldn't touch. I'm not only twenty years older than her, I'm part of the reason her dad never came home. I'll do anything it takes to keep her safe, even go home to Alabama. My brothers, the Dixie Reapers, will help protect her. I'm just not sure who's going to protect her from me, because if I ever get my hands on all those curves, I'm not ever going to let her go.

3.5 Stars

Rocky is the male lead of the story, Mara is female lead. I liked Rocky and Mara's characters but I didn't like them together. I felt their relationship was forced, yes they lusted after each other but I didn't feel anything deeper from them. In book two (Thorn) you felt Thorn and Isabella's connection from beginning to end. I liked this series and the characters so far .. I was waiting to meet the mysterious Rocky since Thorn mentions him in book two so I was a little disappointed with his story, I enjoyed his character. I also felt the story wasn't finished . I will still read this authors stories.. I would love to read about Casper..I have a feeling that SilverFox's story would be oh so good. Happy Reading!!!

Another great addition. I loved this one. Om drama in the form of the stepbrother who tries to rape the h, then kidnaps her and while she is unconscious, he checks and finds out she's not a virgin. Doesn't actually rape her, but he wants to. Little push/pull, but didn't last the whole story. Great read.

Dans ce tome, nous rencontrons Rocky, dont nous avons déjà entendu le nom dans les précédents tomes !! Celui-ci est un membres des Dixie Reapers, mais pour le moment, il vit reclus dans ces montagnes afin d'essayer de ne plus penser aux drames survenu 10 ans plus tôt !!

Mara a fuit sa maison !! En effet, 10 ans après la mort de son père, sa mère s'est remarié avec un homme riche mais qui cache quelque chose, et lorsque le fils de celui-ci fait comprendre à Mara qu'elle lui appartient, celle-ci sait qu'elle n'a plus qu'une solution.... Partir loin d'ici !!

Sur sa route, elle va faire la rencontre de Rocky, en effet, elle a eu un accident avec sa voiture sur la route à cause de la neige et celui-ci va la secourir et progressivement apprendre qui elle est.... Et sans le savoir, sa rencontre avec elle, va le faire retourner 10 ans en arrière !!

Ces histoires sont vraiment sympa, mais j'avoue que 4,04€ pour seulement 144 pages..... sa fait sacrement mal !!

Alpha hot biker

I absolutely love these books. Their full of compassion love and over protective alpha hot bikers who would do everything in their power to protect the women and children they love. Must read all three.

Running from the past

Rocky has been running from his demons for so long, then Mara crashed into his mountain. The moment he saw her he wanted her but she is running from danger and a connection to his past.

I liked this book, but not as much as the previous two. I thought the drama and build up needed more detail for this one. But the love story was wonderful.

Rocky

Rocky was super alpha and bossy in the bedroom. This was another great story in this MC series. I look forward to more stories.

Mara was running from her stepbrother Sebastian. He wanted to claim her as his, even if it means by force. So she did what she had to and ran. It was right into the arms of Rocky. Rocky has been hiding on the mountain for a while to chase away his demons. When he finds Mara crashed in her car in the snow, he has to help. Then he finds out who she is and knows that he should stay away. His past and hers are closer then she knew.

I so enjoy these books. My boyfriend and I are 13yrs apart in age. I know that isn't as much as the Dixie Reaper MC's but still. Rocky is built like a MACK truck and who wouldn't want to run their hands over that and lick it. But Mara has a lot of seduction to do to break Rocky down. He keeps fighting the attraction. Then we have her mob "family" the Rossi's. There is some danger with them but it's the hot sex and steamingly hot man that drives this book. I am looking forward to read about Wire.

5 Star Worthy??

Okay Miss Harley Wylde, the only thing I can say about this SERIES is I'm enjoying the heck out of it! Love The Actions, The Love, The Passions these men show their women, they may be a bunch of hard/fierce men but they're also not afraid to show their emotional side, great job Miss Harley Wylde, I'm giving this book 5 stars, I would definitely recommend this MC SERIES.#DixieReapers.#HarleyWylde

***Dee's Reading Time Matters says**

"Short. Erotic. Sweet." "Rocky" book 3 of the Dixie Reaper series was an engaging and intense quick read!

Hero, Rocky (member of Dixie Reapers MC) was fighting his demons alone on his mountain in Colorado while heroine, Mara O'Malley was fleeing from her persistent stepbrother, Sebastian Rossi who had attempted to rape her. Due to icy conditions on the roads, Mara was involved in a car accident and ends up injured on the mountain. Rocky rescued her and takes her to his quaint cabin. Mara was noticeably shaken up after the accident but worried too so she commences to tell Rocky why. As she tells her sordid story, Rocky uncovered that Mara was his deceased Marines' friend's daughter who he in ways blamed himself for his death (his demons). Also he had tried searching for her and her mother after his death but they had moved without forwarding information.

This story was full of twists and turns, suspense, a few who knew shockers and puzzling happenings . H/h attraction to each other was palpable but Rocky won't budge due to their age difference but he knew he had to help keep her safe from Sebastian Rossi and his goons. Subsequently they leave his solitude on the mountain and heads back to Birmingham... to his MC, the Dixie Reapers!

If you enjoyed reading gripping MC romance with the hero protecting the heroine at all costs, read Rocky... you won't be disappointed!

Rocky is book three in the Dixie Reapers MC series. This story is short, fast paced and enjoyable. I read this book in one sitting and was satisfied throughout. I liked Mara. I liked that she was kind of a link to Rocky's past. I liked that she wanted Rocky and didn't give up even when he kept pushing her away. The chemistry between them is clear to see. I understood Rocky's reasons but I wanted to shout at him to stop being so stubborn claim his woman. I liked them together and despite the age gap, thought they suited one another. I liked how Rocky wanted Mara to be happy and that he was determined to get her the answers she deserved. The storyline for this book is easy to follow and an enjoyable read. I cannot wait for more books in this series.

Whilst running away from her stepbrother, Sebastian Rossi, Mara's car ends up in a wreck due to the snow.

Rocky is hiding away on a mountain, trying to get over his past. When both collide, Rocky saves Mara and learns of the danger she is in. He also learns that she is a link to his painful past. As Rocky tries to keep Mara safe, feelings develop but will Rocky give in to them? Can he keep Mara safe?

If you like to read about hot alpha sexy biker books this book is for you! Rocky helps out Mira after her car crashes in a snow bank running away from her step-brother and from the Rossi family. Rocky comes to her rescue by taking her to his biker club for protection. This book has a lot of hot sex and of course the club takes care of the bad guys, and a happy ending too! I can't wait to read more of her books in this series.
