Lisa Wingate

Beyond Summer Lisa Wingate

National bestselling author Lisa Wingate returns with an uplifting novel set in Blue Sky Hill, where unexpected challenges and new relationships give deeper meanings to "home".

When Tam Lambert learns that her family's upscale home is in foreclosure, the life she's known is forever changed. Tam and her family must move to a changing Dallas neighborhood called Blue Sky Hill...

New resident Shasta Williams knows nothing of real estate schemes when she and her husband purchase a home in Blue Sky Hill. To her it's the perfect place to raise her children. Better yet is getting to know Tam, who lives next door. When neighbors realize that a corrupt deal could force them from their homes, friendships and loyalties are tested. Over the span of one summer, two young women discover the strength and maturity to do the impossible. They find that even in Blue Sky Hill, life-altering relationships and amazing possibilities can begin to blossom...

Hillary says

The story was just okay. I gave 2 stars mostly because throughout the book the author continuously used “would of” and “could of” instead of “would have” and “could have”. I can’t get behind a book that uses poor grammar.

Allyson says

I am enjoying all of Lisa Wingate's books so far. I really liked the characters in this story. I didn't know it was #3 in series, seemed like a stand alone book to me. I will have to look for the other.

Debbie says

Love this book. Love the re-introduction of characters from Tending Roses series. I knew there was more to their story.

Arnetta says

I adored this book! There is such a diverse group of characters, so many different backgrounds for them and life experiences. She then brings them all together and like a great recipe - they each bring something unique to the combined total that creates something wonderful. Seeing the growth in each and every one of the main characters, through mostly hardships, was encouraging. An absolute feel-good book!

Janet Russell says

I thought I wouldn’t care for it but suddenly I couldn’t put it down. I especially enjoyed characters that had faith in God but were portrayed realistically with positive growth. (Nice switch from people with faith portrayed as lunatics or worse.)

Nicky says

The reason I decided to give this book five stars is because it has a five star life lesson. This book is about discovering what matters most. It also brings to light the fact that we never know what someone has been through and what they're going through now. We should never judge. It was an easy, thought provoking read. Recommended!

Diane says

Slow start, but then I started to enjoy the book.

Sue Martin says

Good story with realistic drama and twists. Very interesting characters who come to realize the important things in life that they learn from unexpected new friendships.

Vicki Hess says

This book started slow and then improved. At times it got on my nerves due to the arguing between characters. I'm glad I stuck with it. It's an easy beach read.

Lisa Lawrence says

Yes, I loved the story of growth and redemption in the characters on Blue Sky neighborhood, but the quotes from the homeless woman Sesay are what earned this book a 5-star rating. Several to enter in my book journal - about sadness, about moving ahead or living in the past, about desire for “things” and searching for happiness.

Lori Ray says

I love this writer. This wasn't one of my favorites but was still entertaining.

Janie says

Author Lisa Wingate shapes her similes, which are not overdone or badly placed, in ways simple and Southern that bring a smile and nod from me.

"Moving those kids from place to place was like trying to take guppies for a walk."

"Her sigh fluttered like laundry on a clothesline."

DYezak says

I loved the development of character in this story! Several come full circle in their discovery that there is more to life than material things. Friendships are formed, community is built and trust is restored through discovery of God's teachings.

Lewestover says

Two young women from opposite ends of the social spectrum form a friendship in a poor neighborhood in Dallas. Their circumstances cause them to develop a strength and maturity that no amount of money could provide. Family and friends take on deeper meaning as they learn not to judge outer appearances. 3 1/2 stars

Janet Friesner says

Third book in the Blue Sky Hill Series by Lisa Wingate. Have enjoyed the books even though I did not care for the format of every chapter switching back and forth by the characters in the book. They were all good stories. Highly readable.
