Love to Hate You Jennifer Suzevic

From USA Today bestselling author Jennifer Suzevic comes a funny, sexy standalone novel.

Carter Prescott is one of those guys who has it all. Wealthy family...check. Good looks...check. Brains to match all that brawn...check. And let's not even talk about all those sculpted muscles (no—seriously, I don't want to talk about them). The guy works out like it's his job. Did I mention that he's one of this year's top NFL draft picks?

Sure, maybe in the beginning I was taken in by his pretty face and gorgeous body. What girl with a beating pulse wouldn't be? But his obnoxious presence killed any attraction I might have felt a long time ago.

All right, fine...that's not altogether true.

The guy is smoking hot, okay? There, I admitted it. Sheesh. But that doesn't mean he's not a conceited jerk.

Carter is my cousin's best friend, and thanks to the fugue state I must have been in when I agreed to this living arrangement, he's my roommate for senior year. Everything would be fine if he would just stop messing with me. But he's incapable of restraining himself. So when he takes his antics too far, who can blame me for retaliating in kind?

Carter wants to bring a hookup back to the apartment for the night? Fine by me. Is there any real harm done if I ambush them in the morning and introduce myself as his baby mama? Am I taking things too far if I whip up a batch of laxative laced brownies so he'll crap himself all over the field?

Nope, I don't think so...

The real question is how I'm going to make it through eight more months without slowly wrapping my fingers around his... throat and squeezing tight.

I'm sorry, did you think I was going to say something else?

Please, as if that would happen...

This is a mature New Adult novel with strong language and sexual situations intended for readers over the age of 18

Shari Tomlinson says

Excellent book 5 stars guaranteed!

I'm getting pretty addicted to this author. I had to stop several times I was laughing so hard, it does get down to serious business also. It has it all.

The antics between Carter and Daisy is crazy funny. I haven't enjoyed a really big laugh in a while. Very entertaining book with a great HEA!

jvan326 says

Nothing about this book is new or interesting ?

This is a "new to me author" and after pulling up her name her on Goodreads I see she has another book of basically the same title "Hate to Love You"(?)(are they in the same series?) insert hockey player this time from what I read in the blurb and you've got a story...

Anyway the character in this generic story plays football. Athlete and girl both come from broken homes (he has an abusive father and it's like seriously I think I've read that storyline 10X). They are roommates in this story who can't be together because of her cousin.

Lots of loose end plot lines and head scratching. Like what happen with his parents? Why did Girl's mother "surprise" her by flying from her posh life in Europe to have one family meal and never try to contact her again the whole time she was in town? ??????

Im definitely not "hating" on the generic plot line. I chose to read this because most of the time I find these athlete/girl stories to be easy, light and enjoyable when I need THAT type of reading fix but this one just didn't work. I wasn't looking literary excellence but this barely delivered on literary mediocrity.

Marianne says

Painfully slow and too predictable.

WinterRose says

2 stars

Let me begin with this: I HATE duel POV between two love interests. Listen. Just listen, Linda, listen. The problem with duel POV in romance is you literally have to re-visit every scene between said love interests twice. The story takes a step back after every step forward.

And where's the mystery? It's SO BORING when you know how both love interests feel about each other and then it's TIRING waiting for them to admit it. I don't feel the thrill and excitement with the heroine when I know what's going on in the hero's head. I just feel frustrated.

It seems like every contemporary NA romance is duel POV. I'm about to abandon NA in general because I swear if you've read one you've read them all. Is there any originality in this genre? Does it exist? (Apart from The Hating Game which was pleasantly surprising and fun.)

Rant aside, this book had some good qualities. The writing was decent, the heroine's voice was comical and fun, the hero had a distinctive POV - even if I hate duel POV. At least he sounded like a guy. But this book lacked meat. It was pretty short and didn't have much depth. Outside of the hero and heroine interactions, not much happened.

I get it, it's romance. But there should still be STUFF GOING ON. They're in college. The hero is a college athlete said to go to the NFL. (Of course) Where's the parties? Going to the bars? Doing homework? Taking a test? Football games and practices? I mean...there was just so little college setting that I wonder why it was even taking place in college to begin with. There was just no plot. Even if it's romance, I want a plot. The romance should happen AROUND the plot.

There were also threads that just...got dropped. There's mentioning of Noah and Olivia's feelings for one another, but nothing happens with that. There's a hoopla when the heroine's mom comes to visit, and she says she's staying close by at the hotel, only to never be mentioned again. And what happened with Carter's parents? It's like the author just forgot about certain plot points that she started. Which would be fine, if this was a dualogy or trilogy, but it seems like it's a stand alone.

I can't say this wasn't a quick light read. It was. And like I said, the writing was actually fun to read and I did laugh many times. But it just felt like a draft, like it wasn't finished and needed more substance.

Sharona says

I hated how the college female population was portrayed.

Amy says

??????????

Such a good story! I really loved Daisy and Carter! The chemistry between the two was perfect! I loved both of their personalities and enjoyed Olivia and Noah as well!

Where has this author been hiding and why am I just now stumbling across her literary masterpiece?!?!

I absolutely LOVE enemies-to-do lovers books. I love the banter and the constant retaliation just to get a reaction out of one another.

This book had me laughing, swooning, and I also got teary eyed. Don't hesitate to add this to your TBR because this is a great read.

my butterflies says

terrible male's pov

Three Chicks says

Review by Lisa Kane

Carter is gorgeous, talented and a magnet for any female within a panty dropping vicinity. And he's the first to admit that he's enjoyed all the perks that come with being a potential player for the NFL. He's best friends with Noah and they've moved in with Daisy, Noah's cousin.

Carter knew from day one this was going to be a mistake. He's wanted Daisy since her freshman year, but there's no way he's good enough for her-and that's assuming he would survive the wrath of Noah!

Daisy thinks Carter's hot, but he's arrogant and cocky. He pulls one too many pranks on her when he cockblocks her night when she's just about to get busy with a date. Carter comes strutting thru the living room with a pair of tight briefs with roosters all over them. (I've got quite the visual in my head for that scene!) Needless to say, the date ended quickly.

Daisy seeks revenge...you just know at some point they are going to get together....but there are more than a few angsty moments that derail our couple's HEA.

I love this author's work and Love to Hate You does not disappoint!

Sally says

Loved Carter and Daisy's story, great easy read.

Rubi says

Divertida, me gusto más que la precursora.
Funny, I liked it more than the precursor.

London D says

Love to hate you Spoilers alert.

I did not mind reading this book, it was not the best read but tolerable enough to finish it. The female and male lead are well developed as well as the secondary characters in the story. I was surprised of Noah reaction; to side with Carter when the two lead in the story informed him that they were an item. Carter has his own demons to fight and one of them is his father. He believes that he is abusive as his father. I would like to know more about Noah and Olivia. I felt as the author towards the end rushed to finish the book. The story flow well. The female and male character are easy to like.

Karen says

Pretty cute!
